

Evergreen SwingShift

The Evergreen State College 1978 Winter Part Time Studies

An Invitation To Study At Evergreen

from President Daniel J. Evans

Dear Thurston County residents,

The Evergreen State College was created by the State Legislature to serve students of Southwest Washington. This past quarter more than 70 percent of our students were from Southwest Washington, and more than 950 of them were your friends and neighbors in Thurston County.

As we begin 1978 with an enlarged part-time studies program, we intend to better provide you with the kinds of educational opportunities that will enrich your lives and, perhaps, enable you to expand your career and personal horizons.

As president of Evergreen, I earnestly invite each of you to carefully read the following information. It outlines clearly the kinds of "swing shift" academic programs available to you in late afternoon and evening hours. It also offers a variety of ways you can get more information for your specific concerns. For example, we've set December 7 and January 4 aside as "Academic Information Days" (AID) to offer you complete person-to-person information on academic programs, through interviews with faculty instructing part-time programs and discussions with staff members on hand to explain registration procedures, degree completion options, opportunities for financial aid, veterans services, external credit and academic advising. Complete details on the events are described below.

Enclosed you'll also find definitions of key Evergreen terms (page 9), explanations of our degree requirements and examples of how you, as a part-time student, can work toward your bachelor of arts degree (page 9).

I hope you'll all take a few minutes in this busy holiday season to examine the possibilities for you at Evergreen.

Sincerely,

How To Use This Brochure...

This brochure is designed to inform you about Full and Part-time Study opportunities Winter Quarter, and to outline other basic information about The Evergreen State College and how to register for courses of your choice.

Your key to finding the specific item(s) you are looking for is to check the Table of Contents on this page. Prospective students are also asked to read the section on Academic Information Days (also this page) and to attend one of the two days, if possible.

Academic Information Day Schedule

SCHEDULE: December 7, 1977, and January 4, 1978

We've planned several special activities for part-time students December 7, and we will repeat most of them again on January 4. Either of these dates will be especially helpful to new, part-time students at Evergreen.

DECEMBER 7, WEDNESDAY

9 a.m. to noon: *Series of workshops offered by professional staff to help students explore issues of personal concern in individual contract development, personal money management, career development, and internship exploration. Students are invited to meet in Library 1217 before 9 a.m.*

4 to 7:30 p.m.: *Explanation of degree completion options available through part-time study. Professional staff on hand to provide information on external credit, informal transcript evaluation and leisure education materials.*

5:30 to 7:30 p.m.: *Academic Fair offered to introduce students to faculty members offering part-time study programs and provide an opportunity to ask questions and explore academic program possibilities. Information on internships will also be available. In addition, Enrollment Services staff (which includes Admissions, Registrar, Financial Aid, Veterans Affairs, Academic Advising, External Credit, and Career Planning and Placement) will host an open house to offer explanations of their services and provide free coffee.*

JANUARY 4, WEDNESDAY, 1978

A second Academic Information Day will repeat the 4 to 7:30 p.m. program on degree completion options and the 5:30 to 7:30 p.m. Academic Fair for part-time students.

Winter Quarter Courses

January 4 - March 17, 1978

The following list of Winter Quarter courses are divided into six main subject areas: Expressive Arts, Human Development, Language and Cultural Studies, Management and The Public Interest, Natural Science, Mathematics and Computer Science; and Political Economy. Within each of these areas, we have divided courses between those offered during daytime hours (8 a.m. to 5 p.m.) and those offered in the evenings (after 5 o'clock).

All Winter Quarter courses generate one unit of credit, which is equivalent to four quarter hours of college work. The following courses will be offered if they meet minimum enrollments of ten students per course. Language courses require a minimum of seven students.

(* denotes courses which are listed under more than one study heading.)

TELEVISION SKILLS

Chas Davies, Adjunct Member of the Faculty (Evergreen electronic media producer), 866-6270.
Tuesday and Friday, 8:30 - 10:30 a.m., Library 1324.
Course focuses on proper and effective use of video equipment and systems, as well as basic television production techniques. Additional credit is available for small-scale production projects.

Prerequisites: None.
Class size limit: 16.

Evening

ACTING FUNDAMENTALS

Joan Klyn, Visiting Member of the Faculty (Theater Arts), 866-6085, 866-6130.
Monday and Thursday, 7 - 9 p.m., Communications Building 209.
The actor's basic tools — body, voice, imagination and emotion — are the focus of this course. Students will also develop performance skills through exercises, improvisations, text and character analyses and scene work.

Prerequisites: None.
Class size limit: 20.

CLASSICAL PIANO

Mary Jane Clark, Adjunct Member of the Faculty, 866-4587.
Monday and Wednesday, 7:30 - 9 p.m., Communications Building 338.
Group piano instruction for the piano novice is offered to help students develop basic skills in sight reading, transposition, harmonization, and analysis through study of music fundamentals and selected repertoire.

Prerequisites: None.
Class size limit: 16.

DESIGN: CREATING THE WORLD

Ann Lasko, Adjunct Member of the Faculty, 866-6043, 866-6290.
Wednesday, 6 - 9 p.m., Laboratory II 2233.
This course covers basic design elements, with special attention to the interaction of two and three dimensional design. The philosophical implications of design will be explored in relation to personal art or craft in practical application.

Prerequisites: Concurrent involvement in studio art or craft.
Class size limit: 24.

DRAWING: IMAGE MAKING

Young Harvill, Adjunct Member of the Faculty, 866-6043.
Tuesday and Thursday, 7 - 9 p.m., Laboratory II 2233.
Exercises in perception will help to acquaint students with the language of drawing. And, through a study of historical and contemporary models, students will use drawing to construct their own expressive image forms.

Prerequisites: Interview and instructor's signature.
Class size limit: 18.

THE CULTURAL AWAKENING: MEDIEVAL ART HISTORY

Gordon Beck, Member of the Faculty (Cinema Arts), 866-6059.
Thursday, 7 - 9:30 p.m., Communications Building 326.
Study centers on the art and architecture of the medieval world, as illustrated through film and slides. Periods include Early Christian, Byzantine, Carolingian, Ottonian, Romanesque, Gothic, and Proto-Renaissance to 1348.

Prerequisites: None.
Class size limit: 24.

IMAGE MAKING: PHOTOGRAPHY

Craig Hickman, Adjunct Member of the Faculty, 866-6270.
Tuesday, 5:30 - 10 p.m., Library 1430.
Some color work will be included in this course which stresses the development of photographic vision and technical skills in photography.

Prerequisites: Basic darkroom skills.
Class size limit: 20.

LITERARY CRITIQUE

Sandra Simon, Member of the Faculty (English), 866-6089, 866-6130.
Monday, 7 - 9 p.m., Library 2504.
This course is designed for people who have started writing projects and would like constructive criticism, and instruction in form and structure to complete them. Classes will stress reading works aloud.

Prerequisites: None.
Class size limit: 20.

MODERN DANCE

Maggie Hunt, Member of the Faculty (Dance), 866-6013, 866-6385.
Tuesday and Thursday, 5 - 6:30 p.m., Communications Building 210.
Students will learn dance improvisation in this course intended for those with background in a variety of techniques.

Prerequisites: One quarter of modern dance.
Class size limit: 24.

MUSIC OF MEXICO

Victor Saucedo, Visiting Member of the Faculty (Music), 866-6077, 866-6130.
Thursday, 6 - 8:30 p.m., Communications Building 310.
Students in this course will explore the three main traditions in Mexican music: indigenous, traditional, and concert. Focus will be on historical aspects, musical styles, forms, media and literary forms.

Prerequisites: None.
Class size limit: None.

1978 Winter Quarter Courses

**Expressive Arts
Daytime**

FORM AND ANALYSIS

Dr. Robert Gottlieb, Member of the Faculty (Music), 866-6385.
Monday and Wednesday, 3 - 4:30 p.m., Library 2101.
Course includes a survey of important musical forms, binary, ternary, sonata and rondo forms. The emphasis will be on harmonic and formal analysis.

Prerequisites: Completion of Intermediate Harmony.
Class size limit: 20.

INTERMEDIATE BALLET

Bernard Johansen, Member of the Faculty (Dance), 866-6096, 866-6130.
Monday, Tuesday, Wednesday, Thursday, 12 - 1:30 p.m., College Recreation Center 307.

Intensive study of ballet barre and center techniques will be offered, along with introduction of point techniques. Evaluation will be on personal advancement.

