

THE EVERGREEN STATE COLLEGE

1976-77 PART-TIME STUDIES

INTRODUCTORY

If you're like a lot of other people, you'd like to start, resume or continue college work to complete bachelor's degree requirements, to earn credits which will improve your chances for job promotion and career advancement, to broaden your personal horizons, or to pursue current personal interests.

You doubtless have your own set of career and personal academic interests. Perhaps you wish to improve such communications skills as writing and reading. You may need to undertake business or management studies. You may want to study more general areas such as political science, history, literature, or anthropology. And your goal may include an integration of these kinds of studies. In any case, you probably want to tailor a program of study to your own situation, giving you maximum flexibility in planning and carrying out your college work.

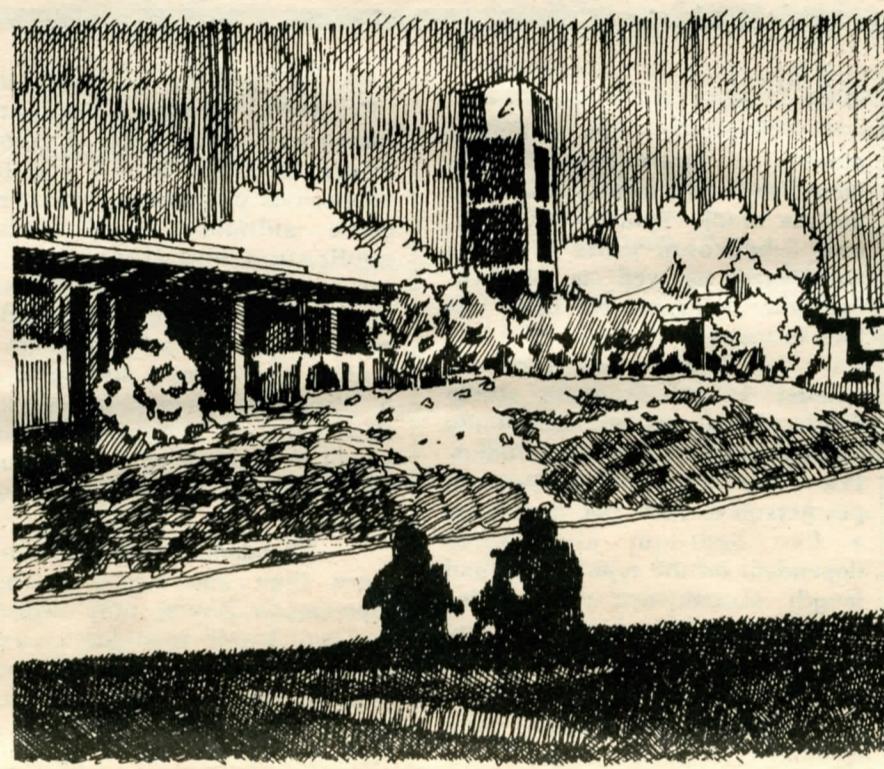

Like a lot of other people, time may be a problem for you. You can't just drop everything to go to college, particularly during the daytime, perhaps anytime during regular weekdays. If you're a working parent and you're single, this poses additional problems.

So, going to college may be a good idea, but...

The Evergreen State College may have some answers for you. Read this brochure and see whether we can help satisfy some of your academic needs while paying attention to time and money problems that previously may have kept you away from the college classroom.

GENERAL

The intent of this brochure is to introduce you — in general terms — to the part-time academic program opportunities being offered at Evergreen during 1976-77 in the areas of natural sciences and mathematics, social sciences, humanities and arts. Brief program descriptions are

included. Detailed information about program content and assignments may be obtained from the faculty members listed with the program descriptions.

Evergreen grants credit for the College Level Examination Program (CLEP) and also considers credit awards for students' prior experience outside college through the Office of External Credit. For information about CLEP, call 866-6180. For information about External Credit, call 866-6391.

If you have questions about admissions procedures call the Office of Admissions (866-6170). Information about academic planning may be obtained from the Office of Academic Advising (866-6312). These offices will be happy to explain enrollment procedures to you and advise you about how a given program may best match up with your personal academic needs. Part-time students who need further clarification of the ways in which participation in Evergreen programs may lead to a bachelor's degree can receive advice and counseling from the Offices of Academic Advising, Admissions, or Placement (866-6193).

SOME BASIC INFORMATION

ACADEMIC YEAR:

Fall Quarter: September 27 — December 10
Winter Quarter: January 3 — March 18
Spring Quarter: March 28 — June 10

ACADEMIC CREDIT:

One Evergreen unit, represents four quarter hours of academic work. (NOTE: Most part-time students take one unit at a time; some take two per quarter but the academic load is greater.)

EVALUATION:

Written narrative by faculty of individual student's work.

STUDENT CATEGORIES (PART-TIME STATUS):

PART-TIME, DEGREE SEEKING: Student enrolled for one or two

units of credit through continuing academic work leading to a bachelor's degree. Accepted by the Admissions office as a matriculated student. Receives regular college evaluation.

SPECIAL:

Student usually enrolled for one or two units of credit through continuing academic work not necessarily leading to a degree. As a non-matriculant receives regular college evaluation and may subsequently apply for admission to degree-seeking status, with previous work credited toward the degree.

STUDENT CLASSIFICATION:

RESIDENT:

Person who has had a domicile for other than educational purposes in the State of Washington for one year immediately prior to the first day of a quarter; a dependent son, daughter, or spouse of a federal employee residing within the State; or a dependent son, daughter, or spouse of a College employee.

NON-RESIDENT:

Those who do not fit the "resident" definition. (For specific information, contact the Registrar, 866-6180.)

COSTS:

The following tables represent a new set of costs for part-time students attending Evergreen, with tuition and fees lowered from previous years.

COSTS		Number of Units	Application Fee (Non refundable)	Advance Payment***	Quarterly Tuition and Fees
RESIDENT	Regular*	2	\$15	\$50	\$102
	Southeast Asian Veteran	2	\$15	\$50	\$102
	Special**	2	—	—	\$102
NON RESIDENT	Regular*	2	\$15	\$50	\$276
	Special**	2	—	—	\$276
RESIDENT	Regular*	1	\$15	\$50	\$ 68
	Special**	1	—	—	\$ 68
NON RESIDENT	Regular*	1	\$15	\$50	\$184
	Special**	1	—	—	\$184

*Degree-seeking student enrolled on part-time regular basis. **Non-degree-seeking student. ***Applied to first quarter's tuition and fees.

CHILD CARE:

Child Care services will be available on campus evenings only at a nominal cost. Children between the ages of two and eight will be accepted. Advance registration (prior to the start of classes) is required and should be accomplished while signing up for academic programs. Further information on evening child care is available by dialing 866-6060.

SPECIAL CLASS LOCATIONS:

Depending on needs expressed by part-time students, the college may offer a very limited number of Modular Courses in off-campus locations. You should expect most programs to be scheduled at Evergreen, however. If other arrangements are made for a given program, enrolled students will be so notified.

BUS TRANSPORTATION:

The Evergreen campus is served by the Inter-City Transit System (schedules available from ITS, 753-8325) and, during the regular academic year, a college-operated evening bus. The Evergreen bus operates between 6 p.m. and midnight Monday through Friday, making runs to and from the main campus parking lot along a route through Westside Olympia, downtown, and east to the Martin Way-Sleater Kinney Road intersection. Fare on the evening bus is 15 cents one-way. Further information and schedules may be obtained by telephoning Evergreen's Office of Recreation and Campus Activities (866-6210).

ACADEMIC SUPPORT SERVICES:

Part-time students may take full advantage of Evergreen's excellent undergraduate library facilities. In addition to quiet study spaces, the library houses a collection of more than 85,000 hard-bound volumes, another 23,000 books and periodicals in microform, plus reference materials, serials and documents, maps, charts, art prints, audio recordings, models, films, videotapes, slides, and rare books. Complete library privileges are extended at no extra charge. Part-time students also will find a complete range of supplies and academic books and materials in the College Bookstore, main mall of the Activities Building.

HOUSING:

Evergreen has a limited number of apartments for students, staff and faculty. Facilities include studio apartments; 2, 3, and 5-bedroom units in large complexes; as well as 38 two-bedroom duplexes. All units are fully furnished.

Housing also includes smaller 1 and 2-person studio rooms with access to a community kitchen adjacent to the studios. Prices vary from \$50 per month per person to \$325 per month for a five bedroom unit; rates dependent on the type of unit and length of contract. All utilities (except phone) and parking and F.M.-T.V. cables provided at no additional cost.

For additional information, write or call:

Housing Office
The Evergreen State College
"A" Building, Room 220
Olympia, Washington 98505
Phone: 206/866-6132

wish to register as part-time "Regularly Admitted Student," taking one or two units of credit. These students follow regular admissions procedures, which require submission of a full application and transcripts of previous academic work. Those unable to complete the regular admissions process by the start of a given quarter may still apply as a "Special Student" to secure their place at Evergreen. Credits would be applied to degree work when regular admissions is obtained.

Students wishing to carry more than one Evergreen unit (four credit hours) may register for two 1-unit modular courses (eight credit hours) or may register for one modular course and a four-credit-hour individual contract in the same area of study. The tuition for eight quarter credit hours (2 Evergreen units) is only \$102 per quarter. This combination of course work and an independent study contract enables students to tailor work more closely to their individual needs. For example, a student might register for the module 'Public Budgeting Systems' for 4 credit hours and undertake an individual study contract with another Evergreen faculty member which involved a review of the budget formula system in higher education in the state of Washington. The individual study contract might involve as a project research on and development of a model formula system improving the existing one.

Information on faculty sponsors for individual contracts is available from the Academic Advising Office and students are encouraged to call that office (at 866-6312).

