If you're like a lot of other people, you'd like to start, resume or continue college work to complete bachelor's degree requirements, to earn credits which will improve your chances for job promotion and career advancement, to broaden your personal horizons, or to pursue current personal interests.

You doubtless have your own set of career and personal academic interests. Perhaps you wish to improve such communications skills as writing and reading. You may want to study more general areas such as political science, history, literature, or anthropology. And your goal may include an integration of these kinds of studies. In any case, you probably want to tailor a program of study to your own situation, giving you maximum flexibility in planning and carrying out your college work.

Like a lot of other people, time may be a problem for you. You can't just drop everything to go to college, particularly during the daytime, perhaps anytime during regular weekdays. If you're a working parent and you're single, this poses additional problems.

So, going to college may be a good idea, but...

The Evergreen State College may have some answers for you. Read this brochure and see whether we can help satisfy some of your academic needs while paying attention to time and money problems that previously may have kept you away from the college classroom.

Evergreen grants credit for the College Level Examination Program (CLEP) and also considers college courses and credit awards for students' prior experience outside college through the Office of External Credit. For information about CLEP, call 866-6180. For information about External Credit, call 866-6072.

Both the Admissions office and the Office of Academic Advising will be happy to explain enrollment procedures to you and advise you about how a given program may best match up with your personal academic needs. Part-time students who need further clarification of the ways in which participation in Evergreen programs may lead to a bachelor's degree can receive advice and counseling from the offices of Admissions (866-6170), Advising (866-6312), or Career Planning and Placement (866-6193).

Admissions

If you have questions about admissions procedures, call Office of Admissions (866-6170).

Academic Advising

Information about academic planning may be obtained from the Office of Academic Advising (866-6312).

Career Exploration & Placement

Part-time students needing information about career exploration and career planning (for instance, how would a given set of studies relate to a specific career field already being pursued by the student?), coupled with career identification and eventual placement or advancement, should telephone Evergreen's Career Planning and Placement Office (866-6193) and talk to one of the staff. They have a lot of information and resources at their fingertips and are happy to help you.

SOME BASIC INFORMATION

Academic Year
Fall Quarter: September 27 – December 10
Winter Quarter: January 3 – March 18
Spring Quarter: March 28 – June 10

SOME BASIC INFORMATION

Academic Year
Fall Quarter: September 27 – December 10
Winter Quarter: January 3 – March 18
Spring Quarter: March 28 – June 10

Academic Credit

One Evergreen unit represents four quarter hours of academic work (NOTE: Most part-time students take one unit at a time; some take two per quarter but the academic load is greater.)

Evaluation

Written narrative by faculty of individual student's work.

Student Classification

RESIDENT:

Person who has had a domicile for other than educational purposes in the State of Washington for one year immediately prior to the first day of a quarter; a dependent son, daughter, or spouse of a federal employee residing within the State; a dependent son, daughter, or spouse of a college employee.

NON-RESIDENT:

Those who do not fit the "resident" definition. (For specific information, contact the Registrar, 866-6180.)

Costs

The following tables represent a new set of costs for part-time students attending Evergreen, with tuition and fees lowered from previous years.

*Degree-seeking student enrolled on part-time regular basis. **Non-degree-seeking student. ***Applied to first quarter's tuition and fees. **Auditor status not applicable to laboratory or studio offerings. Must have approval of faculty.
**Student Categories**

**PART-TIME STATUS:**

Student enrolled for one or two units of credit through continuing academic work leading to a bachelor's degree. Accepted by the Admissions office as a matriculated student. Receives regular college evaluation.

**SPECIAL:**

Student usually enrolled for one or two units of credit who receives regular college evaluation. Student may subsequently apply for admission to degree-seeking status, with previous work credited toward the degree.

**Special Class Locations**

You should expect most programs to be scheduled at Evergreen. If other arrangements are made for a given program, enrolled students will be so notified.

**Bus Transportation**

The Evergreen campus is served by the Inter-City Transit System (schedules available from ITS, 753-8325) and, during the regular academic year, a college-operated housing bus. The Evergreen bus operates between 6 p.m. and midnight Monday through Friday, making runs to and from the main campus parking lot along a route through Westside Olympia, downtown, and east to the Martin Way-Slater Kinney Road intersection. Fare on the evening bus is 15 cents one-way. Further information and schedules may be obtained by telephoning Evergreen's Office of Recreation and Campus Activities (866-6210).

**Academic Support Services**

Part-time students may take full advantage of Evergreen's excellent undergraduate library facilities. In addition to quiet study spaces, the library houses a collection of more than 85,000 hardbound volumes, another 25,000 books and periodicals in microform, plus reference materials, serials and documents, maps, charts, art prints, audio recordings, models, films, videotapes, slides, and rare books. Complete library privileges are extended at no extra charge. Part-time students also will find a complete range of supplies and academic books and materials in the College Bookstore, main mall of the Activities Building.

**Housing**

Evergreen has a limited number of apartments for students, staff and faculty. Facilities include studio apartments; 2, 3, and 5-bedroom units in large complexes; as well as 38 two-bedroom duplexes. All units are fully furnished. Housing also includes smaller 1 and 2-person studio rooms with access to a community kitchen adjacent to the studios. Rates vary from $450 per person to $525 per month for a five bedroom unit; rates dependent on the type of unit and length of contract. All utilities (except phone) and parking and FM-TV cables provided at no additional cost.

For additional information, write or call:

Housing Office

The Evergreen State College
“A” Building, Room 220
Olympia, Washington 98505
Phone: 206/866-6132

**REGISTRATION**

Realizing that the interests of part-time students may range from taking one or two modular courses per quarter to perhaps participating in Coordinated or Group Contracted Studies, Evergreen has established flexible admission and registration procedures. The following information explains options open to you:

**Special Students**

Those who want to enroll, but have not been regularly admitted by the Office of Admissions may do so as a "Special Student." This allows registration without making formal application, supplying transcripts, etc. Credit for one or two units maximum earned is applicable to the degree following regular admission, which may be obtained later. A "Special Student" registration form is available from the Registrar's Office (Library Building 1100). Enrollment as a "Special Student" is a relatively easy matter. Just call us (866-6180) or visit campus.