Prerequisites: Audition; two to three years' training in ballet.
Class size limit: 20.

JAZZ ENSEMBLE

Donald Chan, Member of the Faculty (Music), 866-6070.
Tuesday, Wednesday, Thursday, 4:30 - 6:30 p.m., Communications Building 110.

Course will feature performance ensemble playing and studying music by Stan Kenton, Count Basie, Woody Herman, Maynard Ferguson and others.

Prerequisites: Audition by faculty.
Class size limit: 24.

MUSIC THEORY II

Donald Chan, Member of the Faculty (Music), 866-6070.
Labs, Monday, Wednesday at noon - 1 p.m.; Lecture, Tuesday, Thursday 12 noon. Communications Building 117.

A continuation of Music Theory I, this class includes the analysis, study and writing of the function of chords. Also some composition and ear training.

Prerequisites: Faculty signature.
Class size limit: 15.

STAGECRAFT

Dennis Kochta, Adjunct Member of the Faculty (Evergreen stage technician), 866-6164.
Monday and Wednesday, 3:30 - 5 p.m., Communications Building 310.

Students learn the theory and practice of staging productions, with concentration on building for the stage and drafting stage plans. Those continuing from Fall Quarter will design lighting for productions. This course will be a prerequisite to "Theater Design" to be offered Spring Quarter.

Prerequisites: None.
Class size limit: 24.

MUSIC OF INDIA

Dr. Robert Gottlieb, Member of the Faculty (Music), 866-6521, 866-6385.

Thursday, 7 - 10 p.m., Library 2101.

This course will deal mostly with North Indian (Hindustani) music, including an overview of Indian arts, history and religion to provide a context for understanding the music. Features will include forms of instrumental and vocal music, including drumming. A reading ability in musical notation will help those who wish to gain a deeper understanding of the technical aspects of performance.

Prerequisites: None.

Class size limit: 24.

RADIO LICENSING FOR THE NON-PROFESSIONAL

Lee Chambers, Adjunct Member of the Faculty, 866-5267.

Thursday, 7 - 10 p.m., Laboratory I 3033.

Radio electronics, Morse Code, and the rules and regulations of non-professional radio transmission will be covered for non-engineers who want to become radio operators.

Prerequisites: None.

Class size limit: 24.

SLIDE/TAPE PRODUCTION

Wyatt Cates, Adjunct Member of the Faculty, 866-6270.

Tuesday and Thursday, 6 - 8 p.m., Library 1302, Mini-Media studio.

This course will assist students to express themselves using slide/tape media. Topics will include pre-planning, pre-production and production.

Prerequisites: None.

Class size limit: 20.

VOCAL TECHNIQUES AND STYLES

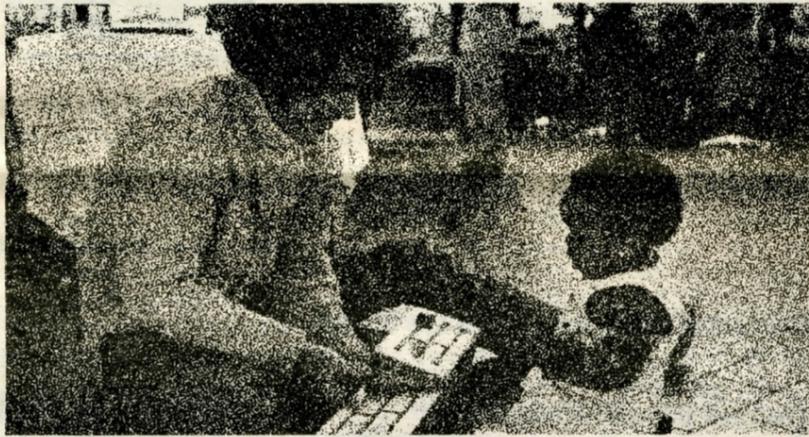

Joan Winden, Adjunct Member of the Faculty, 866-8075.

Monday, 7 - 10 p.m., Communications Building Choral Rehearsal Room.

This course is intended to acquaint students with the basic concepts of singing and to develop projection of the voice and text as required in performance. Also, opportunity for part singing in small groups.

Prerequisites: None.

Class size limit: 20.

Human Development

Daytime

ANTHROPOLOGY: CURRENT ISSUES AND THEMES

Dr. Kerry Pataki, Adjunct Member of the Faculty (Anthropology), and Dr. Lynn Patterson, Member of the Faculty (Anthropology), 866-6118, 866-6102.

Thursday 2 - 5 p.m., Laboratory II 2211.

This class will cover community mental health, transcultural psychology, health problems in developing countries, culture and stress, and general issues in anthropology. The sponsors will draw on field experiences in Malaysia, New Guinea, the Northwest coast and America in lectures.

Prerequisites: None.

Class size limit: 40.

DIALOGUE ACROSS GENERATIONS II

Dr. Ron Manheimer, Adjunct Member of the Faculty, 352-6104, 866-6290.

Monday and Wednesday, 3 - 4:30 p.m., Laboratory II 2211.

The century comes alive in this course as generations educate one another. Literary classics, political essays and autobiographies provide the framework. Central questions will be "What has changed?" and "What remains the same?"

Prerequisites: None.

Class size limit: None.

Evening

BETWEEN THE COVERS: HOW TO FIND WHAT YOU NEED IN THE LIBRARY

Susan Smith and Frank Motley, Adjunct Members of the Faculty (Evergreen's Coordinator of Library User Services and Head of Library Reference Services), 866-6138, 866-6250.

Tuesday 4 - 6 p.m. and Thursday 6 - 8 p.m., Library Reference Area, room 2300.

This course provides an overall view of library references to better enable you to effectively search for information that you need.

Prerequisites: None.

Class size limit: 20.

CAREER PLANNING AND SEARCH ORIENTATION

Elane Bills, Adjunct Member of the Faculty (Evergreen Career Counselor), 866-6193.

Tuesday, 7 - 10 p.m., Library 2610.

This will be a group effort aimed at planning careers and designing job search techniques. Values clarification, needs assessment, skills evaluation, resume writing, interviewing techniques and some video taping will be features of the class.

Prerequisites: None.

Class size limit: 20.

CHANGING WOMEN

Marilyn Frasca, Member of the Faculty (Art), 866-6775; and Kathy McKinnon, Adjunct Member of the Faculty (Evergreen's Counseling Center coordinator), 866-6157.

Monday, 7 - 9 p.m., Library 2205.

Designed to provide personal support for mature women over 25 who are questioning their identity (or lack of it). This course involves the planning of academic and experiential activities, film and book discussions, exercises and lectures.

Prerequisites: None.

Class size limit: 30.

GRIEVING AND DYING: TO HELP AND BE HELPED

Jane A. Raible, Adjunct Member of the Faculty, 866-6063.

Thursday, 7 - 10 p.m., Library 2215.

Students will study their responses to dying and needs when grieving by examining socio-religious perspectives, professional issues, and — above all — personal confrontations with loss and grief.

Prerequisites: Faculty approval based on half-page written statement of student's goals for class.

Class size limit: 20.

INTENSIVE JOURNAL WORKSHOP

Wendy Schofield, Adjunct Member of the Faculty, 866-7555, 866-6290. Wednesday, 8 - 10 p.m., Library 2204; and two weekends (January 14 - 15 and February 4 - 5).

Evergreen students using intensive journals in their programs of study and community people who want to develop the written means for self-expression and exploration will find this course helpful. Emphasis will be on producing and evaluating personal journals.

Prerequisites: Faculty signature.

Class size limit: 24.

PSYCHOTHERAPY: THEORY AND PRACTICE

Dr. Greg Portnoff, Member of the Faculty (Psychology); and Cher Stuewe, Adjunct Member of the Faculty, 866-6631.

Monday 7 - 10 p.m., Library 1508.

This course will focus on an examination of contemporary systems of psychotherapeutic changes and their application. Students will explore psychotherapy as it relates to children, adolescents, families and other client groups.

Prerequisites: None.

Class size limit: 25.

SOCIAL RESEARCH METHODS

LeRoi Smith, Member of the Faculty (Psychology), 866-6729, 866-6700. Wednesday, 7 - 8:30 p.m., Library 1612.

This course will examine four basic methods of research common to most of the social sciences. Students will learn to design, evaluate and interpret research findings. Some discussions of surveys, questionnaires and other methods will strengthen this understanding.