HOW TO REGISTER:

You may register anytime during regular office hours of 8:00 - 11:45 a.m. and 1:00 - 4:30 p.m. through the start of any given quarter. In addition, part-time students will be able to talk with faculty and obtain any needed signatures for program entry during special evening registration sessions, as follows:

FALL QUARTER: September 20.
6:00 - 8:00 p.m., Library Lobby.

WINTER QUARTER: January 3.
6:00 - 8:00 p.m., Library Lobby.

SPRING QUARTER: March 28.
6:00 - 8:00 p.m., Library Lobby.

The Registrar's Office also will be open from 6:00 to 8:00 p.m. during the first week of each quarter (September 27 - 30, January 3 - 6, March 28 - 31) for registration. Tuition and Fees are to be paid at the time of enrollment.

SOME DEFINITIONS

Evergreen offers credit for part-time students in four basic ways:

MODULAR COURSES — Studies focusing on specific study areas. Meetings of these programs are restricted to late afternoons and evenings and are designed to meet the needs of part-time students.

COORDINATED STUDIES — Team-taught programs which examine major problems or themes from the perspective of various academic subjects. These programs operate at both beginning and advanced levels. Part-time students may arrange to participate in a portion of a Coordinated Studies program for academic credit.

GROUP CONTRACTED STUDIES — Group studies involve the intensive examination of more specific subjects such as economics, arts, marine biology, and sociology to name but a few. Groups include from 15 - 20 students working with a single faculty member. Again, part-time study opportunities exist in some of these programs, with students taking less than a full academic load to earn credit.

INDIVIDUAL CONTRACTS — Where single students work one-to-one with faculty sponsors on a specific academic assignment — Normally involves advanced, full-time students. However, some part-time students with advanced expertise may be able to negotiate these kinds of individual programs by making special arrangements with faculty members.

For further details, see 1976-77 College Bulletin or 1976-77 Supplement, which more fully describe specific offerings.

REGISTRATION

Realizing that the interests of part-time students may range from taking one or two modular course(s) per quarter to perhaps participating in Coordinated or Group Contracted Studies, Evergreen has established flexible admissions and registration procedures. The following information explains options open to you:

SPECIAL STUDENTS

Those who want to enroll, but have not been regularly admitted by the Office of Admissions may do so as a "Special Student." This allows registration without making formal application, supplying transcripts, etc. Credit for 1 or 2 units earned is applicable to the degree following regular admission, which may be obtained later. A "Special Student" registration form is available from the Registrar's Office (Library Building 1100). Enrollment as a "Special Student" is a relatively easy matter. Just call us (866-6180) or visit campus.

REGULAR STUDENTS

Persons wishing to immediately begin or continue work toward a bachelor's degree may

MODULAR COURSES

1976-77 Fall Quarter Modules

Sept. 27 - Dec. 10, 1976
(programs with two divisional emphases are cross listed)

ARTS

- Basic Audio Recording Techniques
- Beginning Acting
- Dance Performance
- Intermediate Ballet
- Life Drawing
- Music Cultures of the World
- Music Fundamentals
- Photography: Perceptions and Execution

HUMANITIES

- Basic Russian
- Beginning Chinese
- Beginning Japanese
- French, First Year
- French, Second Year
- French, Third Year
- French, Fourth Year
- Journalism of Politics
- Literature of Existentialism
- Spanish, First Year
- Spanish, Second Year
- Spanish, Third Year
- Spanish, Fourth Year
- Writing

NATURAL SCIENCES & MATHEMATICS

- Basic Ecology
- Catastrophe Theory
- General Biology I
- Introductory Chemistry
- Marine Botany
- Marine History
- Marine Mammal Phenomenon
- Mushrooms of the Northwest
- Precalculus Math
- Soil and Water Engineering
- Telephone & Its Use in Modern Society

SOCIAL SCIENCES

- Foundations of Applied Psychology
- Introduction to Political Economy
- Journalism of Politics
- Legislature & Legislative Process
- Social Statistics
- Telephone & Its Use in Modern Society
- Thinking About Crime
- Women and the Law

OTHERS, including Interdisciplinary Studies

- Ajax Compact II/You & the Future
- Between the Covers
- Business Communications
- Computers and You
- Contemporary Issues in Language & Thought
- Governmental Accounting
- Intermediate Accounting
- Logical Thinking
- Public Budgeting System

1976-77 Winter Quarter Modules

Jan. 3 - March 18, 1977
(programs with two divisional emphases are cross listed)

ARTS

- Beginning Photography
- Dance Performance
- Elementary Harmony
- Intermediate Audio Recording Techniques
- Intermediate Ballet
- History of the American Theater
- Life Drawing
- Motion Picture from Script to Screen

HUMANITIES

- Beginning Chinese
- Beginning Japanese
- French, First Year
- French, Second Year
- French, Third Year
- French, Fourth Year
- Motion Picture from Script to Screen
- Spanish, First Year
- Spanish, Second Year
- Spanish, Third Year
- Spanish, Fourth Year
- Writing

NATURAL SCIENCES & MATHEMATICS

- Calculus I
- Catastrophe Theory
- General Biology II
- Introductory Biostatistics
- Introductory Oceanography
- Plant Physiology
- Scientific Writing

SOCIAL SCIENCES

- Introduction to Criminal Justice System
- Law and the Environment
- Legislature & Legislative Process
- OTHERS, including Interdisciplinary Studies
- Contemporary Issues in Language & Thought
- Intermediate Accounting

1976-77 Spring Quarter Modules

March 28-June 10, 1977
(programs with two divisional emphases are cross listed.)

ARTS

- Advanced Audio Recording Techniques
- Architectural Design
- Dance Performance
- Intermediate Ballet
- Intermediate Harmony
- Nineteenth & Twentieth Century Art

HUMANITIES

- Beginning Chinese
- Beginning Japanese
- French, First Year
- French, Second Year
- French, Third Year
- French, Fourth Year
- Modern Greek Language
- Spanish, First Year
- Spanish, Second Year
- Spanish, Third Year
- Spanish, Fourth Year
- Writing

NATURAL SCIENCES & MATHEMATICS

- Calculus II
- Field Botany
- General Chemistry
- Introductory Physics
- Navigation
- Origin of Life

SOCIAL SCIENCES

- Games Nations Play

OTHERS, including Interdisciplinary Studies

- Cartoons and Comic Strips as Social History
- Contemporary Issues in Language & Thought
- Intermediate Accounting
- Nature of Humankind

Open to all part-time students.

NOTE: The following programs will be offered during the 1976-77 academic year if minimum enrollments — listed with each course description — are met. Because of our desire to be flexible and respond to student needs, we anticipate that some additional programs will be offered during both Winter and Spring Quarters. To obtain information about additional Winter programs, call the Office of Admissions (866-6170) in December; for additional Spring programs information call Admissions in March. Instructors for Modular Courses either are regular Evergreen faculty members or adjunct faculty members engaged to offer specific programs to serve the needs of part-time students. Persons wishing to audit Modular Courses may do so only with the approval of the faculty member. No auditors will be allowed in either the laboratory or studio portions of Modules and other programs.

ARTS

ADVANCED AUDIO RECORDING TECHNIQUES, Spring Quarter

Ken Wilhelm, Adjunct Member of the Faculty (Media Services Staff, The Evergreen State College), 866-6270.
Wednesday, 6 - 9 p.m.; Library 1308.

Students will be assigned special audio projects and work as interns in the Electronic Media area handling all facets of remote and in-studio audio productions.

Prerequisites: Intermediate Audio Recording Techniques (see Winter Quarter listings).
Class size limit: 10.

ARCHITECTURAL DESIGN, Spring Quarter

Philip Harding, Member of the Faculty (Architecture), 866-6754.
Wednesdays, 5:30 - 9 p.m.; Library 1612.

An introduction to the theory and practice of architectural design. This module consists of (1) weekly lecture series covering such topics as design theory, history and structural mechanics; (2) research paper or essay relating architecture and another discipline; and (3) a term design project, preferably a house design in model and freehand sketch form.

Prerequisites: None.
Class size limit: None.

BASIC AUDIO RECORDING TECHNIQUES, Fall Quarter

Ken Wilhelm, Adjunct Member of the Faculty (Media Services Staff, The Evergreen State College), 866-6270.
Wednesday, 6 - 9 p.m.; Library 1308.

Introduction to sound and audio recording techniques through lecture-demonstrations and "hands on" experience using Evergreen's Media Loan audio equipment and Mini-Studio facilities.

Prerequisites: None.
Class size limit: 10.

BEGINNING ACTING, Fall Quarter

Faculty Member to be assigned.
Monday and Wednesday, 7 - 9 p.m., Library 4001.

This study will introduce students to basic acting tools: expressive movement, improvisation, concentration, observation, the creation of atmosphere or mood, and the establishing of self discipline.

Prerequisites: None.
Class size limit: None.

BEGINNING PHOTOGRAPHY, Winter Quarter

Paul Sparks, Member of the Faculty (Art and Photography), 866-6339.
Tuesdays and Thursdays from 3 - 6 p.m., plus several Saturday field trips; Library 2204.

This program offers an introduction to photography as a means of personal expression, as well as supplying a firm foundation in the fundamental techniques of black and white photography.

Prerequisites: None.
Class size limit: 24.

Special expenses: Students should expect to spend at least \$35 on materials; active students will spend more.

DANCE PERFORMANCE, Fall, Winter and Spring Quarters

Bernard Johansen, Member of the Faculty (Dance), 866-6149.

Time and place: To be arranged.

The class asks students for a commitment for the entire school year and involves them in working with a community organization, Ballet Northwest, which will pay for the presentations and one lesson per week. The number of performances and amount of commitment depends on students' abilities.