**Regular Students**

Persons wishing to immediately begin or continue work toward a bachelor's degree may wish to register as part-time "Regularly Admitted Student," taking one or two units of credit. These students follow regular admissions procedures, which require submission of a full application and transcripts of previous academic work. Those unable to complete the regular admissions process by the start of a given quarter may still apply as a "Special Student" to secure their part-time place at Evergreen. Credits would be applied to degree work when regular admission is obtained.

Students wishing to carry more than one Evergreen unit (four credit hours) may register for two 1-unit modular courses (eight credit hours) or may register for one modular course and a four-credit-hour individual contract in the same area of study. The tuition for eight quarter credit hours (2 Evergreen units) is only $102 per quarter. This combination of course work and an independent study contract enables students to tailor work more closely to their individual needs.

Information on faculty sponsors for individual contracts is available from the Academic Advising Office and students are encouraged to call that office (866-6132).

**How To Register**

You may register anytime during regular office hours of 8 a.m. to 5 p.m. through the start of any given quarter. In addition, part-time students will be able to talk with faculty and obtain any needed signatures for program entry during special evening registration sessions, as follows:

**WINTER QUARTER:** January 3 to 6 to 8 p.m., Library Lobby.

**SPRING QUARTER:** March 28 to 31, Spring for registration. Tuition and Fees are to be paid at the time of enrollment.

**SOMETHING SPECIAL**

Evergreen offers credit for part-time students in four basic ways:

**MODULAR COURSES:**

Studies focusing on specific study areas. All Modular programs operate at one Evergreen unit unless otherwise indicated. Meetings of these programs are restricted to late afternoons and evenings and are designed to meet the needs of part-time students.

**COORDINATED STUDIES:**

Team-taught programs which examine major problems or themes from the perspective of various academic subjects. These programs operate at both beginning and advanced levels. Part-time students may arrange to participate in a portion of a Coordinated Studies program for academic credit.

**GROUP COORDINATED STUDIES:**

Group studies involve the intensive examination of more specific subjects such as economics, arts, marine biology, and sociology to name but a few. Groups include from 15 - 20 students working with a single faculty member. Again, part-time study opportunities exist in some of these programs, with students taking less than a full academic load to earn credit.

**INDIVIDUAL CONTRACTS:**

Where single students work one-to-one with faculty sponsors on a specific academic assignment - normally involves advanced, full-time students. However, some part-time students with advanced expertise may be able to negotiate these kinds of individual programs by making special arrangements with faculty members. For further details, see 1976-77 College Bulletin or 1976-77 Supplement, which more fully describe specific offerings.
PART-TIME STUDY OPPORTUNITIES
MODULAR COURSES

1976/77 Winter Quarter Modules

January 3 - March 3, 1977

(programs with two divisional emphases are cross listed.)

ARTS

Acting Techniques
Elementary Harmony
History of the Theater
Intermediate and Advanced Photography
Intermediate Audio Recording Techniques
Intermediate Ballet
Life Drawing
Motion Picture from Script to Screen
Painting: Materials and Techniques
Performance Ensemble: The Chamber Singers
Performance Ensemble: The Jazz Ensemble
Radio Vision
Vocal Technique and Style

HUMANITIES

Basic Russian
Beginning Chinese
Beginning Japanese
French, First Year
French, Second Year
French, Third Year
German, Beginning and Intermediate
Norwegian, Beginning and Intermediate
Motion Picture from Script to Screen
Rationalism and Romanticism: Philosophical Perspectives
Spanish, First Year
Spanish, Second Year
Spanish, Third Year
Spanish, Fourth Year

NATURAL SCIENCES & MATHEMATICS

Beginning Mathematics
Calculus I
Catastrophe Theory
Environmental Chemistry
Environmental Impact Statements
General Biology II
Introductory Biostatistics
Introductory Oceanography
Plant Physiology
Scientific Writing
Winter Field Botany

SOCIAL SCIENCES

Family Therapy
Fundamentals of Statistics
Introduction to Criminal Justice System
Law and the Environment
Legislature & Legislative Process
Publicity and Promotion
Punishment and Rehabilitation: The State of the Arts

OTHERS, including Interdisciplinary Studies

Between the Covers: Or, How to Find What You Need in the Library
Career and Life Planning: Where Do I Go From Here With My Life
Contemporary Issues in Language & Thought

Interdisciplinary Education: Evergreen, A Working Example
Intermediate Accounting

1976/77 Spring Quarter Modules

March 28 - June 10, 1977

(programs with two divisional emphases are cross listed.)

ARTS

Advanced Audio Recording Techniques
Architectural Design
Intermediate Ballet
Intermediate Harmony
Nineteenth & Twentieth Century Art

HUMANITIES

Beginning Chinese
Beginning Japanese
French, First Year
French, Second Year
French, Third Year
Modern Greek Language
Spanish, First Year
Spanish, Second Year
Spanish, Third Year
Spanish Fourth Year

NATURAL SCIENCES & MATHEMATICS

Calculus II
Field Botany
General Chemistry
Introductory Physics
Navigation
Origin of Life

SOCIAL SCIENCES

Games Nations Play

OTHERS, including Interdisciplinary Studies

Cartoons and Comic Strips as Social History
Contemporary Issues in Language & Thought
Intermediate Accounting
Nature of Humankind

OPEN TO ALL PART-TIME STUDENTS.

NOTE: The following programs will be offered during the 1976-77 academic year if minimum enrollments — listed with each course description — are met. Because of our desire to be flexible and respond to student needs, we anticipate that some additional programs will be offered Spring Quarter. To obtain information about additional Spring programs call Admissions in March, Instructors for Modular Courses either are regular Evergreen faculty members or adjunct faculty members engaged to offer specific programs to serve the needs of part-time students. Persons wishing to audit Modular Courses may do so only with the approval of the faculty member. No auditors will be allowed in either the laboratory or studio portions of Modules and other programs.