Prerequisites: Statistics would be helpful, but not required.

Class size limit: 30.

TRANSITION

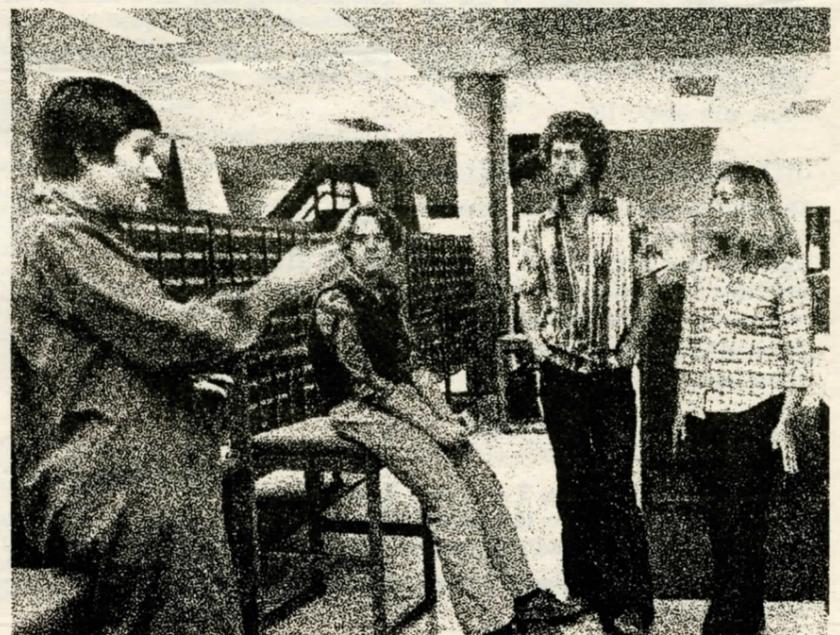

Dr. Niels Skov, Member of the Faculty (Oceanography), 866-6633; and Mary Moorehead, Adjunct Member of the Faculty (Academic Adviser), 866-6312.

Tuesday and Thursday, 7 - 9 p.m., Library 2510.

Students will examine the impact of rapid societal change on human service agencies and their own individual life styles.

Prerequisites: Signature of either faculty member.

Class size limit: 16.

Language & Cultural Studies Daytime

BEGINNING SPANISH (Second Quarter)

Nancy Allen, Member of the Faculty (Literature and Languages), 866-6654.

Monday, Tuesday and Thursday, 9 a.m., Seminar 3157.

This course provides a beginning study of the Spanish language within the context of Latin American culture. Learning to speak correctly and fluently will be the primary goal, approached through frequent oral drills.

Prerequisites: First quarter Spanish or equivalent.

Class size limit: 20.

FRENCH I (Second Quarter)

Susan Fiksdal, Member of the Faculty (Modern Languages), 866-6040; and Ann Henderson, Adjunct Member of the Faculty, 785-3264, 866-6290.

Tuesday and Thursday, 3 - 5 p.m., Seminar 3153.

The study of French literature and grammar will serve as the main tools for students in this course, intended to develop conversational skills and fluency in French.

Prerequisites: One quarter French I.

Class size limit: 24.

Evening

BEGINNING RUSSIAN (Second Quarter)

Dr. Thomas B. Rainey, Member of the Faculty (History), 866-6574, 866-6385.

Monday and Wednesday, 5:30 - 7:30 p.m., Library 2506.

Students approach the task of learning the fundamentals of Russian grammar and phonetics in this class by using aural-oral techniques. Emphasis will be on reading and conversation.

Prerequisites: One quarter of beginning Russian or equivalent.

Class size limit: 15.

CHINESE LANGUAGE (Second Quarter)

Patrick Cavendish, Adjunct Member of the Faculty, 426-9453, 866-6290.

Monday and Wednesday, 7 - 9 p.m., Library 1504.

A continuation of the Fall Quarter work, this course offers an introduction to Chinese speech and written characters, as well as a look at linguistic historical digressions.

Prerequisites: Fall Quarter course or instructor's consent.

Class size limit: 24.

GERMAN I (Second Quarter)

Lydia Garrett, Adjunct Member of the Faculty, 491-6836, 866-6290.

Monday and Wednesday, 6 - 8 p.m., Library 1505.

Studying and practicing conversation, grammar, oral drill and written work, students will learn to use German correctly and idiomatically for reading, writing and speaking.

Prerequisites: One quarter college German or one year high school German.

Class size limit: 18.

INTRODUCTORY JAPANESE (Second Quarter)

Michiko Takeda, Adjunct Member of the Faculty (Languages), 456-4214, 866-6290.

Tuesday and Thursday, 7 - 9 p.m., Library 2129.

Students will study grammar and literature as the means for developing conversational skills in Japanese.

Prerequisites: One quarter of Japanese.

Class size limit: 12.

SPANISH II (Second Quarter)

Staff, 866-6295.

Tuesday and Thursday, 3 - 5 p.m., Library 2206.

The goal of this class is to achieve fluency in spoken Spanish. Students will study literature and grammar in developing conversational skills.

Prerequisites: Four quarters of college Spanish or equivalent.

Class size limit: 14.

Management & The Public Interest Evening

BUSINESS LAW

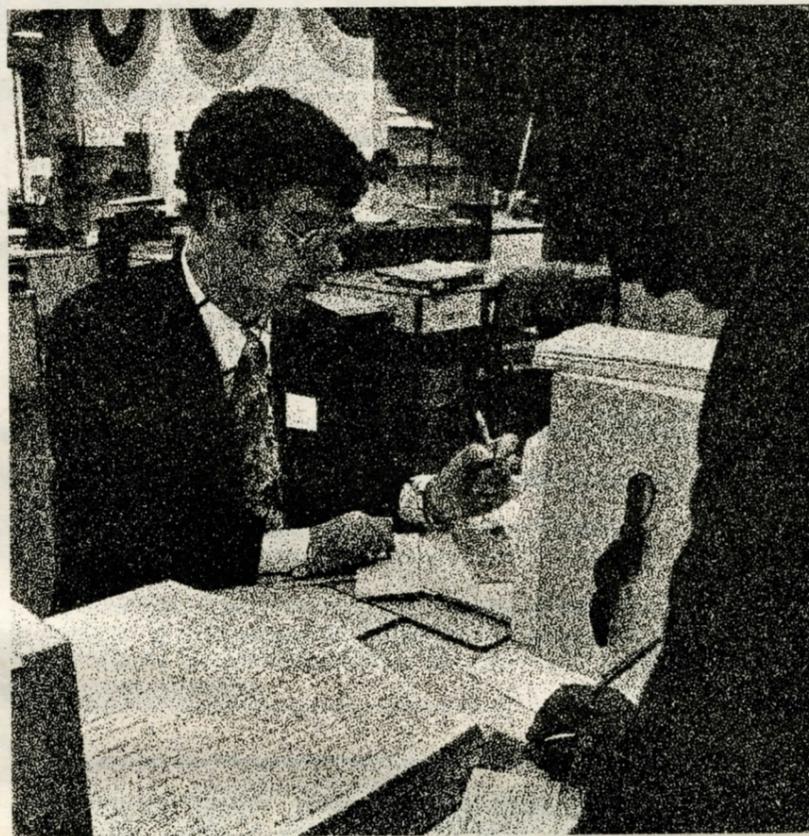

Gerard Kelly, Adjunct Member of the Faculty, 943-1400, 866-6290.

Thursday, 7 - 10 p.m., Library 2614.

This course is designed to introduce students to the law as applied to business activities, including such subjects as agency contracts, property, partnerships, corporations and beginning a small business.

Prerequisites: None.

Class size limit: 24.

Executive Series

Evergreen offers the following courses for persons in executive and supervisory positions in either the public or private sector.

CREDIT: One Evergreen unit (equivalent to four quarter hours).

NUMBER OF STUDENTS PER COURSE: Minimum of 12, maximum of 16. Off-campus classes will be arranged if class size requirements are met.

COMMUNICATIONS FOR THE EXECUTIVE

Dr. Niels Skov, Member of the Faculty (Oceanography and Management), 866-6633.

Time and place by arrangement.

The goal of this course is to develop effective communication skills for executives to use at inter-personal and organizational levels. Semantics, cultural value judgments, "frame of reference" concept, and process analysis are some of the topics included.