Prerequisites: Admission by audition only. Dancers should have a strong intermediate or advanced level of technique. Students must take additional study in order to be involved in this module, which generates only one unit of credit for all three quarters.

Class size limit: None.

ELEMENTARY HARMONY, Winter Quarter

Dr. Robert Gottlieb, Member of the Faculty (Music), 866-6051.

Tuesdays and Thursdays, 1:30 - 3 p.m., plus two laboratory meetings; Library 2118.

Elementary Harmony will cover the structure of tonality, triads and their inversions, harmonic progressions, and the use of non-harmonic

tones.

Prerequisites: Demonstrated knowledge of Music Fundamentals (see Fall Quarter listing).

Class size: 40. In case of overflow, students enrolled at Evergreen will have first priority.

HISTORY OF AMERICAN THEATER, Winter Quarter

Dr. Andre Tsai, Member of the Faculty (Theater), 866-6610.

Tuesday and Thursday, 7 p.m.; Library 2202.

A survey of American theater history from the colonial times to the present. About 20 plays will be studied through lectures and class discussions.

Prerequisites: None.

Class size limit: 30.

INTERMEDIATE AUDIO RECORDING TECHNIQUES, Winter Quarter

Ken Wilhelm, Adjunct Member of the Faculty (Media Services Staff, The Evergreen State College), 866-6270.

Wednesday, 6 - 9 p.m.; Library 1308.

Review basic audio principles and — through Evergreen's 8-track audio studio — become familiar with equipment, controls and production techniques used in modern studio recording.

Prerequisites: Basic Audio Recording Techniques (see Fall Quarter listings).

Class size limit: 10.

INTERMEDIATE BALLET, Fall, Winter and Spring Quarters

Bernard Johansen, Member of the Faculty (Dance), 866-6149.

Monday, Tuesday, Wednesday and Thursday, noon - 1:30 p.m.; CRC 307.

Intensive study of ballet barre and center techniques will be offered along with introduction of point techniques. (Evaluation will be on personal advancement.)

Prerequisites: Admission by audition with previous training equal to two or three years of ballet.

Class size limit: 20.

INTERMEDIATE HARMONY, Spring Quarter

Dr. Robert Gottlieb, Member of the Faculty (Music), 866-6051.

Tuesdays and Thursdays, 1:30 - 3 p.m., plus two laboratory meetings,

Library 2118.

Intermediate Harmony will focus on dominant seventh chords, altered non-harmonic tones, modulation, and chromatically altered chords.

Prerequisites: Demonstrated knowledge of Elementary Harmony (see Winter Quarter listing).

Class size: 40. In case of overflow, students enrolled at Evergreen will have first priority.

LIFE DRAWING, Fall Quarter

Catherine Thompson, Adjunct Member of the Faculty (Arts), 426-9453.

Tuesday and Thursday, 7 - 9 p.m.; Library 4004.

This module will feature drawing from a model, both short and long poses, using a variety of media with exercises designed to solve problems of composition, perspective and proportion.

Prerequisites: None.

Class size limit: 24.

LIFE DRAWING, Winter Quarter

Paul Sparks, Member of the Faculty (Art and Photography), 866-6339.

Wednesdays, 6:30 - 10 p.m. and at least two Saturday field trips; place to be announced.

This module will offer life drawing in a contemporary context. It will emphasize skill development in terms of personal imagery and personal vision. Emphasis will also be placed on developing critiquing skills.

Prerequisites: None.

Class size limit: 24.

Special expenses: Students should expect to spend a minimum of \$25 on materials.

MOTION PICTURE FROM SCRIPT TO SCREEN, Winter Quarter

Dr. Gordon Beck, Member of the Faculty (Cinema Arts), 866-6592.

Tuesday, 7:30 - 10 p.m., Lecture Hall One; Thursday, 7:30 - 10 p.m., Lecture Hall Five.

No technical skills will be required for this program, which will study the process of creating a feature motion picture focusing successively on plot, character, screen-writing, directing, acting, editing, sound, music, design, cinematography, and special effects.

Prerequisites: None.

Class size limit: 30.

MUSIC CULTURES OF THE WORLD, Fall Quarter

Michael T. Coolen, Adjunct Member of the Faculty (graduate student in Ethnomusicology at University of Washington), 323-9156, Seattle.

Tuesday and Wednesday, 7:30 - 9 p.m.; Library 2205.

This module examines the art and folk musics of Africa, Indonesia and India.

Prerequisites: None.

Class size limit: 50.

MUSIC FUNDAMENTALS Fall Quarter

Dr. Robert Gottlieb, Member of the Faculty (Music), 866-6051.

Lectures Tuesday, Thursday and Friday, 10 - 11 a.m.; Lab Monday and

Wednesday, 10 - 11 a.m., Library 2118.

Class will cover elements of time and sound, the notation of pitch, time classifications and time signatures, notation of notes and rests, intervals, scales and key signatures.

Prerequisites: None.

Class size: 40. In case of overflow, students enrolled at Evergreen will have first priority.

19TH AND 20TH CENTURY ART, Spring Quarter

Sidney White, Member of the Faculty (Art), 866-6017.

Tuesday, 7 - 9 p.m., Lecture Hall Two.

A series of lectures reviewing the relationship between painting and photography in the 19th and 20th Centuries, illustrated with slides and films, and focusing on Europe and America.

Prerequisites: None.

Class size limit: 35.

PHOTOGRAPHY: PERCEPTION AND EXECUTION, Fall Quarter

Kathleen Meighan, Adjunct Member of the Faculty (Photography).

Tuesday and Thursday, 5:30 - 7:30 p.m.; Library 1505.

The fundamentals of black and white photography explored through a dual emphasis: discussion of visual language and personal perception, plus instruction of darkroom and technical skills.

Prerequisites: None.

Class size limit: 18.

HUMANITIES

BASIC RUSSIAN, Fall Quarter (possibly Winter and Spring Quarters)

Dr. Andrew Hanfman, Member of the Faculty (Language Studies, Russian-Soviet Area Studies), 866-6648, and Dr. Thomas Rainey, Member of the Faculty (History), 866-6032.

Monday and Wednesday, 4 - 6 p.m.; Library 2506.

This module will introduce students to the fundamentals of Russian phonetics and grammar, using an aural-oral approach. Emphasis will be on reading and conversation. Depending on student interest, Basic Russian will continue through Winter and, perhaps, Spring Quarters. Students admitted to the module in Winter Quarter must have completed Fall Quarter successfully or pass an entrance examination.

Prerequisites: None.

Class size limit: 15.

BEGINNING CHINESE, Fall, Winter and Spring Quarters

Esther Hou (Fall), Adjunct Member of the Faculty (Languages), and Lynn Struve (Winter and Spring), Member of the Faculty (Chinese Literature), 866-6605.

Monday and Wednesday, 7 - 9 p.m.; Library 1606.

Emphasis will be placed on developing conversational skills; grammar and literature will be studied as a means of achieving fluency in Chinese.

Prerequisites: None.

Class size limit: 12.

BEGINNING JAPANESE, Fall, Winter and Spring Quarters

Faculty Member to be assigned.

Tuesday and Thursday, 7 - 9 p.m.; Library 2406.

Emphasis will be placed on developing conversational skills; grammar and literature will be studied as a means of achieving fluency in Japanese.

Prerequisites: None.

Class size limit: 12.

FRENCH, FIRST YEAR, Fall, Winter and Spring Quarters

Roberta Brown, Adjunct Member of the Faculty (Languages), 352-2421.

Monday and Wednesday, 7 - 9 p.m.; Library 2502.

Emphasis will be placed on developing conversational skills; grammar and literature will be studied as a means of achieving fluency in French.

Prerequisites: None.

Class size limit: 12.

FRENCH, SECOND YEAR, Fall, Winter and Spring Quarters

Roberta Brown, Adjunct Member of the Faculty (Languages), 352-2421.

Tuesday and Thursday, 7 - 9 p.m.; Library 2502.

Emphasis will be placed on developing conversational skills; grammar and literature will be studied as a means of achieving fluency in French.

Prerequisites: First year college French or equivalent.

Class size limit: 12.

FRENCH, THIRD YEAR, Fall, Winter and Spring Quarters

Susan Fiksdal, Member of the Faculty (Languages), 866-6675.

Monday and Wednesday, 7 - 9 p.m.; Seminar 3151.

Emphasis will be placed on developing conversational skills; grammar and literature will be studied as a means of achieving fluency in French.

French.

Prerequisites: Second year college French or equivalent.
Class size limit: 12.

FRENCH, FOURTH YEAR, Fall, Winter and Spring Quarters

Susan Fiksdal (Fall and Winter), Member of the Faculty (Languages), 866-6675; and Susan Aurand (Spring), Member of the Faculty (Art), 866-6009.

Tuesday and Thursday, 7 - 9 p.m.; LAB II 2205.

Emphasis will be placed on developing conversational skills; grammar and literature will be studied as a means of achieving fluency in French.

Prerequisites: Third year college French or equivalent.
Class size limit: 12.

HISTORY OF GREECE, Spring Quarter

Faculty sponsor to be announced.

Tuesday and Thursday, 7 - 9 p.m.; Library 1503.

Program will offer a social and political history of Greece with an emphasis on modern period (from 19th Century on). The module is comprised of two parts: a weekly lecture series; and a term project, requiring research into a specific aspect or period of Greek history. This module is a prerequisite for students planning to enroll in the 1977-78 Greece academic program.

Prerequisites: None
Class size limit: None.

JOURNALISM OF POLITICS: HISTORY ON A DAY-TO-DAY BASIS, Fall Quarter

Mike Layton, Adjunct Member of the Faculty (Political reporter, Seattle Post-Intelligencer), 943-3990.