Arts

ACTING TECHNIQUES, Winter Quarter
Sandra Nisbet and Pat Larson, Adjunct Members of the Faculty.

APPLICATION OF acting techniques through study and performance of selected scenes and monologues. Some exercises/problems in voice, interpretation, improvisation, and characterization skills.

Prerequisites: Beginning Acting or consent of instructors.

Class size limit: 24.

ELEMENTARY HARMONY, Winter Quarter
Dr. Robert Gottlieb, Member of the Faculty (Music), 866-6601.

Tuesday and Thursdays, 9:30 - 11 a.m.; Laboratory meetings Wednesday and Friday 10 - 11 a.m., Library 2101.

Elementary Harmony will cover the structure of tonality, triads and their inversions, harmonic progressions, and the use of non-harmonic tones.

Prerequisites: Demonstrated knowledge of music fundamentals.

Class size limit: 40. In case of overflow, students enrolled at Evergreen will have first priority.

HISTORY OF THE THEATER, Winter Quarter
Dr. Andre Tsai, Member of the Faculty (Theater), 866-6610

Tuesdays and Thursdays, 9:30 - 11 a.m., Library 2200.

A survey of American theater history. About 20 plays will be studied through lectures and class discussions.

Prerequisites: None.

Class size limit: 30.

INTERMEDIATE AND ADVANCED PHOTOGRAPHY, Winter Quarter
Paul Sparks, Member of the Faculty (Art and Photography), 866-6399.

Tuesdays and Thursdays, 3 - 6 p.m., plus several Saturday field trips, Library 2204.

This program studies photography as a means of personal expression and supplies a firm foundation in the fundamental techniques of black and white photography.

Prerequisites: None.

Class size limit: 24.

Special expenses: Students should expect to spend at least $35 on materials; active students will spend more.

INTERMEDIATE BALLET, Winter and Spring Quarters
Bernard Johansen, Member of the Faculty (Dance), 866-6149.

Tuesdays and Thursdays, 9:30 - 11 a.m.; Laboratory meetings Wednesdays 6:30 - 10 p.m., Library 4300.

Beginning Ballet Barre and Center Techniques will be offered through lectures and class discussions.

Prerequisites: None.

Class size limit: 24.

INTERMEDIATE AND ADVANCED PHOTOGRAPHY, Winter Quarter
Paul Sparks, Member of the Faculty (Art and Photography), 866-6399.

Tuesdays and Thursdays, 3-6 p.m., plus several Saturday field trips, Library 2204.

This program studies photography as a means of personal expression and supplies a firm foundation in the fundamental techniques of black and white photography.

Prerequisites: None.

Class size limit: 24.

Special expenses: Students should expect to spend at least $35 on materials; active students will spend more.

INTERMEDIATE BALLET, Winter and Spring Quarters
Bernard Johansen, Member of the Faculty (Dance), 866-6149.

Tuesdays and Thursdays, 9:30 - 11 a.m.; Laboratory meetings Wednesdays 6:30 - 10 p.m., Library 4300.

Beginning Ballet Barre and Center Techniques will be offered through lectures and class discussions.

Prerequisites: None.

Class size limit: 24.

INTERMEDIATE BALLET, Winter and Spring Quarters
Bernard Johansen, Member of the Faculty (Dance), 866-6149.

Tuesdays and Thursdays, 9:30 - 11 a.m.; Laboratory meetings Wednesdays 6:30 - 10 p.m., Library 4300.

Beginning Ballet Barre and Center Techniques will be offered through lectures and class discussions.

Prerequisites: None.

Class size limit: 24.

LIFE DRAWING, Winter Quarter
Paul Sparks, Member of the Faculty (Art and Photography), 866-6399.

Wednesdays 6:30 - 10 p.m., LAB II 2223.

At least two Saturday field trips will also be arranged.

Prerequisites: None.

Class size limit: 24.

Special expenses: Students should expect to spend a minimum of $25 on materials.
PAINTING: MATERIALS AND TECHNIQUES, Winter Quarter
Young Hwail, Adjunct Member of the Faculty (Art), 866-6043.
Tuesday and Thursday, 7 - 9 p.m.; tab II 2237.
A basic course in painting to acquaint the students with a variety of media and techniques. Media and techniques will be emphasized. Demonstrations and individual instruction will be offered.
Prerequisites: Some drawing skills.
Class size limit: 20.

PERFORMANCE ENSEMBLE: THE CHAMBER SINGERS, Winter and Spring Quarters
Donald Chan, Member of the Faculty (Music), 866-6669.
Monday and Wednesday, 4 - 6 p.m.; Seminar 4155.
A vocal ensemble that will rehearse and perform a wide variety of music from classical to pop to rock.
Prerequisites: Entrance by audition only.
Class size limit: 16 - 24.

PERFORMANCE ENSEMBLE: THE JAZZ ENSEMBLE, Winter and Spring Quarters
Donald Chan, Member of the Faculty (Music), 866-6669.
Tuesday and Thursday, 4:30 - 6 p.m.; Wednesday, 7 p.m.; Seminar 4155.
A performance ensemble that will rehearse and perform the big band literature of the 1950s, 1960s and 1970s, including Basie, Ellington, Ferguson, Rich, Ellis and Jones/Lewis.
Prerequisites: Entrance by audition only.
Class size limit: 20 - 23.

RADIO VISION, Winter Quarter
Lee Chambers, Adjunct Member of the Faculty (Radio), 866-5267.
Monday and Wednesday, 9 a.m. to noon, Library 1507.
Participants study broadcast writing styles and production techniques, produce and critique projects, work together on major productions. Text: Workbook for Radio News Editors and Writers.
Prerequisites: None.
Class size limit: 24.

VOCAL TECHNIQUE AND STYLE, Winter Quarter
Joan Winden, Adjunct Member of the Faculty (Music), 866-8075.
Monday, 7 - 10 p.m.; Seminar 4155.
This module is designed to develop one's singing ability and to prepare for performance by studying the principles of vocal production and several musical styles.
Prerequisites: None.
Class size limit: 20.