Prerequisites: None.

SOCIAL BACKGROUND OF OUR TECHNOLOGY

Dr. Mark L. Papworth, Member of the Faculty (Anthropology), 866-6722.

Time and place by arrangement.

Students will examine our interrelationship with technology and attempt to draw conclusions about the future, in this course intended to afford the executive some in-depth background on technological man.

Prerequisites: None.

BACKGROUND IN ECONOMICS

Dr. Niels Skov, Member of the Faculty (Oceanography and Management), 866-6633.

Time and place by arrangement.

This class reviews economic models from antiquity to present day, in its goal to provide the executive with an appreciation of people and events that shaped economic systems. A discussion of market society will be included.

Prerequisites: None.

HUMAN RESOURCES MANAGEMENT

Gayle Rothrock, Adjunct Member of the Faculty, (206) 425-8988 (Longview).

Wednesday, 7 - 10 p.m., Library 2614.

This course strives to provide an understanding of fundamental problems of work — job satisfaction, motivation, staffing, training, compensation, evaluation, and employee development.

Prerequisites: None.

Class size limit: 24.

INTERMEDIATE ACCOUNTING (Part II)

Kenneth Winkley, Adjunct Member of the Faculty (Evergreen Business Manager), 866-6450.

Wednesday, 6:30 - 9:30 p.m., Library 4003.

This class is designed for students who have completed introductory accounting and want to study accounting theory, concepts, and prac-

tices. Featured will be studies of individual income tax, plant and equipment, acquisition and retirement, and corporations, among other topics. Attention will focus on the use of accounting information as a basis for decision making by management, stockholders, and creditors.

Prerequisites: Introductory accounting.

Class size limit: 24.

LEGISLATIVE WATCH

State Representative Ron Hanna, Adjunct Member of the Faculty, 753-7902 or 753-0781.

Thursday, 6:30 - 9 p.m., first meeting on Evergreen campus (Library 2507), remaining classes on Capitol campus.

Dialogues among students, state legislators, and state agency administrators will provide insight into power politics, issues, governmental processes, and problems identified by students.

Prerequisites: None.

Class size limit: 24.

PUBLICITY AND PROMOTION

Ben Wolfe, Adjunct Member of the Faculty (Evergreen Word Processing Center Staff), 866-6370.

Tuesdays, 6 - 9 p.m., Library 1612.

Features of this publicity skills building class include writing for newspaper, radio, and television, and learning how to appear "on camera." Creating public impact, raising funds, and getting publicity for business or political candidates will also be included.

Prerequisites: None.

Class size limit: 24.

Natural Science, Mathematics & Computer Science

Daytime

ASSEMBLY LANGUAGE PROGRAMMING

Chas Douglass, Adjunct Member of the Faculty, 866-6232.

Wednesday, 3 - 5:30 p.m., and a weekend lab to be arranged, Library 2406.

This is an intensive introduction to the architecture and machine language of the Hewlett/Packard 2100 series computer. Some "hands-on" time will be available on weekends for practical experience. Topics will also include instruction timing, and input/output system programming.

Prerequisites: Intermediate or advanced programming skills in any language; instructor approval.

Class size limit: 15.

INTRODUCTION TO COMPUTERS AND PROGRAMMING

John Munro, Adjunct Member of the Faculty (Computer Services Staff), 866-6232.

Tuesday and Thursday, 4 - 6 p.m., Library 2503.

Featured in this course will be fundamental concepts of computing and use of problem solving tools, such as flowcharts and Warnier charts. Students will gain skills in "BASIC" programming language using the Hewlett/Packard 2000C timesharing computer and programming both business and scientific applications.

Prerequisites: None.

Class size limit: 15.

Evening

BASIC MATHEMATICS

Dr. George Dimitroff, Member of the Faculty (Mathematics), 866-6600. Monday, Tuesday, Thursday, 3 - 5 p.m., Library 2127 - 2129.

Students begin where they are and work at their own pace in this this course of Personalized System of Instruction. The emphasis is on learning by doing mathematics.

Prerequisites: None.

Class size limit: 24.

CALCULUS I

Dr. Al Leisenring, Member of the Faculty (Mathematics), 866-6724, 866-6102.

Tuesday and Thursday, 7:30 - 9 p.m., Lecture Hall 4.

This is the first in a series of three introductory calculus courses and will be devoted to the theory and applications of derivatives.

Prerequisites: Intermediate algebra.

Class size limit: 24.

DATA STRUCTURES II

Grady Ward, Adjunct Member of the Faculty, 866-6263.

Tuesday and Thursday, 5:30 - 7:30 p.m., Library 2504.

Designed to supplement Fall Quarter's Data Structures course, this will cover trees, graphs, internal and external sorting, symbol tables, and file management. Students will be expected to participate actively in preparation and presentation of course material.

Prerequisites: Fall Quarter Data Structures class, or signature of instructor.

Class size limit: 24.

ECOLOGY OF FOOD PRODUCTION

Woody Deryckx, Visiting Member of the Faculty, 866-6736, 866-6700. Tuesday, 7 - 9:30 p.m., Library 2507.

This will introduce students to agriculture as an ecological discipline, including the relationship between agro-ecosystems and natural systems.

Prerequisites: Interview with faculty.

Class size limit: 24.

ENVIRONMENTAL PHILOSOPHY

Ed Grumbine, Adjunct Member of the Faculty, 866-6290.

Tuesday and Thursday, 7:30 - 9 p.m., Laboratory II 2211.

Through a seminar series based on readings that explore human interaction with the natural world, students will work toward developing personal ecological ethics about environmental dilemmas in the world today.

Prerequisite: Some biology or environmental studies or work would be helpful, as well as willingness to actively discuss the subject.

Class size limit: 15.

FOREST ECOLOGY

Jack Duffield, Adjunct Member of the Faculty, 426-4554.

Monday, 7 - 9 p.m., Library 1403.

Students will become acquainted with growth and reproduction of trees, forests as affected by climate and soil, interactions within the forest community, and descriptions of major temperate forest communities.

Prerequisites: None.

Class size limit: 24.

INTERMEDIATE ACCOUNTING (Part II)

Kenneth Winkley, Adjunct Member of the Faculty (Evergreen business manager), 866-6450.

Wednesday, 6:30 - 9:30 p.m., Library 4003.

This course is designed for students who have completed introductory accounting and want to study accounting theory, concepts, and practices. Featured will be studies of individual income tax, plant and equipment, acquisition and retirement, and corporations, among other topics. Attention will focus on the use of accounting information as a basis for decision making by management, stockholders, and creditors.

Prerequisites: Introductory accounting.

Class size limit: 24.

INTRODUCTORY ORGANIC CHEMISTRY

Dr. Jacob Romero, Member of the Faculty (Applied Science), 866-6336.

Tuesday, 6 - 9 p.m., Laboratory II 2205.

The focus of this course will be an introduction to the chemistry of organic compounds, hydrocarbons, alcohols, acids, ethers, aromatics, proteins, and other elements. Some time will be spent on practical uses of organic reactions.

Prerequisites: High school chemistry or equivalent.

Class size limit: 24.

PROGRAMMING TECHNIQUES

Dale Baird, Adjunct Member of the Faculty (Evergreen systems analyst), 866-6232.

Tuesday, 5:30 - 8:30 p.m., and lab to be arranged, Library 2406.

This is an extension to "Introduction to Computers," offered Fall Quarter. The primary concern will be in developing skills for designing readable computer programs. Topics will include top-down design, documentation, testing, and debugging. The Hewlett/Packard 2000C timesharing computer will be used.

Prerequisites: Working knowledge of a computing language; signature of instructor.

Class size limit: 15.

THE SOCIAL IMPLICATIONS OF COMPUTERS

Jim Johnson, Adjunct Member of the Faculty (Evergreen systems analyst), 866-6232.

Thursday, 6:30 - 9:30 p.m., Library 2406.

Students will investigate the uses and abuses of computers, as related to key issues such as security, privacy, and the role of data banks. Other activities will include researching a computer system and analyzing ways it affects customers, clerks, and computer personnel.

Prerequisites: None.

Class size limit: 20.

SOCIAL STATISTICS II

Dr. Russell Lidman, Member of the Faculty (Economics), 866-6086.

Tuesday, 3:30 - 5:30 p.m., Laboratory I 2033.

This course is continued from Fall Quarter and will cover interference, estimation, and prediction. Special emphasis will be placed on regression analysis.

