

property. If the residence or business is gated or guarded by watch dogs, the applicator may secure the notice in clear view on the outside of the gateway or may attach the notice to the outside of the residence in a fashion that will hold it in place but will not damage property.

A copy of the notice and a list of addresses where they were sent or delivered (a map with streets and block numbers labeled of the area(s) given notice is acceptable) shall be kept by the applicator for seven (7) years and be hand delivered or mailed to Ecology immediately upon request.

- F. When using fluridone (Sonar[®]) and/or glyphosate (Rodeo[®]), the applicator shall include a statement in the Herbicide Application - Residential and Business Notice informing residents and businesses of the one-quarter (1/4) mile and one-half (1/2) mile application restriction for potable water use [i.e., water treated with glyphosate (Rodeo[®]) should not be used for drinking water within one-half (1/2) mile of the treatment site].
- G. Conditions in P-1 (A-D) shall not apply to waterbodies that are entirely owned by the sponsor and occupied only by them and their immediate family, have no public access, and have no inlet or outlet.

If all the residents within the standard notification area [one-quarter (1/4) mile in each direction along the shore and five-hundred (500) feet upland] are part of a homeowner's association, and no public access exists to the waterbody, the public notice conditions in P-1(A-D) may be waived if all residents are informed through a homeowner's association newsletter or similar mailing thirty (30) days prior to treatment.

A copy of the newsletter and its mailing list shall be kept by the applicator for seven (7) years and be hand delivered or mailed to Ecology immediately upon request.

P-2 Legal Notice Procedures:

The applicator shall publish a notice in the legal notices section of a local newspaper of general circulation (or nearest regional paper if a local paper does not exist) for all pesticide applications expected during the time the permit is in effect.

These legal notices shall be published five (5) to twenty-one (21) days prior to the first pesticide application of the season. This notice shall include:

- A. The pesticide(s) to be used and their active ingredient(s);
- B. The approximate date(s) of treatment;
- C. The approximate location(s) to be treated;
- D. Any water use restrictions or precautions;
- E. The posting procedure; and
- F. The names and phone numbers of the applicator and the appropriate Ecology regional office.

A dated copy of the published notice or an affidavit from the legal department of the newspaper shall be mailed or faxed to the appropriate Ecology regional office. This form must be submitted
