

Student Originated Software – Fall 2003

Week 8 Assignments

November 17-21

Monday:

OOAD EU-Lease Pair Notebooks due, 10am. See program web site for list of what this should include. Discussion and Decision re December 5th field trip possibility. See <http://cse.ogi.edu/S3S/agenda.html>

OOA lecture (see Sherri's web site)

OOAD State Charts; converting domain models, especially relationships to Java class diagrams.

1-3 Workshop will meet in the ACC – generating code from Rose.

Tuesday:

10-12 - OOA Lab as per usual

1-3 Presentations from Project Teams:

each team to read your paragraph and present resource needs for the NCHIA proposal, brainstorm on program resource needs and “unifying theme”.

Read and bring questions about the EU-Lease case study implementation or Project Notebook outline, which you can find on the program web page

<http://academic.evergreen.edu/curricular/sos/assignments.asp>

Wednesday:

Code Review with Isaac of sample implementation of EU-Bid.

Thursday:

Seminar: *Cathedral and the Bazaar*

1-3 : Case Study and Team Meetings

Some ideas for freeing up Thursday December 4 as a prep day, to accommodate a Friday December 5 field trip to Portland (OGI): <http://cse.ogi.edu/S3S/agenda.html>

No classes on Thursday. Case Study Team Notebooks due at 5pm

Move Seminar to Tuesday 1-3.

Make OOAD Final Exam a short homework assignment.