Prerequisites: Statistics I.

Class size limit: 20.

Coordinated Studies

The following nine Coordinated Studies programs have part-time openings Winter Quarter. Nearly all academic work in Evergreen's Coordinated Studies programs occurs during daytime hours. If your schedule requires that you attend evening classes, you should look first at the courses described earlier in this brochure. If any of the programs below are of interest to you, you may wish to consult the 1977 - 78 Catalog Supplement before calling the indicated faculty member, the Admissions Office (866-6170), or Academic Advising (866-6312). The Supplement contains detailed descriptions of Coordinated Studies programs.

CHAUTAUQUA II
COLLABORATIVE ARTS CONSORTIUM
FORMATION OF MODERN SOCIETY
HEALTH PERSPECTIVES
LIFE CYCLES
MANAGEMENT AND THE PUBLIC INTEREST
MODERNIZATION AND THE INDIVIDUAL
SOCIAL ORIGINS OF ART AND IDEOLOGY
THE COLONIAL EXPERIENCE OF THE AMERICAS

CHAUTAUQUA II

Dr. Thomas Foote, Member of the Faculty (Journalism/Education), 866-6122.

Chautauqua II is a three-quarter Coordinated Studies program in traditional and popular arts, designed for students interested in mythology, rituals, history, humanities, theater, music, communication and community dynamics and organization, and for those who want to work collectively to explore those things in man's humanity that are essential and shared. This year Chautauqua will perform in rural and isolated communities and in urban areas, community colleges and county and regional fairs. Subjects emphasized include theater, music, communications, literature/humanities.

Prerequisites: Audition with the faculty.

COLLABORATIVE ARTS CONSORTIUM

Sidney White, Member of the Faculty, 866-6105.

The Consortium will provide students and faculty opportunities to explore the many ways in which movement, design, structure, texture, sound and rhythm make themselves part of all the arts. The program will focus on common elements to all the arts, coupled with a recognition that each artist in fact must have skill in at least one art. The Consortium is therefore organized around a balancing of attention between time spent examining arts in a broad perspective and focusing laboratory work in one specific art form. Subjects emphasized include visual art, literature, theater, dance, music, art history and aesthetics.

Prerequisites: One year of previous college work.

FORMATION OF MODERN SOCIETY

Betty Estes, Member of the Faculty (History of Science), 866-6632.

Winter Quarter students will study conflicts between the sacred and the secular during the past four centuries and the triumph of secularity in what we most often take to be "the Truth." Literature, history and philosophy — in the general context of cultural history — will form the core of the program.

Prerequisites: College level reading and writing skills.

Political Economy Evening

LAND USE ISSUES AND INSTITUTIONS

Bruce Prenguber, Adjunct Member of the Faculty, 753-1262.

Thursday, 7 - 9 p.m., Library 2610.

Land use control has emerged as a major social question. This course will assess causes for disputes over land use and discuss methods of regulating property for private and public gain.

Prerequisites: Introductory course work in economics or land use planning.

Class size limit: 24.

TRANSATLANTIC CIVILIZATIONS, 1492 - 1789

Dr. David Hitchens, Member of the Faculty (History), 866-6104.

Monday and Wednesday, 7 - 9 p.m., Library 1507.

This course will explore the major historical trends of Europe and its colonial extensions in the Americas from the Renaissance to the American and European Revolutions of the late eighteenth century.

Prerequisites: None.

Class size limit: 24.

TRIDENT: ISSUES AND ANSWERS

Chuck Shelton, Adjunct Member of the Faculty.

Tuesday and Thursday, 7:30 - 9:30 p.m., Library 1507.

The focus of this timely seminar will be the history and development of nuclear weaponry, ethical considerations in a nuclear age, and the economic and environmental impact of the Trident nuclear submarine.

Prerequisites: None.

Class size limit: 24.

HEALTH PERSPECTIVES

Dr. Russell Lidman, Member of the Faculty (Economics), 866-6086; and Dr. Elizabeth Kutter, Member of the Faculty (Biophysics), 866-6719.

This program is designed to help students from natural and social sciences acquire the skills necessary to research key problems in this country's health and health care services. Winter Quarter will focus on the use of licit and illicit drugs and mental health. Students will also study the effects of alcohol and tobacco, and delve into social attitudes toward various "drugs" historically and in other cultures; the effects on society of prohibiting drugs considered acceptable by many; the social and financial cost of alcohol and alcoholism; the role and power of the alcohol and tobacco industries. Subjects emphasized include economics, genetics and social psychology.

Prerequisites: A strong background in biology or economics and sociology.

LIFE CYCLES AND CULTURAL SYSTEMS

Dr. Eric Larson, Member of the Faculty (Anthropology), 866-6757.

This year-long Coordinated Studies program aims at developing a general understanding of certain methodology and theory in anthropology, sociology, psychology and art, with special reference to the way persons develop as individuals and as members of society. The program will integrate various modes of learning, including internships in industry and government, ethnographic field work, small group interaction and problem-oriented solution projects, seminars, lectures and films. Subjects emphasized include anthropology, sociology, psychology and art.

Prerequisites: None.

MANAGEMENT AND THE PUBLIC INTEREST

Dr. Virginia Ingersoll, Member of the Faculty (Communications), 866-6629.

This program is designed to equip people with essential management concepts and skills, and to address a growing concern about the possibility of the American business system meeting the public's needs. It serves as the first year of both the two-year business administration curriculum and the two-year public administration sequence. Subjects emphasized include economics, organizational psychology and business administration.

Prerequisites: Completion of two years of college work.

MODERNIZATION AND THE INDIVIDUAL

Dr. Larry Jones, Visiting Member of the Faculty (Sociology), 866-6016. This program will explore the history of industrialization and democratization in the West in order to understand how changes in the economic and political order can compel persons to make changes in personal behavior, self-perception and ethical values. In particular, the program will strive for understanding of how people have changed as workers and as citizens and how these changes have affected the family, friendship and community relationships people form. Subjects emphasized include history, humanities (literature), political and sociological theory.

Prerequisites: None.

SPECIAL NOTE: This program is offered as a four-hour per week half-time, two unit study.

Class times: Tuesdays, 6 - 10 p.m., Library 1409.

SOCIAL ORIGINS OF ART AND IDEOLOGY

Stephanie Coontz, Member of the Faculty (History and Women's Studies), 866-6601.

This advanced program is designed to explore the connections between historical and social processes and modes of thinking, seeing and expressing. Students will examine different types of social relationships out of which various artistic, philosophical and ideological trends arise. Winter Quarter students will study Europe in the Age of Revolution (1789-1848), where urbanization, trade, internationalism and political struggle rise on a different scale and a different base, undermining rather than depending on slavery. Subjects emphasized are history, literature, philosophy, and art history.

Prerequisites: Interview required. Students must have advanced reading and writing skills and are asked to bring sample of written work to faculty interview.

THE COLONIAL EXPERIENCE OF THE AMERICAS

Dr. Peta Henderson, Member of the Faculty (Anthropology), 866-6676. This program introduces students to the history, economics, anthropology and literature of Latin America. Its aim is to discover how the historical experience of colonization affected the process of social, cultural, economic and political development of this part of the Third World. Winter Quarter students will study material that illustrates the theory of imperialism in the Latin American context and its effects on the social structure, culture and political organization of the area. Spanish language will be taught as an option within the program.

Prerequisites: One or more years of college work.

Group Contracts

The following group contracts have openings for part-time students during Winter Quarter. Nearly all academic work in these programs occurs during daytime hours. If your schedule requires that you attend evening classes, you should look first at the courses described in the first part of this brochure.

CULTURES OF THE NORTHWEST COAST

LABOR AND THE PUBLIC INTEREST

SHORT FICTIONS

CULTURES OF THE NORTHWEST COAST

Dr. Lynn Patterson, Member of the Faculty (Anthropology), 866-6118, 866-6102.

Civilization on the Northwest American coast will be emphasized in this course, however, students will also be guided in the study of basic social and cultural anthropology through lectures and book seminars. There will also be a special seminar on current issues and themes in anthropology. Students will be expected to complete projects or participate in internships that increase their understanding of traditional cultures and societies of the Northwest. Students wanting part-time credit should consult with instructor prior to registration.

LABOR AND THE PUBLIC INTEREST

Dr. Thomas Rainey, Member of the Faculty (History), 866-6574.