Tuesday, 7:30 - 10 p.m., LAB I 2033.

Journalism of Politics will offer an understanding of government from a political standpoint as presented in the daily press. Class will discuss events in the news, relating them to individual students' circumstances. Students will be expected to read at least one newspaper daily.

Prerequisites: None.
Class size limit: 22 - 24.

LITERATURE OF EXISTENTIALISM, Fall Quarter

Dr. Ronald Manheimer, Adjunct Member of the Faculty (Philosophy), 352-7104.

Monday and Wednesday, 7 - 9 p.m., Library 1509.

An exploration of literary and dramatic works related to the "Existential Movement." The approach is twofold: (1) themes particular to existential literature such as death, violence, madness, alienation, dread, guilt, authenticity, absurdity, paradox, and self transformation; (2) consideration to the uniqueness of forms arising with existentialism such as indirect communication, theater of the absurd, literature of engagement, the anti-heroic, etc.

Prerequisites: None.
Class size limit: 24.

MODERN GREEK LANGUAGE, Spring Quarter

Faculty sponsor to be announced.

Monday, 5:30 - 9 p.m., Library 1503.

An introductory-level module in modern Greek. Emphasis will be on the spoken language (pronunciation and vocabulary-building), and on the Greek alphabet. This module is a prerequisite for students planning to enroll in the 1977-78 Greece academic program.

Prerequisites: None.
Class size limit: None.

MOTION PICTURE FROM SCRIPT TO SCREEN, Winter Quarter

Dr. Gordon Beck, Member of the Faculty (Cinema Art), 866-6592.

Tuesday, 7:30 - 10 p.m., Lecture Hall I; Thursday, 7:30 - 10 p.m., Lecture Hall Five.

No technical skills will be required for this program (also listed with Art Modules), which will study the process of creating a feature motion picture focusing successively on plot, character, screen-writing, directing, acting, editing, sound, music, design, cinematography, and special effects.

Prerequisites: None.
Class size limit: 30.

SPANISH, FIRST YEAR, Fall, Winter and Spring Quarters

Cary Kamarat, Adjunct Member of the Faculty (Languages), 943-8125.

Tuesday and Thursday, 7 - 9 p.m.; Library 2501.

Emphasis will be placed on developing conversational skills; grammar and literature will be studied as a means of achieving fluency in Spanish.

Prerequisites: None.
Class size limit: 12.

SPANISH, SECOND YEAR, Fall, Winter and Spring Quarters

Cary Kamarat, Adjunct Member of the Faculty (Languages), 943-8125.

Monday and Wednesday, 7 - 9 p.m.; Library 2501.

Emphasis will be placed on developing conversational skills; grammar and literature will be studied as a means of achieving fluency in Spanish.

Prerequisites: First year college Spanish or equivalent.
Class size limit: 12.

SPANISH, THIRD YEAR, Fall, Winter and Spring Quarters

Marita Herrera, Adjunct Member of the Faculty (Languages), 352-4903.
Monday and Wednesday, 3 - 5 p.m.; Library 2501.

Emphasis will be placed on developing conversational skills; grammar and literature will be studied as a means of achieving fluency in Spanish.

Prerequisites: Second year college Spanish or equivalent.
Class size limit: 12.

SPANISH, FOURTH YEAR, Fall, Winter and Spring Quarters

Marita Herrera, Adjunct Member of the Faculty (Languages), 352-4903.
Tuesday and Thursday, 3 - 5 p.m.; Library 2501.

Emphasis will be placed on developing conversational skills; grammar and literature will be studied as a means of achieving fluency in Spanish.

Prerequisites: Third year college Spanish or equivalent.
Class size limit: 12.

WRITING: FOR PEOPLE WHO DON'T WRITE WELL (OR AT ALL) AND WHO ARE COMMITTED TO WORKING ON IT, Fall, Winter and Spring Quarters

Dr. Leo Daugherty, Member of the Faculty (Literature and Linguistics), 866-6157.

Thursday 7:30 - 9:30 p.m.; LAB I 1007.

This program is for people with writing problems, including "writing blocks." Grammar and spelling will be stressed. The goal: to make writing comfortable, perhaps even fun. Weekly writing assignments will be required.

Prerequisites: None.
Class size limit: 12.

NATURAL SCIENCE

BASIC ECOLOGY, Fall Quarter

Dr. Edward Kormondy, Member of the Faculty (Biology, Ecology), 866-6400.

Monday and Wednesday, 7 - 9 p.m.; Library 2129.

The basic principles of ecology will be discussed with reference to energy flow, nutrient cycling, population growth and development, ecosystem growth and development, and applications to human ecology.

Prerequisites: College-level science helpful.

Class size limit: None.

CALCULUS I, Winter Quarter

Dr. G. Siegfried Kutter, Member of the Faculty (Astrophysics), 866-6721.

Tuesday and Thursday, 6:30 - 8 p.m.; Library 2101.

Introduction to differentiation and integration of algebraic, trigonometric, exponential, and logarithmic functions of one independent variable. The emphasis will be on an intuitive and geometric understanding, with many applications selected from physics, biology, analytical geometry, etc.

Prerequisites: Precalculus Math or equivalent.

Class size limit: None.

CALCULUS II, Spring Quarter

Dr. G. Siegfried Kutter, Member of the Faculty (Astrophysics), 866-6721.

Tuesday and Thursday, 4:30 - 6 p.m.; Library 2101.

Introduction to the epsilon-delta definition of limits and continuity, advanced methods of integration, and differentiation and integration of functions of several independent variables. As in Calculus I, applications to various fields and an intuitive understanding will be stressed.

Prerequisites: Calculus I or equivalent.

Class size limit: None.

CATASTROPHE THEORY, Fall and Winter Quarters

Dr. Fred Tabbutt, Member of the Faculty (Chemistry), 866-6713.

Wednesday, 7 - 10 p.m.; Library 2204.

This theory and the implications it might have as a new paradigm for dealing with bimodal phenomena will be covered.

Prerequisites: Elementary calculus and linear algebra; admission with consent of faculty only. Winter Quarter admission open only to those who've taken Fall Quarter program.

Class size limit: 30.

FIELD BOTANY, Spring Quarter

Dr. Alfred Wiedemann, Member of the Faculty (Biology), 866-6707.

Lectures Monday and Wednesday, 6 - 7 p.m.; Laboratory Monday and Wednesday 2 - 5 p.m. or Monday and Wednesday 7 - 10 p.m.; LAB I 2033.

Principles and techniques of flowering plant classification and identification. Emphasis will be on local flora.

Prerequisite: Basic Botany (particularly anatomy and morphology).

Class size limit: 24.

GENERAL BIOLOGY I, Fall Quarter

Dr. Alfred Wiedemann, Member of the Faculty (Biology), 866-6707.

Monday and Wednesday, 6 - 7 p.m., tutorials and lab to be arranged; LAB I 2033.

Study of animal and plant biology (cell, organism and community) at

the basic level. Scheduled lectures and tutorial with day or evening laboratory work arranged.
Prerequisites: None.
Class size limit: 24.

GENERAL BIOLOGY II, Winter Quarter

Dr. Alfred Wiedemann, Member of the Faculty (Biology), 866-6707.
Monday and Wednesday, 6 - 7 p.m., tutorials and lab to be arranged; LAB I 2033.
Study of animal and plant biology (cell, organism and community) at basic level. Scheduled lectures and tutorial with day or evening laboratory work arranged.
Prerequisites: General Biology I or permission of instructor.
Class size limit: 24.

GENERAL CHEMISTRY, Spring Quarter

Dr. Fred Tabbutt, Member of the Faculty (Chemistry), 866-6713.
Tuesday and Thursday, 5:30 - 7 p.m., Library 2503.
An introduction to college chemistry using self-paced learning resources. One lecture and one laboratory session each week.
Prerequisites: Introductory Chemistry or high school chemistry.
Class size limit: 24.

INTRODUCTORY BIOSTATISTICS, Winter Quarter

Dr. Steven Herman, Member of the Faculty (Biology), 866-6671.
Wednesday, 7 - 10 p.m., LAB I 2033.
Introductory Biostatistics will concentrate on measures of central tendencies, probability, graphics, statistical tests, including students' t-test, and chi-square. Participants will also work with examples from student-generated field and laboratory data.
Prerequisites: Basic Biology and mathematics.
Class size limit: 24.

INTRODUCTORY CHEMISTRY, Fall Quarter

Dr. Frank Darrow, Visiting Member of the Faculty (Chemistry), 866-6086.
Tuesday and Thursday, 5:30 - 6:30 p.m., Library 2503.
Topics covered in this module include: exponents, logarithms, dimensions, scientific units, states of matter, chemical formulae, nomenclature, electronic structure, stoichiometry, periodic table, equilibrium. Homework will be assigned and exams will be given, but there will be no laboratory sessions.
Prerequisites: None.
Class size limit: 24.

INTRODUCTORY OCEANOGRAPHY, Winter Quarter

Dr. Niels Skov, Member of the Faculty (Oceanography), 866-6633.
Tuesday, 8:30 - 10 a.m., Lecture Hall Two.
An introduction to physical parameters of the ocean: continental drift, bathymetry, origin of sea water, sediments, salinity, water masses, energy exchange, current, waves, and tides.
Prerequisites: None.
Class size limit: None.

INTRODUCTORY PHYSICS, Spring Quarter

Dr. Lee Anderson, Member of the Faculty (Physics), 866-6547.
Monday and Wednesday, 7 - 9 p.m.; Library 1508.
The major theories of physics (Newtonian mechanics, electromagnetism, quantum theory, and relativity) will be developed from a historical perspective, emphasizing conceptual understanding, not mathematical manipulation.
Prerequisites: one year of high school science or equivalent.
Class size limit: 24.

