

# Deschutes River Off-Channel Habitat Inventory

## Legend

-  Mainstem and Tributaries
-  Meander Zone
-  100-year Floodplain

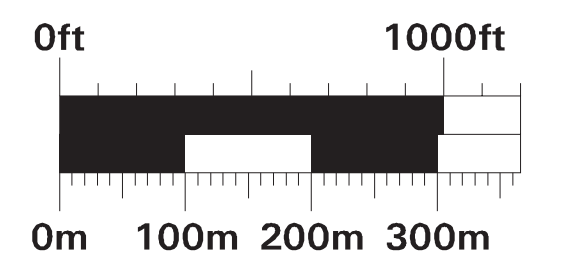

## Habitat Types

-  Wetlands
-  Overflow Channels

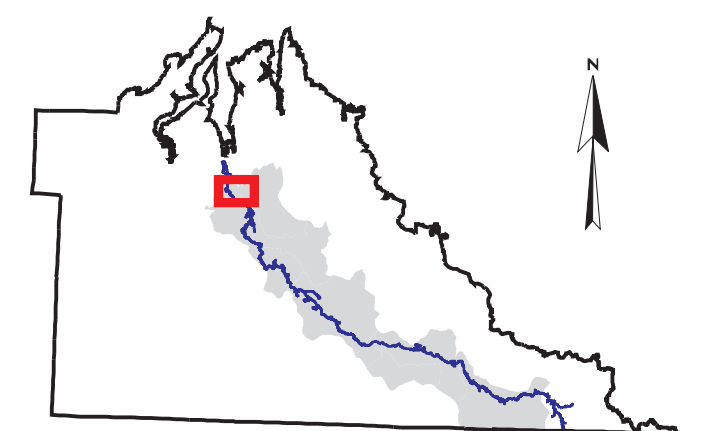

Note: Overflow channels and wetlands were digitized from 1996 one- and three-foot ortho photos and represent a subset of existing features. Selection criteria are listed in: *The Deschutes River Off-Channel Habitat Inventory*.

Map Produced By:  
Thurston Regional Planning Council  
for  
**Squaxin Island Tribe  
Natural Resources**

Aerial photos flown in 1996