Humanities

BASIC RUSSIAN, Winter Quarter
Dr. Andrew F. Hafeman, Member of the Faculty (Language Studies, Russian-Soviet Area Studies), 866-6648, and Dr. Thomas Rainey, Member of the Faculty (History), 866-6032.
Monday and Wednesday, 7 - 9 p.m.; Library 2506.
This module will introduce students to the fundamentals of Russian phonetics and grammar, using an oral-aural approach. Emphasis will be on reading and conversation.
Prerequisites: Students must have completed Fall Quarter Basic Russian or pass an entrance examination.
Class size limit: 15.

BEGINNING CHINESE, Winter and Spring Quarters
Lynn Struve, Member of the Faculty (Chinese Literature), 866-6605.
Monday and Wednesday, 7 - 9 p.m.; Library 2417.
Emphasis will be placed on developing conversational skills; grammar and literature will be studied as a means of achieving fluency in Chinese.
Prerequisites: None.
Class size limit: 12.

BEGINNING JAPANESE, Winter and Spring Quarters
Michiko Takeda, Adjunct Member of the Faculty (Languages).
Tuesday and Wednesday, 7 - 9 p.m.; Library 2103.
Emphasis will be placed on developing conversational skills; grammar and literature will be studied as a means of achieving fluency in Japanese.
Prerequisites: None.
Class size limit: 12.

FRENCH, FIRST YEAR, Winter and Spring Quarters
Roberta Brown, Adjunct Member of the Faculty (Languages), 352-2421.
Tuesday and Thursday, 7 - 8 p.m.; Wednesday, 7 - 9 p.m.; Library 2103.
Emphasis will be placed on developing conversational skills; grammar and literature will be studied as a means of achieving fluency in French.
Prerequisites: None.
Class size limit: 12.

FRENCH, SECOND YEAR, Winter and Spring Quarters
Roberta Brown, Adjunct Member of the Faculty (Languages), 352-2421.
Tuesday and Thursday, 8 - 10 p.m.; Library 2103.
Emphasis will be placed on developing conversational skills; grammar and literature will be studied as a means of achieving fluency in French.
Prerequisites: First year college French or equivalent.
Class size limit: 12.

FRENCH, THIRD YEAR, Winter and Spring Quarters
Roberta Brown, Adjunct Member of the Faculty (Languages), 352-2421.
Tuesday and Thursday, 3 - 5 p.m.; Seminar 3126.
Emphasis will be placed on developing conversational skills; grammar and literature will be studied as a means of achieving fluency in French.
Prerequisites: Second year college French or equivalent.
Class size limit: 12.

GERMAN, BEGINNING AND INTERMEDIATE, Winter Quarter
Cary Kamarat, Adjunct Member of the Faculty (Languages), 352-7271.
Wednesday and Friday, 3 - 5 p.m.; Library 3234.
Emphasis will be placed on developing conversational skills; grammar and literature will be studied as a means of achieving fluency in German.
Prerequisites: None for beginning students; a few second-year students will be admitted by permission of instructor.
Class size limit: 12.

NORWEGIAN, BEGINNING AND INTERMEDIATE, Winter Quarter
Vera Anderson, Adjunct Member of the Faculty (Languages), 753-6702.
Monday and Wednesday, 6 - 8 p.m.; Library 1406.
Emphasis will be placed on developing conversational skills; grammar and literature will be studied as a means of achieving fluency in Norwegian.
Prerequisites: None for beginning students; second-year students admitted by permission of instructor.
Class size limit: 12.

RATIONALISM AND ROMANTICISM: PHILOSOPHICAL PERSPECTIVES, Winter Quarter
Katherine Sherman, Adjunct Member of the Faculty, 866-6125.
Monday, 7 - 10 p.m.; Library 2101.
"Rationalism" and "romanticism" often are applied to literary and artistic stances; they can also describe philosophical theories. Readings selected from Plato, Descartes, Schopenhauer, Bergson, Camus, Hassen and Ayn.
Prerequisites: None.
Class size limit: None.

SPANISH, FIRST YEAR, Winter and Spring Quarters
Cary Kamarat, Adjunct Member of the Faculty (Languages), 352-7271.
Wednesday and Friday, 3 - 5 p.m.; Library 3234.
Emphasis will be placed on developing conversational skills; grammar and literature will be studied as a means of achieving fluency in Spanish.
Prerequisites: None.
Class size limit: 12.

SPANISH, SECOND YEAR, Winter and Spring Quarters
Cary Kamarat, Adjunct Member of the Faculty (Languages), 352-7271.
Wednesday and Friday, 5 - 7 p.m.; Library 3234.
Emphasis will be placed on developing conversational skills; grammar and literature will be studied as a means of achieving fluency in Spanish.
Prerequisites: First year college Spanish or equivalent.
Class size limit: 12.

SPANISH, THIRD YEAR, Winter and Spring Quarters
Marita Herrera, Adjunct Member of the Faculty (Languages), 352-4503.
Monday and Wednesday, 3 - 5 p.m.; Library 2502.
Emphasis will be placed on developing conversational skills; grammar and literature will be studied as a means of achieving fluency in Spanish.
Prerequisites: Second year college Spanish or equivalent.
Class size limit: 12.
SPANISH, FOURTH YEAR, Winter and Spring Quarters
Marita Herrera, Adjunct Member of the Faculty (Languages), 352-4903.

Class size limit: None.

Prerequisites: Third year college Spanish or equivalent.

Natural Sciences

BEGINNING MATHEMATICS, Winter Quarter
Dr. George Dimitroff, Member of the Faculty (Mathematics), 866-6701.

Monday, Wednesday, and Thursday, 3:30 - 5 p.m.; Library 1507.

Emphasis will be placed on developing conversational skills; grammar and literature will be studied as a means of achieving fluency in Spanish.

Prerequisites: None.

Class size limit: 12.

CALCULUS I, Winter Quarter
Dr. G. Seigfried Kutter, Member of the Faculty (Astrophysics), 866-1721.