MARINE BOTANY, Fall Quarter

Dr. Thomas F. Mumford, Jr., Adjunct Member of Faculty (Marine Botanist, Department of Natural Resources), 753-3707.
Tuesday and Thursday, 6 - 7 p.m.; LAB I 2033.
Introduction to the systematics, morphology, ecology, life-histories, and economic aspects of marine plants. Identification and culture methods in laboratory work. Optional field trip to outer coast may be arranged.
Prerequisites: General Biology.
Class size limit: 20.

MARINE HISTORY, Fall Quarter

Dr. Niels Skov, Member of the Faculty (Oceanography), 866-6633.
Tuesday, 8:30 - 10 a.m., Lecture Hall Two.
This module embodies a maritime review focusing on the interaction between ship design, exploratory prowess and cultural heritage from pre-history through the 19th Century.
Prerequisites: None.
Class size limit: None.

MARINE MAMMAL PHENOMENON, Fall Quarter

Dr. Roger Gentry, Adjunct Member of the Faculty (Wildlife biologist, National Marine Fisheries Service), 442-4711 (Seattle).
Wednesday, 6:30 - 8:30 p.m., Library 1407.
This course examines current biological information and recent public interest in marine mammals, as well as the laws, treaties and conser-

vation issues influencing their survival.
Prerequisites: None.
Class size limit: 24.

MUSHROOMS OF THE NORTHWEST, Fall Quarter

Dr. Michael Beug, Member of the Faculty (Chemistry), 866-6718.
Monday, 7 - 10:30 p.m., plus biweekly field trips; place to be arranged.
How to identify edible and poisonous mushrooms of the Northwest will be taught via a weekly lecture slide-show and laboratory plus field trips.
Prerequisites: None.
Class size limit: 30.

NAVIGATION, Spring Quarter

Dr. Niels Skov, Member of the Faculty (Oceanography), 866-6633.
Tuesday, 8:30 - 10 a.m., Lecture Hall Four.
Introduction to practical longshore navigation by day and night using dead reckoning. Students will familiarize themselves with charts, compass, fathometer, sailing directions, wind, and tide tables.
Prerequisites: None.
Class size limit: None.

ORIGIN OF LIFE: AN ASTRONOMICAL AND BIOLOGICAL PERSPECTIVE, Spring Quarter

Dr. G. Siegfried Kutter, Member of the Faculty (Astrophysics), 866-6721.
Tuesday and Thursday, 7 - 8:30 p.m.; Lecture Hall Four.
A long sequence of astronomical, geophysical and chemical events led to the emergence of life some four billion years ago in the oceans of our planet. This module will concern itself with this sequence of events, the subsequent evolution of life, and estimating the range of conditions in which "life" can come into existence.
Prerequisites: None.
Class size limit: None.

PLANT PHYSIOLOGY, Winter Quarter

Dr. Richard Cellarius, Member of the Faculty (Plant Biology/Biochemistry), 866-6727.
Tuesday and Thursday, 5 - 7 p.m., lab to be arranged; LAB I 3033.
Lectures and laboratories on plant function: cellular physiology (metabolism, photosynthesis); water relations and materials transport (transpiration, gas exchange, xylem and phloem function, mineral nutrition); growth and development (hormones, germination, dormancy, tropisms, photoperiodism, flowering).
Prerequisites: Foundations of Natural Science or Basic Biology (or Botany) and Chemistry (some knowledge of organic will be helpful).
Class size limit: 24.

PRECALCULUS MATH, Fall Quarter

Dr. G. Siegfried Kutter, Member of the Faculty (Astrophysics), 866-6721.
Tuesday and Thursday, 6:30 - 8 p.m., Library 2101.
Introduction to exponential, logarithmic, and trigonometric functions and to solving algebraic equations. Intended for students who need practice in the math used in introductory biology, chemistry, economics, physics, statistics, etc.
Prerequisites: None.
Class size limit: None.

SCIENTIFIC WRITING, Winter Quarter

Dr. Steven Herman, Member of the Faculty (Biology), 866-6671.
Tuesday, 7 - 10 p.m., LAB I 2033.
Technical writing for research-oriented students. Techniques of data organization, presentation and style will be studied with emphasis on presentation and brevity. Good and bad examples will be examined and students will receive abundant writing practice.
Prerequisites: None.
Class size limit: 24.

SOIL AND WATER ENGINEERING, Fall Quarter

Dr. Robert Filmer, Member of the Faculty (Applied Science and Technology), 866-6076.
Thursday, 2 - 5 p.m.; LAB I 2033.
This module is intended for professionals working in the soil and water areas, such as public health, ecology, etc. Topics to be covered include basic engineering properties of soils, soil physics, flow through porous media, drainage, soil testing, and measurements. The course will be oriented toward liquid waste disposal and leaching.
Prerequisites: Background or experience with soils.
Class size limit: 24.

TELEPHONE AND ITS USE IN MODERN SOCIETY, Fall Quarter

Dr. Lee Anderson, Member of the Faculty (Physics), 866-6547.
Wednesday, 7:30 - 10 p.m., Lecture Hall Two.
The ubiquitous telephone, lifeline and lifeblood of modern society and a competitive economy, has spawned the largest monopoly and the best telephone service on Earth. Experts from various fields will discuss important aspects of this paradox.
Prerequisites: None.
Class size: 50.

SOCIAL SCIENCE

FOUNDATIONS OF APPLIED PSYCHOLOGY, Fall Quarter

Dr. Charles Pailthorp, Member of the Faculty (Philosophy), 866-6113, and Dr. Greg Portnoff, Member of the Faculty (Psychology), 866-6631. Tuesday and Thursday, 7 - 8:30 p.m.; Library 4003.

The subject matter of this module will be the theoretical underpinnings of techniques and procedures for helping people change. Various notions of "meaningful" change will be considered, as well as various approaches to promoting change. The format will be primarily lecture and discussion.

Prerequisites: None.
Class size limit: 40.

GAMES NATIONS PLAY, Spring Quarter

Paul Marsh, Member of the Faculty (International Relations), 866-6758. Tuesday and Thursday, 7:30 - 9:30 p.m.; Library 4003.

The purpose of this module is to assist students in developing tools to analyze tomorrow's international events for themselves.

Prerequisites: None.
Class size limit: 24.

INTRODUCTION TO THE CRIMINAL JUSTICE SYSTEM, Winter Quarter

Larry King, Adjunct Member of the Faculty (Director, Washington State Securities Fraud Investigative Unit), 753-4753.

Monday and Wednesday, 5:30 - 7:30 p.m.; Library 1417. Basic concepts of criminal and constitutional law with discussions emphasizing balancing the accused's rights with those of society. Overview will culminate with a mock trial.

Prerequisites: None.
Class size limit: None.

INTRODUCTION TO POLITICAL ECONOMY, Fall Quarter

Dr. Russell Lidman, Member of the Faculty (Economics), 866-6663.

Tuesday and Thursday, 6:30 - 8:30 p.m.; Library 2504.

This basic course will cover both macroeconomics and microeconomics. A text along with additional readings will be employed. Problem sets will be assigned regularly.

Prerequisites: None.
Class size limit: 24.

JOURNALISM OF POLITICS: HISTORY ON A DAY-TO-DAY BASIS, Fall Quarter

Mike Layton, Adjunct Member of the Faculty (Political reporter, Seattle Post-Intelligencer), 943-3990.

Tuesday, 7:30 - 10 p.m., LAB I 2033.

Journalism of Politics will offer an understanding of government from a political standpoint as presented in the daily press. Class will discuss events in the news, relating them to individual students' circumstances. Students will be expected to read at least one newspaper daily.

Prerequisites: None.
Class size limit: 20 - 22.

LAW AND THE ENVIRONMENT, Winter Quarter

Richard Fink, Adjunct Member of the Faculty (Law Clerk, Washington Supreme Court), 357-3586.

Monday and Thursday, 7 - 9 p.m.; Library 4001.

Selected topics in environmental law for the non-lawyer will be studied with focus on land use issues and Washington law and institutions. Students will investigate actual environmental controversies.

Prerequisites: Competence in writing desirable.
Class size limit: 30.

THE LEGISLATURE AND THE LEGISLATIVE PROCESS, Fall Quarter

Patrick Feeney, Adjunct Member of the Faculty (attorney), 357-9872.

Tuesday, 5:30 - 9 p.m.; Library 2408.

This is a comprehensive study of the legislative process designed for those with little background. Topics will include apportionment, lobbyist and financial regulations, and legislative investigations.

Prerequisites: None.
Class size limit: 20.

THE LEGISLATURE AND THE LEGISLATIVE PROCESS, Winter Quarter

Patrick Feeney, Adjunct Member of the Faculty (attorney), 357-9872.

Tuesday, 5:30 - 9 p.m., Library 2408.

This program is designed to provide practical experience in the legislative process. Most of the time will be spent at the Capitol attending legislative activities. A paper will be required.

Prerequisites: None.
Class size limit: 20.

SOCIAL STATISTICS, Fall Quarter

Dr. Russell Lidman, Member of the Faculty (Economics), 866-6663.

Tuesday and Thursday, 2:30 - 3:45 p.m., Library 2204.

This is a first course in statistics for students of the social sciences and liberal arts. Emphasis will be on understanding, not on mathematical

formalities.

Prerequisites: None.

Class size limit: 24.

TELEPHONE AND ITS USE IN MODERN SOCIETY, Fall Quarter

Dr. Lee Anderson, Member of the Faculty (Physics), 866-6547.

Wednesday, 7:30 - 10 p.m.; Lecture Hall Two.

The ubiquitous telephone, lifeline and lifeblood of modern society and a competitive economy, has spawned the largest monopoly and the best telephone service on Earth. Experts from various fields will discuss important aspects of this paradox.

