The Evergreen State College Board of Trustees has accepted the annual report of the college's Affirmative Action Policy and will be holding public hearings in July or August on revisions to the present policy.

In its regular meeting on Thursday, May 12, the Board heard a report from Affirmative Action Officer Rebecca Wright on new policy revisions which essentially will change more than 120 pages.

"We're going back to our original goals of 1974 which were established when the college was founded," Wright said.

She acknowledged that the goals spelled out in that policy were much higher than legally required, but added, "It shows a strong commitment to affirmative action on the part of the college."

Under the proposed revisions, the president will select a standing Affirmative Action Committee each October to review all college policies that impact directly on affirmative action issues before they take effect and to serve as a forum for problems associated with affirmative action.

All members of the college community will be required to participate in affirmative action seminars yearly and such participation will be noted during the evaluation process. The purpose of the training is to increase cross- and intra-cultural communications and understanding.

The policy also lays out hiring goals for Third World Men and Women with a requirement that hiring increase one percent a year until the goals are reached.

In response to questions from Trustee Thelma Jackson, Wright said that the goals were arbitrary and did not necessarily reflect the make-up of the community.

The policy revision also supports the concept of comparable worth. After some fine-tuning, the policy revision will be sent to the Code Revisor's Office.

In a further action, the Board adopted a new College Master Plan for facilities and land use and adopted changes in the Emergency Loan Collection Policy which calls for turning over delinquent student accounts to collection agencies when they are 75 days past due instead of the previous 120 days.

EVERGREEN FACULTY MEMBER DR. SUSAN STRASSER, who has won national acclaim for her book, "Never Done: A History of American Housework," has won yet another prestigious award - the 1983 Governor's Writer's Day Award. The award will be presented by Governor John Spellman in a special ceremony, open to the public, at the University of Washington in Seattle on May 22.

The original play will be performed from 5 to 6:30 p.m. in the Recital Hall.

Volunteers are still needed in a variety of areas (except the Beer Garden.) If you would like to help on Super Saturday, contact Steve Hunter at ext. 6565.

GOVERNOR JOHN SPELLMAN has vetoed SB 3042 which would have allowed collective bargaining in educational institutions by faculty and administrative staff.

President Dan Evans has been a critic of the bill and urged the governor to veto it. According to Evergreen Personnel Director Rita Cooper, one of the reasons Evergreen was against the bill was because it lacked clarity for implementation purposes.

He failed to mention another Evergreener recently on our list in its annual SCHOLARSHIP NEWS.庫特・斯坦德尔, son of Evergreen adjunct faculty member Tom Kutter, received a POSSCA scholarship in ballet. He appreciates Betty Kutter calling the matter to our attention.

The Evergreen State College Chess Club hosts its first OPEN CHESS TOURNAMENT April 2 and 3 in CAB 104. "Tournaments are part of chess players' culture," says Tournament Coordinator Barnes. For each class, players rating highest out of five rounds receive a $55 prize for first place and a $20 prize for second place. Total prize money equals $500.