This program is designed for union members and leaders, persons working in labor relations, and full-time and part-time students interested in labor problems. The program focuses on labor history, women and non-whites in the contemporary work force, current political economic issues facing working people, the impact of "scientific management" on working conditions, labor legislation and public policy, and questions of socialization and popular culture as they apply to working people. Subjects emphasized include American history, ethnic and women's studies, political science, economics and sociology.

SHORT FICTION

Thad Curtz, Member of the Faculty (English), 866-6770.

This one-quarter program will concentrate on writing, reading and sharing stories written by students, thinking about where those stories come from and trying to find out why the stories that matter to us make a difference. Students will be required to write a story each week, study several short fictions weekly and participate in seminars on them. They'll also be asked to read books, participate in workshops, attend films, write papers, and read and respond to other students' works. Subjects emphasized: literature, writing, psychology, and philosophy of art.

If You Want Something That Isn't Offered

Tell us what it is. Evergreen is committed to serving the residents of Southwest Washington, particularly, of course, those who live in Thurston County. Each year we revise our curriculum to make sure it keeps pace with the rapidly changing world beyond our campus. If there are courses or full-time study programs you'd like to take at Evergreen that aren't now offered, take a minute to fill out the form below and send it to:

Academic Dean Will Humphreys,
Library room 2219,
The Evergreen State College,
Olympia, WA 98505

WHAT I'D LIKE TO TAKE

I'm interested in courses or academic programs in the following areas:

NAME _____

ADDRESS _____

Winter Quarter

Winter Quarter 1978 begins Wednesday, January 4 and ends Friday, March 17. Registration for part-time study programs begins Wednesday, December 7, 1977 and ends Wednesday, January 11, 1978, the sixth class day. See below for complete details on registration and other services and policies at The Evergreen State College.

Registration

Registration for Winter Quarter part-time studies offerings begins Wednesday, December 7, 1977. Students may register by any of three ways: At the Registrar's Office at the times listed just below; at the Academic Information Days described on page one of this brochure; or by mail using the special registration form included in this brochure. (Note: Only those forms *completely* filled out and mailed in may be processed.)

Registration for Winter Quarter Part-time studies offerings begins Wednesday, December 7, 1977 in the Registrar's Office, first floor of the Library at The Evergreen State College. In addition, registration and other special services related to part-time enrollment will be held at Academic Information Days described on page 1 of this brochure.

The Registrar's Office will be open for registration at the following times:

Wednesday, December 7,
9 a.m. to 7:30 p.m.

Thursday, December 8 and Friday,
December 9, 9 a.m. to
4:30 p.m.

Monday - Friday, December
12 - 16, 9 a.m. to 4:30 p.m.

Wednesday, January 4 and Thursday,
January 5, 9 a.m. to
7:30 p.m.

Monday - Wednesday, January
9 - 11, 9 a.m. to 7:30 p.m.

NOTE ON PAYMENTS: Those who register *before* December 16 will be sent a bill for tuition and fees. Those who register *after* December 16 will be billed at regis-

tration. January 11 is the final deadline for registration and payment of Winter Quarter tuition and fees.

Credit

All of the Winter Quarter part-time courses offer one Evergreen Unit (four quarter hours or 2.67 semester hours) unless otherwise noted. Evergreen requires 45 units for graduation, 12 of the last 24 to have been earned while enrolled at Evergreen. The maximum allowable credit for any quarter is 4 Evergreen Units.

Special (non-degree) students may earn up to two Evergreen Units per quarter. If you wish to register for more than that, you must apply for regular admission through the Office of Admissions. Students earn one Evergreen Unit per course. They may enroll for an additional unit of credit by signing up for another course, arranging for an individual contract with a faculty member on a part-time basis, or seeking admission to a coordinated studies program or group contract which has part-time openings (see p. 6 and 7).

A Special Note...

TO THOSE INTERESTED IN COMPLETING A BACHELOR'S DEGREE THROUGH PART-TIME STUDY.

To those students wishing to undertake part-time studies at Evergreen to begin or complete work on a bachelor's degree.

We realize you may need both help and information as you try to arrange a sequence of studies — perhaps unit-by-unit — that will best serve your individual purposes. Those just beginning college have different problems from, say, a person with an A.A. degree from a community college or a person who began undergraduate work several years ago and, for any number of reasons, has interrupted his or her studies. Here are some ways in which we think we can assist you:

Advising/ Planning

If you need information about how things work academically at Evergreen or want current information on curriculum offerings, please call Academic Advising (866-6312). This office can be most helpful to you as you decide your course of study.

Admissions Counseling

How do you enroll at Evergreen? What kinds of information does the college need to get you enrolled? How does the college operate for the part-time student? These and many other kinds of "policies, procedures and programs" questions can be answered in the Office of Admissions. Just dial 866-6170 and ask for an Admissions Counselor.

Career Exploration & Placement

Part-time students needing information about career exploration and career planning (for instance, how would a given set of studies relate to a specific career field already being pursued by the student?), coupled with career identification and eventual placement or advancement, should telephone Evergreen's Career Planning and Placement Office (866-6193) and talk to staff members. They have a lot of information and resources at their fingertips and are happy to help you.

Internship Possibilities

Many Evergreen students, particularly those at advanced levels, combine regular academic studies with practical work experiences, for which they receive academic credit. To receive credit, students must be enrolled in either a Coordinated or Group or Individual Contracted Studies program. Thus, most internships are pursued by full-time students. To see how you as a part-time student might participate — now or as you pursue your studies later — telephone Evergreen's Office of Co-operative Education (866-6391).

Student Classification

RESIDENT

Person who has had a domicile for other than educational purposes in the State of Washington for one year immediately prior to the first day of a quarter; a dependent son, daughter, or spouse of a federal employee residing within the State; or a dependent son, daughter, or spouse of a college employee.

NON-RESIDENT

Those who do not fit the "resident" definition. (For specific information, contact the Registrar, 866-6180.)

Student Categories

(PART-TIME STATUS):

PART-TIME DEGREE SEEKING

Student enrolled for one or two units of credit through continuing academic work leading to a bachelor's degree. Accepted by the Admissions office as a matriculated student. Receives regular college evaluation.

Persons wishing to immediately begin or continue work toward a bachelor's degree may wish to register as part-time "Regularly Admitted Student," taking one or two units of credit. These students follow regular admissions procedures, which require submission of a full application and transcripts of previous academic work. Those unable to complete the regular admissions process by the start of a given quarter may still apply as a "Special Student" to secure their part-time place at Evergreen. Credits would then be applied to degree work when regular admission is obtained.

An application form for special students is available on page 10.

Students wishing to carry more than one Evergreen unit (four credit hours) may register for two one-unit courses (eight credit hours) or may register for one course and a four-credit-hour individual contract in the same area of study. The tuition for eight quarter credit hours (2 Evergreen units) is only \$118 per quarter. This combination of course work and an independent study contract enables students to tailor work more closely to their individual needs.

Costs

The following tables represent a new set of costs for part-time students attending Evergreen.

		Number of Units	Advance Payment***	Quarterly Tuition and Fees
RESIDENT	Regular*	2	\$50	\$118
	Southeast Asian Veteran	2	\$50	\$118
	Special**	2	—	\$118
NON RESIDENT	Regular*	2	\$50	\$396
	Special**	2	—	\$396
RESIDENT	Regular*	1	\$50	\$ 79
	Special**	1	—	\$ 79
NON RESIDENT	Regular*	1	\$50	\$265
	Special**	1	—	\$265
	Auditor****	—	—	\$ 25

*Degree-seeking student enrolled on part-time regular basis. **Non-degree-seeking student. ***Applied to first quarter's tuition and fees. ****Auditor status not applicable to laboratory or studio offerings. Must have approval of faculty.

SPECIAL

Student usually enrolled for one or two units of credit who receives regular college evaluation. Student may subsequently apply for admission to degree-seeking status, with previous work credited toward the degree.

Those who want to enroll, but have not been regularly admitted by the Office of Admissions may do so as a "Special Student" on the form on page 10. This allows registration without making formal application, supplying transcripts, etc.

Credit for one or two units maximum earned is applicable to the degree following regular admission, which may be obtained later. Enrollment as a "Special Student" is a relatively easy matter. Just fill out the form on page 10 and mail it to: Registrar's Office, The Evergreen State College, Olympia, WA. 98505.