(This class is also described under Natural Science modules.)

Prerequisites: None.

Class size limit: 50.

THINKING ABOUT CRIME, Fall Quarter

Robert Naon, Adjunct Member of the Faculty (Staff counsel, House Judiciary Committee), 753-4827.

Monday and Wednesday, 5:30 - 7:30 p.m., Library 1417.

An interdisciplinary study of crime and a critical review of society's response to it. Attention will be given to legislative efforts in this area.

Prerequisites: None.

Class size limit: None.

WOMEN AND THE LAW, Fall Quarter

Paula Casey, Adjunct Member of the Faculty (attorney), 943-4167.

Wednesday, 7 - 10 p.m.; Library 4004.

Today's state and federal laws relating to women will be examined, with special emphasis on employment, credit, insurance, marital status, abortion, rape and assertion of women's rights.

Prerequisites: None.

Class size limit: None.

OTHER MODULES

AJAX COMPACT II/YOU AND THE FUTURE, Fall Quarter

Nancy Taylor, Member of the Faculty (History, Education), 866-6097; and Helena Knapp, Adjunct Member of the Faculty (Communications), 866-6385.

Tuesday and Thursday, 9 a.m. to noon or 11 a.m. to 2 p.m., location to be arranged.

A basic, half-time (two units) introductory program specifically designed for women who have been out of school for several years. Concentration on academic skills, with time provided to explore personal and career plans.

Prerequisites: None.

Class size limit: 50 (but groups within class kept at 15 students each).

BETWEEN THE COVERS, OR HOW TO FIND WHAT YOU NEED IN THE LIBRARY, Fall Quarter

Frank Motley and Susan Smith, (Staff Librarians, The Evergreen State College), 866-6250.

Tuesday and Thursday, 4 - 6 p.m., Library 2306.

This module is designed to give an overall view of a library reference collection to enable effective search for information on any subject that might be of interest to students.

Prerequisites: None.

Class size limit: None.

BUSINESS COMMUNICATIONS, Fall Quarter

Ben Wolfe, Adjunct Member of the Faculty (Word Processing Center, The Evergreen State College), 866-6370.

Tuesday, 5:30 - 8:30 p.m., Library 1507.

A comprehensive review of business communications with emphasis on letter, memorandum and business report writing. Practice assignments will be evaluated for style, form and clarity.

Prerequisites: None.

Class size limit: 24.

CONTEMPORARY ISSUES IN LANGUAGE AND THOUGHT, Fall, Winter and Spring Quarters

Dr. E. Jackson Webb, Member of the Faculty (English), 866-6464.

Tuesday, 7:30 - 10 p.m.; Library 2503.

Multi-disciplinary view incorporating psychological, physiological, sociological and linguistic understandings of language and cognitive growth, "second languages," culture, communication, meaning. Format includes brief student presentations, directed discussion, short papers.

Prerequisites: None.

Class size limit: 20.

Special expenses: Texts for the module will cost approximately \$40.

CARTOONS AND COMIC STRIPS AS SOCIAL HISTORY, Spring Quarter

Paul Marsh, Member of the Faculty (International Relations), 866-6758.

Monday and Wednesday, 7:30 - 9:30 p.m.; Library 1505.

The primary focus of this module will be an examination of what comic strips and political cartoons reveal about American society.

Prerequisites: None.

Class size limit: 24.

COMPUTERS AND YOU, Fall Quarter

James Johnson, Adjunct Member of the Faculty (Computer Services staff, The Evergreen State College), 866-6232.

Tuesday and Thursday, 7:30 - 9:30 p.m.; Library 0205.

The emphasis of this module will be on improving students' general knowledge of computer technology through study of computer terminology, analysis of the components of a computer system, and a review of uses and abuses of computers. Privacy and security issues will also be considered.

Prerequisites: None.

Class size limit: 24.

GOVERNMENTAL ACCOUNTING, Fall Quarter

Keith Clark, Adjunct Member of the Faculty (Accounting Analyst, Office of Program Planning and Fiscal Management), 753-1814.

Tuesday and Thursday, 7 - 9 p.m., Library 1504.

This course is designed to enable students to apply basic accounting knowledge to the principles and practices of fund accounting with emphasis on practical problems.

Prerequisites: 12 semester or 18 quarter hours of accounting.

Class size limit: 25.

INTERMEDIATE ACCOUNTING, Fall, Winter, and Spring Quarters

Kenneth Winkley, Adjunct Member of the Faculty (Business Manager, The Evergreen State College), 866-6450.

Wednesday, 6:30 - 9:30 p.m.; Library 4003.

This is for students who have completed introductory accounting and want to continue the study of accounting theory, concepts and practice. Attention is focused on the use of accounting information as a basis for decisions by management, stockholders, and creditors.

Prerequisites: Introductory Accounting.

Class size limit: 24.

LOGICAL THINKING, Fall Quarter

Dr. Mark Levensky, Member of the Faculty (Philosophy), 866-6714

Tuesday, 7 - 10 p.m.; Library 1417.

A study of elementary principles of logical thinking. Topics include truth, knowledge, belief, deductive and non-deductive arguments, good and bad arguments, language and proof. This is NOT a study of symbolic logic.

Prerequisites: None.

Class size limit: None.

THE NATURE OF HUMANKIND, Spring Quarter

Dr. Edward Kormondy, Member of the Faculty (Biology, Ecology), 866-6400.

Lectures Monday, 7:30 - 9 p.m., Lecture Hall Four; Seminars Wednesday, 7:30 - 9 p.m., Library 2129.

Consideration of humankind from a wide variety of disciplinary perspectives. Guest lecturers in biology, sociology, economics, anthropology, philosophy, political science, theology. Seminars based on lectures.

Prerequisites: None.

Class size limit: 35.

PUBLIC BUDGETING SYSTEM, Fall Quarter

Donald Meyer, Adjunct Member of Faculty (Higher Education Program Analyst, Office of Program Planning and Fiscal Management), 753-1806.

Monday, 5:30 - 9 p.m.; Library 4003.

The objective of this course is to provide the student with a knowledge of both the theory and practice of budgeting in the public sector.

Prerequisites: Two years of college work or equivalent of on-the-job experience.

Class size limit: 24.

COORDINATED STUDIES

BASIC COORDINATED STUDIES

Democracy and Tyranny (Humanities)

DIVISIONAL COORDINATED STUDIES

Communications and Community (Communications)

INTERMEDIATE COORDINATED STUDIES

Chautauqua (Arts)

Images (Arts) — Winter and Spring quarters

Intermediate Humanities (Humanities) — Winter and Spring quarters

Management and the Public Interest (Social Science, Business Administration)

The Northwest Coast (Social Science)

Resources for Self-Determination (Social Science, Native American Studies)

Russia — USSR (Area Studies, Humanities)

A Woman's Place (Social Studies, Women's Studies)

ADVANCED COORDINATED STUDIES

The Roots of Our Romanticism (Humanities, Arts)

Wealth and Power (Social Science) — Winter and Spring quarters

COORDINATED STUDIES:

NOTE: Almost all academic work in Evergreen's Coordinated Studies programs occurs during daytime hours. If your schedule requires that you attend evening classes, you should look first at Modular Courses, described elsewhere in this brochure. Several Coordinated Studies, briefly described below, have limited openings for part-time students. These programs may be of specific interest to parents who can only attend classes during daytime hours because they have school-age children. If any of these interest you, you may wish to consult the 1976-77 Supplement to the College Bulletin before telephoning the indicated faculty member of his/her secretary, the Admissions Office (866-6170), or Academic Advising (866-6312). The Supplement contains detailed descriptions of Coordinated Studies Programs.

DEMOCRACY AND TYRANNY (Basic Level), Fall, Winter and Spring Quarters

Thad Curtz, Member of the Faculty (Literature), 866-6098.

This program involves a search for our roots in the past, an attempt to understand the present, and an analysis of our hopes and fears for the future by comparing Athens and Rome. Part-time students may arrange to attend seminars only or lectures only, along with the assigned core of reading, or they may elect to read the books and write a formal paper without attending seminars or lectures.

Prerequisites: None.

COMMUNICATIONS AND COMMUNITY (Divisional Level), Fall, Winter and Spring Quarters

Dr. Craig Carlson, Member of the Faculty (Communications), 866-6679.

This program offers an opportunity to design individual projects, extensive workshops in various media and intensive assistance in understanding relevant theories in communications.

Prerequisites: None.

Special instructions: Students must design a project involving communications and community.

CHAUTAUQUA/AN EXPERIMENT IN LEARNING (Intermediate level), Fall, Winter and Spring Quarters

Dr. Thomas Foote, Member of the Faculty (Education, Journalism), 866-6676.

The special interest groupings in theater, writing/poetry, and music are open to part-time participants in the program, on the condition that they commit their time and energy to all of the activities and meetings for that one activity.

Prerequisites: Admission to some groupings by audition only.

IMAGES/PHILOSOPHY, PSYCHOLOGY AND VISUAL ART (Intermediate level), Winter and Spring Quarters

Marilyn Frasca, Member of the Faculty (Art), 866-6423.

The purpose of this program is to help people make and understand their own images using whatever technical skills they have or acquire outside the program.

Prerequisites: Interview with faculty required.

INTERMEDIATE HUMANITIES/SOME GREAT BOOKS, EAST AND WEST (Intermediate level), Winter and Spring Quarters

Dr. Richard Alexander, Member of the Faculty (English, Literature), 866-6597.

The materials of the program will include the classics of literature, philosophy and the sciences, from both the Western and Far Eastern traditions, chosen for their intrinsic interest, their historic importance, and their relationships to each other.

Prerequisites: Interview with faculty required.