Tuesday and Thursday, 6:30 - 8 p.m.; Lecture Hall Three.

Introduction to differentiation and integration of algebraic, trigonometric, exponential, and logarithmic functions of one independent variable. The emphasis will be on an intuitive and geometric understanding, with many applications selected from physics, biology, analytical geometry, etc.

Prerequisites: Precalculus Math or equivalent.

Class size limit: None.

CATASTROPHE THEORY, Winter Quarter
Dr. Fred Tabbutt, Member of the Faculty (Chemistry), 866-6713.

Wednesday, 7 - 10 p.m.; LAB I 1065.

This theory and the implications it might have as a new paradigm for dealing with bimodal phenomena will be covered.

Prerequisites: Elementary calculus and linear algebra; admission with consent of faculty only. Winter Quarter admission open only to those who've taken Fall Quarter program.

Class size limit: 30.

ENVIRONMENTAL CHEMISTRY, Winter Quarter
Dr. Kaye V. Ladd, Member of the Faculty (Inorganic Chemistry), 866-6337.

Monday, 4:30 - 6:30 p.m., LAB II 2211.

Module will investigate the application of inorganic chemistry to, primarily, aqueous environmental problems covering redox equilibria, complexation, and the interaction between chemical and biological systems.

Prerequisites: One year college chemistry (general inorganic chemistry).

Class size limit: 20.

ENVIRONMENTAL IMPACT STATEMENTS, Winter Quarter
Dr. Carolyn Dobbs, Member of the Faculty (Urban Planning), 866-6342.

Thursday, 6 - 8 p.m., CAB 108.

This module addresses origins, current usage and future of Environmental Impact Statements. We will analyze EIS's, noting strengths, weaknesses in document, and process for making recommendations for change.

Prerequisites: None.

Class size limit: 55.

GENERAL BIOLOGY II, Winter Quarter
Dr. Alfred Wiedemann, Member of the Faculty (Biology), 866-6707.

Lecture, Monday and Wednesday and Thursday, 6 - 7:30 p.m.; Lecture Hall Two; Tutorial, Monday, 10 to 12, or 1 to 3, or 7 to 9; LAB I 2033; plus laboratory six hours per week as arranged in SPLU Lab, LAB II.

Study of plant and animal diversity, classification, structure and function at the basic level.

Prerequisites: General Biology I or permission of instructor.

Class size limit: 24.

INTRODUCTORY BIOSTATISTICS, Winter Quarter
Dr. Steven Herman, Member of the Faculty (Biology), 866-6671.

Wednesday, 7 - 10 p.m.; LAB I 2033.

Introductory Biostatistics will concentrate on measures of central tendencies, probability, graphics, statistical tests, including students' t-test, and chi-square. Participants will also work with examples from student-generated field and laboratory data.

Prerequisites: Basic Biology and mathematics.

Class size limit: 24.

INTRODUCTORY OCEANOGRAPHY, Winter Quarter
Dr. Niels Skov, Member of the Faculty (Oceanography), 866-6633.

Tuesday, 10 a.m.; Lecture Hall Two.

An introduction to physical parameters of the ocean: continental drift, bathymetry, origin of sea water, sediments, salinity, water masses, energy exchange, current, waves, and tides.

Prerequisites: None.

Class size limit: None.

PLANT PHYSIOLOGY, Winter Quarter
Dr. Richard Cellarius, Member of the Faculty (Plant Biology/Biochemistry), 866-6727.

Tuesday and Thursday, 5 - 7 p.m.; lab to be arranged; LAB I 3033.

Lectures and laboratories on plant function: cellular physiology (metabolism, photosynthesis); water relations and materials transport (transpiration, gas exchange, xylem and phloem function, mineral nutrition); growth and development (hormones, germination, dormancy, tropisms, photoperiodism, flowering).

Prerequisites: Foundations of Natural Science or Basic Biology (or Botany) and Chemistry (some knowledge of organic will be helpful).

Class size limit: 24.

SCIENTIFIC WRITING, Winter Quarter
Dr. Steven Herman, Member of the Faculty (Biology), 866-6671.

Tuesday, 7 - 10 p.m., LAB I 2033.

Technical writing for research-oriented students. Techniques of data organization, presentation and style will be studied with emphasis on presentation and brevity. Good and bad examples will be examined and students will receive abundant writing practice.

Prerequisites: None.

Class size limit: 24.

WINTER FIELD BOTANY, Winter Quarter
Dr. Alfred Wiedemann, Member of the Faculty (Biology), 866-6707.

Time and location to be announced. Contact the instructor.

An introduction to the ecology of Puget Sound region. Will require two-hour lecture per week, plus one three-hour afternoon laboratory session, and an additional three hours of laboratory time as arranged.

Prerequisites: None.

Class size limit: 24.

Social Sciences

FAMILY THERAPY, Winter Quarter
Dr. Sam Bradley, Adjunct Member of the Faculty (Director and Clinical Psychologist, Family Counseling Institute), 357-4225.

Thursday, 7 - 10 p.m., Library 1417.

This module will cover basic concepts, theory and skills in family therapy. Included will be readings, discussions and role playing practice.

Prerequisites: Permission of the instructor.

Class size limit: 20.

FUNDAMENTALS OF STATISTICS, Winter Quarter
Dr. Charles Barlow, Member of the Faculty (Philosophy), 866-6113.

Tuesday and Thursday, 3:30 - 5 p.m., LAB I 1065.

An introduction to basic descriptive and inferential statistics, which assumes little in the way of mathematical sophistication. Literacy, rather than applications, stressed.

Prerequisites: None.

Class size limit: 24.

INTRODUCTION TO CRIMINAL JUSTICE SYSTEM, Winter Quarter
Larry King, Adjunct Member of the Faculty (Assistant Attorney General), 866-9553.

Tuesday, 6:30 - 9:30 p.m.; Lecture Hall Four.

Selected topics in environmental law for the non-lawyer will be studied with focus on land use issues and Washington law and institutions. Students will investigate actual environmental controversies.

Prerequisites: Competence in writing desirable.