Program Definitions

Evergreen offers credit for part-time students in four basic ways:

COURSES:

Studies focusing on specific subject areas. All courses generate one Evergreen unit unless otherwise indicated. Nearly all Evergreen courses meet in late afternoon and evening hours and are specifically designed to serve the needs of part-time students.

COORDINATED STUDIES:

Team-taught programs which examine major problems, or themes from the perspective of various academic subjects. These programs operate at both beginning and advanced levels. Part-time students may arrange to participate in a portion of a Coordinated Studies program for academic credit.

GROUP CONTRACTS:

Group studies involve the intensive examination of more specific subjects such as economics, arts, marine biology, and sociology to name but a few. Groups include from 15 - 20 students working with a single faculty member. Again, part-time study opportunities exist in some of these programs, with students taking less than a full academic load to earn credit.

INDIVIDUAL CONTRACTS:

Where single students work one-to-one with faculty sponsors on a specific academic assignment — normally involves advanced, full-time students. However, some part-time students with advanced expertise may be able to negotiate these kinds of individual programs by making special arrangements with faculty members.

Information on faculty sponsors for individual contracts is available from the Academic Advising Office and students are encouraged to call that office (at 866-6312).

Degree Requirements

Students must earn a minimum of 45 units of Evergreen credit in order to complete their Bachelor of Arts degree. Students transferring from another college must earn at least 12 Evergreen units before

becoming eligible to receive their Evergreen diploma. One Evergreen unit is equivalent to four quarter hours or 2.67 semester hours.

Evergreen will accept a maximum of 33 TESC units as transfer credit (equal to 132 quarter hours or 88 semester hours). The maximum amount of credit that can be transferred from two-year colleges is 23 units equal to 90 quarter credits. Transfer students should supply transcripts of all previous work when they apply for admission. The Admissions Office will evaluate transfer credit and supply students with a report after they are admitted.

The flexibility of Evergreen's study modes adapts to a wide variety of individual needs and situations. These range from classroom instruction to independent study to internships.

Paths To Your Degree

Here are some examples of paths other students have taken to earn their degrees from Evergreen. The academic experiences of these fellow part-time students may differ markedly from what you choose but serve as illustrations of how you can complete your bachelor of arts degree as a part-time student.

STUDENT A:

Employed in medical delivery services; interested in management of health care delivery. Transferred to Evergreen from community college, four-year college and school of nursing with 132 quarter hours (33 Evergreen units).

First Year at TESC: took one course in library research methods; earned one unit.

Second Year: took course in applied psychology, independent study contract in activities of women's groups; and independent study in human psychological and social development; earned three units.

Third Year: taking two courses (in literature and religion) and expects to earn two Evergreen units.

At her present rate, this student will graduate in June, following the footsteps of her children who have already earned their college degrees.

STUDENT B:

Full-time state employee; interested in data processing management. Transferred to Evergreen with 48 quarter credit hours (12 Evergreen units) for work in community college, four-year college and through extension programs.

First Year at TESC: took one course in crime reporting which was related to his job, then enrolled for course in sciences; earned two Evergreen units.

Second Year: enrolled in half-time program especially designed for state workers and registered for additional independent study contract related to his professional assignments and was able to earn four Evergreen units.

Third Year: continuing to study in half-time program which should enable him to earn his degree in 11 quarters, assuming he maintains his two-units-per-quarter pace.

STUDENT C:

Full-time employee in educational institution; interested in manage-

ment. Transferred to Evergreen with eight credit hours (two units) of work done at community college and in special training program.

First year at TESC: Enrolled in U.S. History course; earned one Evergreen unit. For past four years, she has continued taking one or two courses per quarter. Through special arrangements with her employer, she was also able for three quarters to enroll for individual study contracts in addition to her courses and earn full-time credits (four units). If she can continue at present rate of two units per quarter, she will graduate in eight more quarters.

STUDENT D:

Working full-time in an educational audio/visual unit; interested in art. Transferred to Evergreen from major university with 84 credit hours (21 units).

First Year: enrolled as full-time student and earned four Evergreen units. In past four years he has enrolled part-time or half time, usually combining regularly scheduled courses with independent study contracts for total of two units per quarter. If he continues to earn two units per quarter, he will graduate in March of 1978.

Because Evergreen has only offered extensive part-time studies programs for two years, the number of persons who have graduated through these opportunities is limited. For additional examples of how students earn their degrees at Evergreen, please read the paths described below taken by full-time students.

STUDENT E:

(entered as a freshman from a Washington high school). Interested in Communications.

First Year: Coordinated Study revolving around sociology, political science, and government.

Second Year: Contracted Studies of News Media and Government.

Third Year: Contracted Studies and internships involving print and broadcast news and cinematography.

Fourth Year: Television internship and individual studies in broadcast journalism, communications and the electronic process.

Graduated: Now employed as news reporter for metropolitan TV station.

STUDENT F:

(Transfer student.) Interested in business administration and travel.

First and Second Years: Studied at another college for two quarters. Transferred to Evergreen as a third-quarter freshman, and entered coordinated studies program contrasting the culture, language, history, and traditions of Japan with the West. Program involved one-year study in Japan, requiring language skill development and ability to adapt to living with host families and working in Japanese business.

Third Year: Group and individual contract work in economics and business.

Fourth Year: Intensive Japanese language study and internship in business.

Graduated: Currently employed as operations manager of an American touring corporation based in Washington State.

Evaluation

At Evergreen students are evaluated in written narrative by their faculty. Their written evaluations

are added to their Official Transcripts which are kept in the Registrar's Office. For each unit of credit or block of units, students will have at least three documents: an official description of their program or contract; an evaluation of their performance by their faculty member; and a statement by the students themselves evaluating what they feel they have learned.

Credit For Prior Learning

There are two sources of possible credit for prior learning outside formal educational institutions: College Level Examination and External Credit. Both may be used by students to accelerate their progress toward a degree, thereby recognizing credit-worthy but heretofore unaccredited achievements in learning.

Students interested in the College Level Examination Program (CLEP) should contact the Registrar's Office (866-6180). They may be eligible to take tests in designated subject areas and earn up to two units of credit per examination. Students should be especially careful to determine their eligibility for CLEP before taking any exams.

Evergreen has established an Office of External Credit to assist older students returning to college who have work or independent study experience which may merit academic credit. External Credit staff will help students document their experiences so they can demonstrate competence and petition for academic credit. Such credit will not be granted for attainments which have already been recognized by awards of credit elsewhere. Summary statements on the external credit policy and procedures are available and students who believe they may have experiences which could generate credit should check with the External Credit Office (866-6072). Up to one year of academic credit may be earned by this process.

Support Services

Part-time students may take full advantage of Evergreen's excellent undergraduate library facilities. In addition to quiet study spaces, the library houses a collection of more than 85,000 hard-bound volumes, another 23,000 books and periodicals in microform, plus reference materials, serials and documents, maps, charts, art prints, audio recordings, models, films, videotapes, slides, and rare books. Complete library privileges are extended at no extra charge. Part-time students also will find a complete range of supplies and academic books and materials in the College Bookstore, main mall of the Activities Building.

SPECIAL

Student usually enrolled for one or two units of credit who receives regular college evaluation. Student may subsequently apply for admission to degree-seeking status, with previous work credited toward the degree.

Those who want to enroll, but have not been regularly admitted by the Office of Admissions may do so as a "Special Student" on the form on page 10. This allows registration without making formal application, supplying transcripts, etc.

Credit for one or two units maximum earned is applicable to the degree following regular admission, which may be obtained later. Enrollment as a "Special Student" is a relatively easy matter. Just fill out the form on page 10 and mail it to: Registrar's Office, The Evergreen State College, Olympia, WA. 98505.

STUDENT B:

Full-time state employee; interested in data processing management. Transferred to Evergreen with 48 quarter credit hours (12 Evergreen units) for work in community college, four-year college and through extension programs.

First Year at TESC: took one course in crime reporting which was related to his job, then enrolled for course in sciences; earned two Evergreen units.

Second Year: enrolled in half-time program especially designed for state workers and registered for additional independent study contract related to his professional assignments and was able to earn four Evergreen units.

Third Year: continuing to study in half-time program which should enable him to earn his degree in 11 quarters, assuming he maintains his two-units-per-quarter pace.

STUDENT C:

Full-time employee in educational institution; interested in manage-

ment. Transferred to Evergreen with eight credit hours (two units) of work done at community college and in special training program.