MANAGEMENT AND THE PUBLIC INTEREST (Intermediate level), Fall, Winter and Spring Quarters

Dr. Virginia Ingersoll, Member of the Faculty (Communications), 866-6645.

This program will offer an analysis of what it means for business to operate in the public interest. It will include instruction in essential management concepts and skills.

Prerequisites: Junior standing and competence at reading, writing and analytical thinking.

Special instructions: Permission of instructor required. Part-time students must register for two units. Meeting time is one afternoon and evening per week.

THE NORTHWEST COAST/STUDIES IN HUMAN SETTLEMENTS AND REGIONAL CHANGE (Intermediate level), Fall, Winter and Spring Quarters

Dr. William Brown, Member of the Faculty (Geography), 866-6651.

The purpose of this program is to identify and analyze alternative strategies in the creation of more humane environments — both within and outside of the city.

Prerequisites: Interview with faculty required.

RESOURCES FOR SELF-DETERMINATION: A NATIVE AMERICAN PROGRAM (Intermediate level), Fall, Winter and Spring Quarters

Elizabeth B. Diffendal, Member of the Faculty (Applied Social Science, Planning), 866-6335.

This program is designed to give Native American students access to

resources (people, on-the-job experience, knowledge, skills) to help students move toward self-determination and self-direction.
Prerequisites: Interview with faculty required.

RUSSIA — USSR (Intermediate level), Fall, Winter and Spring Quarters

Dr. Andrew Hanfman, Member of the Faculty (Languages, Russian Studies), 866-6648.

Students in this program will work toward obtaining a comprehensive understanding of the Russia-Soviet civilization and society with emphasis on the pre- and post-revolutionary periods.

Prerequisites: Interview with faculty required.

A WOMAN'S PLACE: HISTORICAL PERSPECTIVES ON WOMEN (Intermediate), Fall, Winter and Spring Quarters

Stephanie Coontz, Member of the Faculty (History, Women's Studies), 866-6601.

Women's roles and status in various societies, from primitive times to the present will be examined, along with an analysis of their public and private roles, using anthropological, historical and literary evidence. Prerequisites: Basic reading and writing skills; interview with faculty. Special instructions: Lectures will be on Monday and Wednesday evenings.

ROOTS OF OUR ROMANTICISM (Advanced level), Fall, Winter and Spring Quarters

Dr. Charles Teske, Member of the Faculty (English), 866-6639.

"Roots" involves study of the art and thought of Romanticism as they bear on our own assumptions about art and life: visual art, literature, music and our central ideas. Part-time students may earn one unit by attending program lectures and faculty-fishbowl seminars and reading assignments; they may earn two units by completing all the requirements for one, plus participating in core seminars. To earn three units, students must participate in all program activities, but will not be required to take additional modules.

Prerequisites: Willingness to do careful reading, listening, seeing.

Special instruction: Large group meetings will be held Monday and Tuesday mornings.

WEALTH AND POWER (Advanced level), Winter and Spring Quarters

Dr. Russell Lidman, Member of the Faculty (Economics), 866-6663.

This program will offer a study of competing theories on the distribution of wealth, income and power, and an examination of the consequences of inequality and of proposals to alleviate inequality.

Prerequisites: Introduction to political economy or equivalent; interview with faculty required to determine aspects of the program appropriate for part-time study.

GROUP CONTRACTS

GROUP CONTRACTS, 1976-77

Ajax Compact II (Humanities, Women's Studies) — Fall Quarter

Aquatic Biology (Natural Science) — Spring Quarter

Changing Status of Homosexuals (Humanities, Social Science) — Fall Quarter

Community Advocacy (Social Science, Law) — Fall and Winter Quarters

Human Ways (Social Science)

Marxism: Theory and Practice (Social Science)

Molecular Biology (Natural Science) — Fall and Winter Quarters

The New Non-Fictional Prose (Communications, Humanities) — Fall and Winter Quarters

Painting (Arts) — Fall Quarter

Religion in the Life of Human Groups (Social Science)

The State in Contemporary Society (Social Science, Administration)

NOTE: Almost all academic work in Evergreen's Group Contracts occurs during daytime hours. If your schedule requires that you attend evening classes, you should look first at Modular Courses, described elsewhere in this brochure. Several Group Contracts, briefly described below, have limited openings for part-time students. These programs may be of specific interest to parents who can only attend classes during daytime hours because they have school-age children. If any of these interest you, you may wish to consult the 1976-77 Supplement to the College Bulletin before telephoning the indicated faculty member or his/her secretary, the Admissions Office (866-6170), or Academic Advising (866-6312). The Supplement contains detailed descriptions of Group Contracts.

AJAX COMPACT II/YOU AND THE FUTURE, Fall Quarter

Nancy Taylor, Member of the Faculty (History, Education), 866-6097, and Helena Knapp, Adjunct Member of the Faculty (Communications), 866-6385.

A basic, introductory program in the social sciences and humanities specifically designed for women who have been out of school for several years. Concentration on academic skills, with time provided to explore personal and career plans. Two units.

Prerequisites: None.

Special instructions: Program meetings Tuesdays and Thursdays, 9 a.m. to noon or 11 a.m. to 2 p.m.

AQUATIC BIOLOGY, Spring Quarter

Dr. Lawrence Eickstaedt, Member of the Faculty (Biology), 866-6700. This program will offer a broad introduction to the biology and ecology of various marine and fresh-water habitats. Lectures, labs, field trips, films and seminars will be included.

Prerequisites: General Biology; interview with faculty required.

CHANGING STATUS OF HOMOSEXUALS, Fall Quarter

Nancy Allen, Member of the Faculty (Literature, Spanish), 866-6333. A study of the history of homosexuality and questions of relevance to the contemporary homosexual community. Part-time students may earn one unit by attending evening lectures and book seminars.

Prerequisites: Some experience in reading and discussion.

COMMUNITY ADVOCACY, Fall and Winter Quarters

Russell Fox, Member of the Faculty (Urban Planning), 866-6657.

Part-time students engaged in community action work may enroll in this program, which will revolve around organizing and advocacy in theory and practice.

Prerequisites: Social action experience or social science academic background.

Special instructions: Program will meet often in late afternoons or early evenings, sometimes in Tacoma.

HUMAN WAYS/STUDIES IN ANTHROPOLOGY AND SOCIOLOGY, Fall, Winter and Spring Quarters

Dr. Eric Larson, Member of the Faculty (Anthropology), 866-6757.

Human Ways addresses current issues in anthropology and sociology. Selected problems will be approached from methodological application, theoretical orientation and substantive verification. Part-time students may earn from one to three Evergreen units by reading certain materials in sociology and anthropology and meeting once a week with the instructor.

Prerequisite: Interview with faculty required.

MARXISM: THEORY AND PRACTICE, Fall, Winter and Spring Quarters

Susan Strasser, Member of the Faculty (American History), 866-6050.

First quarter will offer study in French utopian socialism, German idealist philosophy and English political economy, plus Marx and Engels. Winter Quarter will examine revolutionary strategy. Spring Quarter will examine the relevance of Marx's economic theory to present realities. Part-time students may earn one unit of credit by attending evening lectures and accomplishing the designated weekly reading. Students may earn an additional unit for analytical writing.

Prerequisites: Commitment to rigorous analysis.

Special instructions: Bring samples of previous work.

MOLECULAR BIOLOGY, Fall and Winter Quarters

Dr. Elizabeth Kutter, Member of the Faculty (Biophysics), 866-6719.

A formal course in biochemistry for students with a strong background in science. Subjects emphasized will include protein and nucleic acid structure, synthesis and intracellular function; intermediary metabolism; and applications to nutrition, immunology, etc.

Prerequisites: Permission of the instructor; significant basic biology and chemistry, knowledge of organic nomenclature.

Special instructions: Meeting times will probably be Monday, Tuesday and Thursday mornings from 10 a.m. to noon (exact times depend on class needs).

THE NEW NON-FICTIONAL PROSE, Fall and Winter Quarters

Sandra Simon, Member of the Faculty (English Literature), 866-6602. A study of the aesthetic, rhetorical and stylistic dimensions of non-fictional, narrative prose (sometimes called investigative journalism) and exploration of how this kind of writing has increased the historical and social awareness of the American people.

Prerequisites: Advanced reading and writing skills, ability to handle 600 pages of reading per week; interview with the faculty required.

PAINTING, Fall Quarter

Mary F. Nelson, Member of the Faculty (Art, Minority Studies), 866-6316.

Students define goals for their own painting. Independent work in the studio; work-discussion seminars focus on imagery, technique and language.

Prerequisite: A year's work in drawing or painting.

RELIGION IN THE LIFE OF HUMAN GROUPS, Fall, Winter and Spring Quarters

Carol Olexa, Member of the Faculty (Sociology), 866-6634.

This program will offer an exploration of the world's major religions through examination of their basic ontological arguments, epistemological beliefs, social values, institutional practices, and historical effects on the social order. Part-time students will be expected to complete assignments in proportion to their registration, as determined by the instructor, and to participate in weekly Tuesday evening program meetings.

Prerequisite: Consent of the instructor required for registration.

THE STATE IN CONTEMPORARY SOCIETY, Fall, Winter and Spring Quarters

Dr. Margaret Gribskov, Member of the Faculty (Journalism), 866-6656. This half-time program includes study of local and state government in Washington as well as development of students' communications and analytical skills.

Prerequisites: Open only to local and state government employees. Special instructions: Seminars, lectures and other program meetings will be held one evening each week and on Saturday mornings.

A SPECIAL NOTE...

TO THOSE INTERESTED IN COMPLETING A BACHELOR'S DEGREE THROUGH PART-TIME STUDY.