Class size limit: 30.
**LEGISLATURE & LEGISLATIVE PROCESS, Winter Quarter**

Patrick Feeley, Adjunct Member of the Faculty (attorney), 357-9872.

This program is designed to provide practical experience in the legisla-

tive process. Most of the time will be spent at the Capitol attending

classroom activities. A paper will be required.

**PUBLICITY AND PROMOTION, Winter Quarter**

Ben Wolle, Adjunct Member of the Faculty (Word Processing Center, The Evergreen State College), 866-6370.

Writing for newspapers, radio and television. Assignments include "stag-
ing" events for public impact, raising funds, getting publicity for busi-
nesses and political candidates. "On camera" television experience cov-
ered.

**PUNISHMENT AND REHABILITATION: THE STATE OF THE ARTS**

Ron Hanna, Adjunct Member of the Faculty, 593-4003 (Tacoma).

Thursday, 6:30 - 9:30 p.m., Library 1507.

An in-depth investigation of punishment and rehabilitation in prisons

today by direct experience of prisons, inmates and those responsible at

every level. Selected review of literature.

**INTERMEDIATE ACCOUNTING, Winter and Spring Quarters**

Kenneth Winkley, Adjunct Member of the Faculty (Business Manager, The Evergreen State College), 866-6450.

Wednesday, 6:30 - 9:30 p.m., Library 4003.

This is for students who have completed introductory accounting and

**Coordinated Studies**

**BASIC COORDINATED STUDIES**

Democracy and Tyranny (Humanities)

**INTERMEDIATE COORDINATED STUDIES**

Chautauqua (Arts)

Images (Arts) — Winter and Spring quarters

Intermediate Humanities (Humanities) — Winter and Spring quarters

The Northwest Coast (Social Science)

Resources for Self-Determination (Social Science, Native American Studies)

Russia — USSR (Area Studies, Humanities)

A Woman's Place (Social Studies, Women's Studies)

**ADVANCED COORDINATED STUDIES**

The Roots of Our Romanticism (Humanities, Arts)

Wealth and Power (Social Science) — Winter and Spring quarters

**Note:** Almost all academic work in Evergreen's Coordinated Studies

programs occurs during daytime hours. If your schedule requires that

you attend evening classes, you should look first at Modular Courses,

described elsewhere in this brochure. Several Coordinated Studies

briefly described below, have limited openings for part-time students.

These programs may be of special interest to parents who can only at-
tend classes during daytime hours because they have school-age chil-
dren. If any of these interest you, you may wish to consult the 1976-77

Supplement to the College Bulletin before telephoning the indicated

faculty member or his/her secretary, the Admissions Office (866-6170),
or Academic Advising (866-6312). The Supplement contains detailed

descriptions of Coordinated Studies Programs.

**Democracy and Tyranny (Basic Level), Winter and Spring Quarters**

Thad Curtz, Member of the Faculty (Literature), 866-6098.

This program involves a search for our roots in the past, an attempt to

understand the present, and an analysis of our hopes and fears for the

future by comparing Athens and Rome. Part-time students may ar-
range to attend seminars only or lectures only, along with the assigned

core of reading, or they may elect to read the books and write a formal

paper without attending seminars or lectures.

**Interdisciplinary Education: Evergreen, A Working Example**

Dr. Rudy Martin and Dr. Oscar Soule, Members of the Faculty, 866-

6759 and 866-6761, respectively.

Wednesday, 4 - 6 p.m., Lecture Hall Three.

This module has been designed for people interested in teaching as a

career, people who want to know more about Evergreen and for those

who want to ease the adjustment pressures of attending Evergreen.

**Chautauqua/An Experiment in Learning**

This module provides an overall view of library reference collections so

that you can effectively search for information on any subject that in-

terests you.

**Career and Life Planning, or Where Do I Go From Here With My Life**

Gail Martin and Molly Wright, Adjunct Members of the Faculty (Career Planning and Placement Office, The Evergreen State College), 866-

6193.

Thursday, 6:30 - 9:30 p.m., CAB 110.

This module will offer students the opportunity to develop career plan-

ning and decision-making skills and will teach methods for implement-
ing these decisions as they relate to employment and life planning.

**Contemporary Issues in Language and Thought, Winter and Spring Quarters**

Dr. E. Jackson Webb, Member of the Faculty (English), 866-6464.

Tuesday, 7:30 - 10 p.m., Library 3551.

Multi-disciplinary view incorporating psychological, physiological, so-

ciological and linguistic understandings of language and cognitive

growth, "second languages," culture, communication, meaning. Format

includes brief student presentations, directed discussion, short papers.

**Publicity and Promotion, Winter Quarter**

Dr. Richard Alexander, Member of the Faculty (English, Literature), 866-6597.

This program is designed to provide practical experience in the legisla-
tive process. Most of the time will be spent at the Capitol attending

classroom activities. A paper will be required.

**Other Modules**

**Intermediate Level**, Winter and Spring Quarters

Ron Hanna, Adjunct Member of the Faculty, 593-4003 (Tacoma).

Thursday, 6:30 - 8:30 p.m., Library 1507.

An in-depth investigation of punishment and rehabilitation in prisons

today by direct experience of prisons, inmates and those responsible at

every level. Selected review of literature.

**Prerequisites:** None.

**Class size limit:** 24.

**Intermediate Accounting, Winter and Spring Quarters**

Kenneth Winkley, Adjunct Member of the Faculty (Business Manager, The Evergreen State College), 866-6450.

Wednesday, 6:30 - 9:30 p.m., Library 4003.

This is for students who have completed introductory accounting and

want to continue the study of accounting theory, concepts and prac-
tice. Attention is focused on the use of accounting information as a ba-
sis for decisions by management, stockholders and creditors.

**Prerequisites:** Introductory Accounting.

**Class size limit:** 24.
THE NORTHWEST COAST/STUDIES IN HUMAN SETTLEMENTS AND REGIONAL CHANGE (Intermediate Level), Winter and Spring Quarters

Dr. William Brown, Member of the Faculty (Geography), 866-6651.

