

DEPARTMENT OF ECOLOGY

IN THE MATTER OF THE REQUEST BY  
 Resource Management, Inc.  
 FOR TEMPORARY MODIFICATION OF THE STATE  
 SURFACE WATER QUALITY STANDARDS FOR THE  
 USE OF PESTICIDES TO CONTROL AQUATIC  
 PLANTS IN Various Lakes

ADMINISTRATIVE ORDER  
 NO. DE 98WQ-S205  
 FIRST AMENDMENT

To: Mr. Terry McNabb  
 Resource Management  
 2900-B 29th Avenue Southwest  
 Tumwater, WA 98512-3805

Administrative Order No. DE 98WQ-S205, dated May 11, 1998, is hereby amended to include the waterbodies to control of aquatic weeds.

SPECIAL CONDITIONS

S1. Names of waterbodies, acre(s), chemicals, and specific conditions covered under this Order are as follows:

WATERBODY	COUNTY/CITY /LOCATION	ACRE(S) APPROVED	CHEMICAL(S) APPROVED	SPECIFIC CONDITIONS
6 Lechner Brothers Landfill Pond	Lechner Brothers Landfill, Vancouver, Clark County	1 acre for Milfoil control	Fluridone (Sonar)	<p>a. There shall be no discharge of pesticide from this waterbody. The applicator shall furnish evidence of the complete absence of pesticides in any waters to be discharged at least two (2) days prior to discharge; such evidence shall be submitted to the Department of Ecology's Southwest Regional Office by mail or by fax, as indicated in Condition G-3(A).</p> <p>b. In addition to any notification or reporting requirements indicated in Order No. DE 98WQ-S205, copies of documents, voice mail, or facsimiles will also be sent to Rusty Post at (360) 690-4787, fax (360) 690-7166.</p>