To those students wishing to undertake part-time studies at Evergreen to begin or complete work on a bachelor's degree:

We realize you may need both help and information as you try to arrange a sequence of studies — perhaps unit-by-unit — that will best serve your individual purposes. Those just beginning college have different problems from, say, a person with an A.A. degree from a community college or a person who began undergraduate work several years ago and, for any number of reasons, has interrupted his or her studies. Here are some ways in which we think we can assist you:

ACADEMIC ADVISING/PLANNING

If you need information about how things work academically at Evergreen or want current information on curriculum offerings, please call the Coordinator of Academic Information (866-6312). This office can be most helpful to you as you decide your course of study.

ADMISSIONS COUNSELING

How do you enroll at Evergreen? What kinds of information does the college need to get you enrolled? How does the college operate for the part-time student? These and many other kinds of "policies, procedures and programs" questions can be answered in the Office of Admissions. Just dial 866-6170 and ask for an Admissions Counselor.

CAREER EXPLORATION AND PLACEMENT

Part-time students needing information about career exploration and career planning (for instance, how would a given set of studies relate to a specific career field already being pursued by the student?), coupled with career identification and eventual placement or advancement, should telephone Evergreen's Career Planning and Placement Office (866-6193) and talk to one of the staff. They have a lot of information and resources at their fingertips and are happy to help you.

INTERNSHIP POSSIBILITIES

Many Evergreen students, particularly those at advanced levels, combine regular academic studies with practical work experiences, for which they receive academic credit. To receive credit, students

must be enrolled in either a Coordinated or Group or Individual Contracted Studies program. Thus, most internships are pursued by full-time students. To see how you as a part-time student might participate — now or as you pursue your studies later — telephone Evergreen's Office of Cooperative Education (866-6391).

Finally, some paths others at Evergreen have taken toward the bachelor's degree. Even though these are full-time students, the ways in which they arranged their academic experiences are illustrative of how you can do the same... just at a slower pace.

STUDENT "A" (entered as a freshman from a Washington High School)

First Year: Coordinated Study revolving around sociology, political science, and government.

Second Year: Contracted Studies of News Media and Government.

Third Year: Contracted Studies and internships involving print and broadcast news and cinematography.

Fourth Year: Television internship and individual studies in broadcast journalism, communications and the electronic process.

Graduated: Now employed (by intern sponsor) as news reporter for metropolitan TV station.

STUDENT "B" (entered as a freshman from a Washington High School)

First, Second, Coordinated Studies Third Years: centering around history, political science, economics, literature, and minority affairs.

Fourth Year: Group Contracted Studies in economics and minority affairs; individual studies in reading and mathematics; half-year internship in State government.

Graduated: Now employed as Administrative Assistant to City Commissioner, Portland, Oregon.

STUDENT "C"

First, Second Years: Studied at other colleges, transferring to Evergreen as a junior.

Third Year: Coordinated Study involving urban planning, architecture, economics, and

environmental concerns.

Fourth Year: Group contracted study in Urban Planning, including extensive field work as member of a student planning team studying the relocation and reconstruction of a Washington city. Also served as student intern with small (population 6,000) Washington city.

Graduated: Employed as Associate Planner by city sponsoring the internship. Now Director of Planning for the same city.

STUDENT "D" (entered as a freshman from a Washington High School)

First Year: Coordinated Studies in natural and social science involving chemistry, physics, biology, research and systems analysis, political science and statistics.

Second Year: Coordinated Study of physics, mathematics, chemistry, biology, and computer sciences. Individual studies in science, data structures and processing.

Third Year: Individual studies in advanced mathematics, kinetics, and computing.

Fourth Year: Advanced research in computing.

Graduated: Accepted through international competition as one of three new enrollees for graduate studies in artificial intelligence at the prestigious University of Edinburgh, Scotland. Also has accepted a job with the advanced study program.

STUDENT "E" (entered as a freshman from a Washington High School)

First Year: Coordinated Studies revolving around philosophy, psychology, sociology, education, and political science.

Second Year: Advanced-level Coordinated Study of political science and literature.

Third Year: Group Contracted study of economics, plus individual and group studies of history.

Fourth Year: Internship as Administrative Assistant in educational organization.

Graduated: Now attending the University of Washington Law School.

Other Evergreen graduates have found a wide range of jobs in Administration and Management, Communications, Human Services, Education, Environ-

mental Planning, Law and Justice, Business, Government and as entry-level employees in various other professions. Some have started their own businesses and many others have entered graduate or professional schools throughout the country. Because Evergreen's programs are unusually flexible and keyed to the needs of individuals, you, too, may find many opportunities to tailor the kind of academic program that will best fit your career and personal plans. Just call on us. We're happy to work with you and help you chart a course leading to a college degree.

Over the past few years, Evergreen has explored and developed a number of ways through which you can finish your college degree.

* We have, in addition to our regular, full-time, programs of study, a considerable variety of part-time day and evening opportunities.

* We have a transfer of credit policy which can respond well to very diverse previous college experience.

* We have programs to validate for college credit various non-traditional learning experiences which are equivalent to college-level work.

All the above options have demonstrated that we can meet a very wide variety of academic needs for persons wishing to complete their baccalaureate degree.

INFORMATION DAY

We have set up a special Information Day to provide an opportunity to discuss degree completion options more fully. We can talk about what you want to study and modes of study that might best fit your situation.

In other words, we'll be able to help identify your academic needs and help you match them with our current offerings. If the match cannot be made immediately, we might develop an academic program to match the subject matter, the mode of study, and the number of other people with the same need.

The date and time for the Information Day is:
September 9 3 to 7 p.m. Lobby of the Arts & Sciences Bldg.

Very likely, you will be able to begin the admissions process and/or actually register during the Information Day program.

If the above schedule isn't convenient please call the Registrar (866-6180) to arrange for an appointment.

DEGREE REQUIREMENTS

In order to fulfill requirements for a Bachelor of Arts degree, you must complete the equivalent of a year of full-time study with our faculty. That's really the only specific requirement. You'll likely have an opportunity

to study what fits best with your goals. Faculty will help you identify different directions you might take and realistic goals to work toward.

The flexibility of our study modes adapts to a wide variety of individual needs and situations. These range from classroom instruction to independent study to internships to on-the-job "reverse internships".

FIELDS OF STUDY

Evergreen's offerings cover a wide variety of fields in the sciences, social sciences, humanities and arts, and management. The College especially emphasizes interdisciplinary work involving several related subject areas.

In addition to the offerings described in detail in the Catalog Supplement we will have available in Fall quarter of 1976-77 special individualized study opportunities (part-time and full-time) in the academic areas listed below.

Individualized options are set up by negotiation with a faculty member in the appropriate field. Priority is normally given to students who are prepared by previous college training to do advanced work.

Anthropology
Art/Minority Studies
Applied Sciences
Applied Sci/Technology
Applied Behavioral Science
Arts/Engineering
Biology
Dance
Economics
Environmental Design
English
English & Literature

Philosophy
Psychology
Political Science
Sociology
Theater Arts
Urban Planning

Associate in Technical Arts) have limitations which are too extensive to detail here, but a new "Upside Down Degree" (first two years in specialty, last two years in general education) option has been added which will result in full credit if requirements are met. More information on this is available from the Registrar.

Transfer credit for military training is routinely awarded according to the *Guide to the Evaluation of Educational Experience in the Armed Services*.

Credit for other certificated learning experiences is evaluated on a case-by-case basis by the Registrar.

CREDIT FOR PRIOR LEARNING

There are two sources of possible credit for prior learning:

College Level Examination Program — External Credit.

The College Level Examination Program (CLEP) offers examinations in general areas as well as specific subject areas. These examinations can be taken at Evergreen.

External Credit allows you to identify what you have learned by means of a comprehensive proposal for credit. Assistance in preparing your document is available. The proposal is evaluated by a committee of faculty, staff and students. Up to one year of credit may be earned by this process.

ination based on race, sex, age, religion, national origin, or physical disability (except where physical disability is a bona fide occupational qualification).

The Evergreen State College is committed to an affirmative action program — a goal-oriented program through which it makes specific additional efforts to recruit, hire, train, and promote non-whites and women; and to recruit, admit, and educate non-white and women students. The affirmative action program is designed to overcome and prevent the effects of systemic institutional discrimination and benign neutrality in employment and educational practices. The college will take affirmative action to solicit bids on goods and services contracts from non-white and women vendors and contractors.

The college's Affirmative Action Office has responsibility for preparing the college's affirmative action program, including procedures for reporting and monitoring.

Each employee's support and implementation of this policy will be evaluated during employee performance evaluations.

HUMAN RIGHTS POLICY

EQUAL OPPORTUNITY POLICY AND AFFIRMATIVE ACTION PROGRAM

The Equal Opportunity Policy of The Evergreen State College requires that its faculty, administration, staff, students, and persons who develop programs at the college; and all contractors, individuals and organizations who do business with the college; comply with the letter and spirit of all federal, state, and local equal employment opportunity statutes and regulations.

The college expressly prohibits discrimination against any person on the basis of race, sex, age, religion, national origin, or physical disability (except where physical disability is a bona fide occupational qualification). All decisions on employment and promotion must utilize only valid job-related requirements.

The college requires: that all personnel actions such as compensation, benefits, transfers, layoffs, return from layoff, college sponsored training, education, tuition assistance, social and recreation programs; and that all student recruiting and admissions, student services (such as financial aid, placement, counseling, housing, student activities, physical recreation), and facilities usage, be administered without discrim-

CREDIT FOR PREVIOUS STUDY

Transfer credit from accredited colleges and universities which is "C" or better is acceptable for transfer (except dogmatic theology and physical education service courses).

Transfer credit from 2-year colleges is limited to the equivalent of two years of full-time study for liberal arts parallel programs. Other programs (i.e.