This program is designed to give Native American students access to resources (people, on-the-job experience, knowledge, skills) to help students move toward self-determination and self-direction. Prerequisites: Interview with faculty required.

RESOURCES FOR SELF-DETERMINATION: A NATIVE AMERICAN PROGRAM (Intermediate Level), Winter and Spring Quarters

Elizabeth B. Diffendale, Member of the Faculty (Applied Social Science, Planning), 866-6335.

This program is designed to give Native American students access to resources (people, on-the-job experience, knowledge, skills) to help students move toward self-determination and self-direction. Prerequisites: Interview with faculty required.

RUSSIA — USSR (Intermediate Level), Winter and Spring Quarters

Dr. Andrew Haszman, Member of the Faculty (Languages, Russian Studies), 866-6648.

Students in this program will work toward obtaining a comprehensive understanding of the Russia-Soviet civilization and society with emphasis on the pre- and post-revolutionary periods. Prerequisites: Interview with faculty required.

A WOMAN'S PLACE: HISTORICAL PERSPECTIVES ON WOMEN (Intermediate), Winter and Spring Quarters

Stephanie Coontz, Member of the Faculty (History, Women's Studies), 866-6501.

Women's roles and status in various societies, from primitive times to the present will be examined, along with an analysis of their private and public roles, using anthropological, historical and literary evidence. Prerequisites: Basic reading and writing skills; interview with faculty.

Special instructions: Lectures will be on Monday and Wednesday evenings.

ROOTS OF OUR ROMANTICISM (Advanced Level), Winter and Spring Quarters

Dr. Charles Teske, Member of the Faculty (English), 866-6639.

“Roots” involves study of the art and thought of Romanticism as they bear on our own assumptions about art and life: visual art, literature, music and our central ideas. Part-time students may earn one unit by attending program lectures and faculty-fishbowl seminars and reading assignments; they may earn two units by completing all the requirements for one, plus participating in core seminars. To earn three units, students must participate in all program activities, but will not be required to take additional modules.

Prerequisites: Willingness to do careful reading, listening, seeing.

Special instruction: Large group meetings will be held Monday and Tuesday mornings.

WEALTH AND POWER (Advanced Level), Winter and Spring Quarters

Dr. Russell Lidsman, Member of the Faculty (Economics), 866-6663.

This program will offer a study of competing theories on the distribution of wealth, income and power, and an examination of the consequences of inequality and of proposals to alleviate inequality.

Prerequisites: Introduction to political economy or equivalent; interview with faculty required to determine aspects of the program appropriate for part-time study.

GROUP CONTRACTS

WINTER QUARTER GROUP CONTRACTS, 1976-77

Community Advocacy (Social Science, Law)

Human Ways (Social Science, Law)

Marxism: Theory and Practice (Social Science)

Molecular Biology (Natural Science)

The New Non-Fictional Prose (Communications, Humanities)

Religion in the Life of Human Groups (Social Science)

The State in Contemporary Society (Social Science, Administration)

NOTE: Almost all academic work in Evergreen’s Group Contracts occurs during daytime hours. If your schedule requires that you attend evening classes, you should look first at Modular Courses, described elsewhere in this brochure. Several Group Contracts, briefly described below, have limited openings for part-time students. These programs may be of specific interest to parents who can only attend classes during daytime hours because they have school-age children. If any of these interest you, you may wish to consult the 1976-77 Supplement to the College Bulletin before telephoning the indicated faculty member or his/her secretary, the Admissions Office (866-6170), or Academic Advising (866-6312). The Supplement contains detailed descriptions of Group Contracts.

COMMUNITY ADVOCACY, Winter Quarter

Russell Fox, Member of the Faculty (Urban Planning), 866-6657.

Part-time students engaged in community action work may enroll in this program, which will revolve around organizing and advocacy in theory and practice.

Prerequisites: Social action experience or social science academic background.

Special instructions: Program will meet often in late afternoons or early evenings, sometimes in Tacoma.

HUMAN WAYS/STUDIES IN ANTHROPOLOGY AND SOCIOLOGY, Winter and Spring Quarters

Dr. Eric Larson, Member of the Faculty (Anthropology), 866-6757.

Human Ways addresses issues current in sociology and anthropology. Selected problems will be approached from methodological application, theoretical orientation and substantive verification. Part-time students may earn one unit for reading certain materials in sociology and anthropology and meeting once a week with the instructor.

Prerequisites: Interview with faculty required.

MATERIALISM: THEORY AND PRACTICE, Winter and Spring Quarters

Susan Strasser, Member of the Faculty (American History), 866-6050.

Winter Quarter will examine revolutionary strategy. Spring Quarter will examine the relevance of Marx’s economic theory to present realities.

Part-time students may earn one unit of credit by attending evening lectures and accomplishing the designated weekly reading. Students may earn an additional unit for analytical writing.

Prerequisites: Commitment to rigorous analysis.

Special instructions: Bring samples of previous work.

MOLECULAR BIOLOGY, Winter Quarter

Dr. Elizabeth Kutter, Member of the Faculty (Biophysics), 866-6719.

A formal course in biochemistry for students with a strong background in science. Subjects emphasized will include protein and nucleic acid structure, synthesis and intracellular function; intermediary metabolism; and applications to nutrition, immunology, etc.

Prerequisites: Permission of the instructor; significant basic biology and chemistry, knowledge of organic nomenclature.

Special instructions: Lectures will be on Monday and Wednesday evenings.

THE NEW NON-FICTIONAL PROSE, Winter Quarter

Sandra Simon, Member of the Faculty (English Literature), 866-6602.

A study of the aesthetic, rhetorical and stylistic dimensions of non-fictional, narrative prose (sometimes called investigative journalism) and exploration of how this kind of writing has increased the historical and social awareness of the American people.

Prerequisites: Advanced reading and writing skills, ability to handle 600 pages of reading per week; interview with the faculty required.

RELIGION IN THE LIFE OF HUMAN GROUPS, Winter and Spring Quarters

Carol Olexa, Member of the Faculty (Sociology), 866-6634.