First year at TESC: Enrolled in U.S. History course; earned one Evergreen unit. For past four years, she has continued taking one or two courses per quarter. Through special arrangements with her employer, she was also able for three quarters to enroll for individual study contracts in addition to her courses and earn full-time credits (four units). If she can continue at present rate of two units per quarter, she will graduate in eight more quarters.

STUDENT D:

Working full-time in an educational audio/visual unit; interested in art. Transferred to Evergreen from major university with 84 credit hours (21 units).

First Year: enrolled as full-time student and earned four Evergreen units. In past four years he has enrolled part-time or half time, usually combining regularly scheduled courses with independent study contracts for total of two units per quarter. If he continues to earn two units per quarter, he will graduate in March of 1978.

Because Evergreen has only offered extensive part-time studies programs for two years, the number of persons who have graduated through these opportunities is limited. For additional examples of how students earn their degrees at Evergreen, please read the paths described below taken by full-time students.

STUDENT E:

(entered as a freshman from a Washington high school). Interested in Communications.

First Year: Coordinated Study revolving around sociology, political science, and government.

Second Year: Contracted Studies of News Media and Government.

Third Year: Contracted Studies and internships involving print and broadcast news and cinematography.

Fourth Year: Television internship and individual studies in broadcast journalism, communications and the electronic process.

Graduated: Now employed as news reporter for metropolitan TV station.

STUDENT F:

(Transfer student.) Interested in business administration and travel.

First and Second Years: Studied at another college for two quarters. Transferred to Evergreen as a third-quarter freshman, and entered coordinated studies program contrasting the culture, language, history, and traditions of Japan with the West. Program involved one-year study in Japan, requiring language skill development and ability to adapt to living with host families and working in Japanese business.

Third Year: Group and individual contract work in economics and business.

Fourth Year: Intensive Japanese language study and internship in business.

Graduated: Currently employed as operations manager of an American touring corporation based in Washington State.

Evaluation

At Evergreen students are evaluated in written narrative by their faculty. Their written evaluations

are added to their Official Transcripts which are kept in the Registrar's Office. For each unit of credit or block of units, students will have at least three documents: an official description of their program or contract; an evaluation of their performance by their faculty member; and a statement by the students themselves evaluating what they feel they have learned.

Credit For Prior Learning

There are two sources of possible credit for prior learning outside formal educational institutions: College Level Examination and External Credit. Both may be used by students to accelerate their progress toward a degree, thereby recognizing credit-worthy but heretofore unaccredited achievements in learning.

Students interested in the College Level Examination Program (CLEP) should contact the Registrar's Office (866-6180). They may be eligible to take tests in designated subject areas and earn up to two units of credit per examination. Students should be especially careful to determine their eligibility for CLEP before taking any exams.

Evergreen has established an Office of External Credit to assist older students returning to college who have work or independent study experience which may merit academic credit. External Credit staff will help students document their experiences so they can demonstrate competence and petition for academic credit. Such credit will not be granted for attainments which have already been recognized by awards of credit elsewhere. Summary statements on the external credit policy and procedures are available and students who believe they may have experiences which could generate credit should check with the External Credit Office (866-6072). Up to one year of academic credit may be earned by this process.

Support Services

Part-time students may take full advantage of Evergreen's excellent undergraduate library facilities. In addition to quiet study spaces, the library houses a collection of more than 85,000 hard-bound volumes, another 23,000 books and periodicals in microform, plus reference materials, serials and documents, maps, charts, art prints, audio recordings, models, films, videotapes, slides, and rare books. Complete library privileges are extended at no extra charge. Part-time students also will find a complete range of supplies and academic books and materials in the College Bookstore, main mall of the Activities Building.

Bus Transportation

The Evergreen campus is served by the Inter-City Transit System (schedules available from ITS, 753-8325) and, during the regular academic year, a college-operated evening bus. The Evergreen bus operates between 6 p.m. and midnight Monday through Friday, making runs to and from the main campus parking lot along a route through Westside Olympia, downtown, and east to the Martin Way-Sleater Kinney Road intersection. Fare on the evening bus is 25 cents one-way. Further information and schedules may be obtained by telephoning Evergreen's Office of Recreation and Campus Activities (866-6210).

Housing

Evergreen has a limited number of apartments for students, staff and faculty. Facilities include studio apartments; 2, 3, and 5-bedroom units in large complexes; as well as 38 two-bedroom duplexes. All units are fully furnished.

Housing also includes smaller 1 and 2-person studio rooms with access to a community kitchen adjacent to the studios. Prices vary from \$71 per month per person to \$392 per month for a five bedroom unit; rates dependent on the type of unit and length of contract. All utilities (except phone) and parking and FM-TV cables provided at no additional cost.

Human Rights Policy

EQUAL OPPORTUNITY POLICY AND AFFIRMATIVE ACTION PROGRAM

The Equal Opportunity Policy of The Evergreen State College requires that its faculty, administration, staff, students, and persons who develop programs at the college; and all contractors, individuals and organizations who do business with the college; comply with the letter and spirit of all federal, state, and local equal employment opportunity statutes and regulations.

The college expressly prohibits discrimination against any person on the basis of race, sex, age, religion, national origin, or physical disability (except where physical disability is a bona fide occupational qualification). All decisions on employment and promotion must utilize only valid job-related requirements.

The Evergreen State College is committed to an affirmative action program — a goal-oriented program through which it makes specific additional efforts to recruit, hire, train and promote non-whites and women; and to recruit, admit and educate non-white and women students. The affirmative action program is designed to overcome and prevent the effects of systemic institutional discrimination and benign neutrality in employment and educational practices. The college will take affirmative action to solicit bids on goods and services contracts from non-white and women vendors and contractors.

The college's Affirmative Action Office has responsibility for preparing the college's affirmative action program, including procedures for reporting and monitoring.

If you wish to register for any of the courses listed in this brochure for Winter Quarter 1978, you may do so by mail. Complete this form and mail to: The Registrar's Office, The Evergreen State College, Olympia, WA 98505 by December 16th, 1977.

NOTE: Only forms completely filled out may be processed.

COMMUNICATIONS LABORATORY BUILDING Instructional, performance, and production facilities for audio and video communications, film, still photography, theater, speech training, music, dance, and two-dimensional design.

B, C, F PARKING LOTS

THE CAMPUS The Evergreen State College campus, five miles northwest of downtown Olympia, may be reached by city and county arterials or from the interstate freeway system. The campus, largest in Washington, includes 1,000 acres of natural forests, grassy open areas, rolling hills, and 3,300 feet of undeveloped saltwater beach on Eld Inlet of Puget Sound. Most of the site remains in its natural state, with major buildings placed in a center core and tied together by a landscaped plaza and walkways penetrating forested areas. Campus facilities are indicated on the adjoining map. Major activities within the various buildings are listed with the accompanying legend.

PARKING Parking facilities for students, faculty, staff and visitors rim the south edge of the campus core. Though parking is not allowed within the academic plaza or marked emergency lane areas, campus guests may unload passengers at the end of a circular drive within easy walking distance of the major buildings. Vehicle parking in all designated lots costs 25 cents per day. Daily parking tickets may be purchased at an entry and information station near the parking lots. Special group parking rates can be arranged by telephone.

CAMPUS SERVICES Evergreen's food services operate from a cafeteria on the first floor of the College Activities Building. Food also is available from a full line of vending machines and a small delicatessen. Open from 7:45 a.m. to 11 p.m. daily (9:45 a.m. to 3:15 p.m., summer hours) the cafeteria serves campus visitors as well as students, faculty and staff. Off-campus groups are welcome to schedule meetings in the Activities Building and may receive either catered or ala carte meals through the cafeteria. Requests for meetings should be directed to the Conference Coordinator's Office in the Bookstore. The Office of Recreation and Campus Activities coordinates arrangements for public use of the Recreation Center. Requests for on-campus housing may be made through the Housing Office.

COLLEGE INFORMATION Campus visitors may obtain directions and other college information by visiting the Information Center, found just inside — on the second or main entry level — of the College Activities Building. Information Center personnel maintain complete campus listings, coordinate announcements on general bulletin boards and provide help for visitors wishing to find people at Evergreen. Persons with inquiries about admission to Evergreen should write to the Director of Admissions. Persons wanting general information or wishing to arrange campus tours should write or phone the Office of College Relations.