The purpose of this program is to identify and analyze alternative strategies in the creation of more humane environments — both within and outside of the city.

Prerequisites: Interview with faculty required.

THE STATE IN CONTEMPORARY SOCIETY, Winter and Spring Quarters

Dr. Margaret Grisbok, Member of the Faculty (Journalism), 866-6656.

This half-time program includes study of local and state government in Washington as well as development of students’ communications and analytical skills.

Prerequisites: Open only to local and state government employees.

Special instructions: Seminars, lectures and other program meetings will be held one evening each week and on Saturday mornings.
A SPECIAL NOTE...

TO THOSE INTERESTED IN COMPLETING A BACHELOR'S DEGREE THROUGH PART-TIME STUDY.

To those students wishing to undertake part-time studies at Evergreen to begin or complete work on a bachelor's degree.

We realize you may need both help and information as you try to arrange a sequence of studies — perhaps unit-by-unit — that will best serve your individual purposes. Those just beginning college have different kinds of 'polices, procedures and programs' questions can be answered in the Office of Admissions, just dial 866-6170 and ask for an Admissions Counselor.

Career Exploration & Placement

Part-time students needing information about career exploration and career planning (for instance, how would a given set of studies relate to a specific career field already being pursued by the student?), coupled with career identification and eventual placement advancement, should telephone Evergreen's Career Planning and Placement Office (866-6192) and talk to one of the staff. They have a lot of information and resources at their fingertips and are happy to help you.

Internship Possibilities

Many Evergreen students, particularly those at advanced levels, combine regular academic studies with practical work experiences, for which they receive academic credit. To receive academic credit, students must be enrolled in either a Coordinated or Group or Individual Contracted Studies program. Thus, most internships are pursued by full-time students. To see how you as a part-time student might participate — now or as you pursue bachelor's studies later — telephone Evergreen's Office of Cooperative Education (866-6391). Final placement paths others at Evergreen have taken toward the bachelor's degree. Even though these are for individual students, the ways in which they arranged their academic experiences are illustrative of how you can do the same...

STUDENT "A" (entered as a freshman from a Washington High School)

First Year:Coordinated Study in natural and social science involving chemistry, physics, biology, research and systems analysis, political science and statistics.

Graduated: Employed as Associate Planner by city sponsoring the internship. Now Director of Planning for the same city.

STUDENT "D" (entered as a freshman from a Washington High School)

First Year: Coordinated Studies in philosophy, mathematics, chemistry, biology, and computer science. Individual studies in science, data structures and processing.

Graduated: Accepted through international competition as one of three new entry-level graduate students in advanced mathematics, kinetics, and computer science.

STUDENT "E" (entered as a freshman from a Washington High School)

First Year: Coordinated Studies in advanced study of political science and literature.

Graduated: Internship as Administrative Assistant in educational organization.

Other Evergreen graduates have found a wide range of jobs in Administration and Management, Communications, Human Services, Education, Environmental Planning, Law and Justice, Business, Government and as entry-level employees in various other professions. Some have started their own businesses and many others have entered graduate or professional schools throughout the country. Because Evergreen's programs are unusually flexible and keyed to the needs of individuals, you, too, may find many opportunities to tailor the kind of academic program that will best fit your career and personal plans. Just call on us. We're happy to work with you and help you chart a course leading to a college degree.

Over the past few years, Evergreen has explored and developed a number of ways through which you can finish your college degree.

We have, in addition to our regular, full-time, programs of study, a considerable variety of part-time day and evening opportunities.

We have a transfer of credit policy which can respond well to very diverse previous college experience.

We have programs to validate for college credit various non-traditional learning experiences which are equivalent to college-level work.

All the above options have demonstrated that we can meet a very wide variety of academic needs for persons wishing to complete their baccalaureate degree.

INFORMATION DAY

We have set up a special Information Day to provide an opportunity to discuss degree completion options more fully. We can talk about what you want to study and modes of study that might best fit your situation.

In other words, we'll be able to help identify your academic needs and help you match them with our current offerings. If the match cannot be made immediately, we might develop an academic program to match the subject matter, the mode of study and the number of other people with the same need.

The date and time for the Information Day is Monday, January 3, 6 to 8 p.m., first floor Library Lobby.

Very likely, you will be able to begin the admissions process and/or actually register during the Information Day program. If the above schedule isn't convenient please call the Registrar (866-6192) to arrange for an appointment.

DEGREE REQUIREMENTS

In order to fulfill requirements for a Bachelor of Arts degree, you must complete the equivalent of a year of full-time study with our faculty. That's really the only specific requirement. You'll likely have an opportunity to study
what fits best with your goals. Faculty will help you identify different directions you might take and realistic goals to work toward.

The flexibility of our study modes adapts to a wide variety of individual needs and situations. These range from classroom instruction to independent study to internships to on-the-job "reverse internships".

FIELDS OF STUDY

Evergreen’s offerings cover a wide variety of fields in the sciences, social sciences, humanities and arts, and management. The college especially emphasizes interdisciplinary work involving several related subject areas.

In addition to the offerings described in detail in the Catalog Supplement we will have available in Winter quarter of 1977 special individualized study opportunities (part-time and full-time) in the academic areas listed below.

Individualized options are set up by negotiation with a faculty member in the appropriate field. Priority is normally given to students who are prepared by previous college training to do advanced work.

Anthropology
Art/Minority Studies
Applied Sciences
Applied Sci/Technology
Applied Behavioral Science
Biology
Dance
Economics
Environmental Design
English
English & Literature
Geography
Geology
History
History/Education
History & Women's Studies
Human Biology/Medicine
International Relations
Inorganic Chemistry
Literature/American Studies
Literature
Literature & Language
Mathematics
Music
Management & Computer Science
Philosophy
Psychology
Political Science
Sociology
Theater Arts
Urban Planning

CREDIT FOR PRIOR LEARNING

There are two sources of possible credit for prior learning: College Level Examination Program — External Credit.

The College Level Examination Program (CLEP) offers examinations in general areas as well as specific subject areas. These examinations can be taken at Evergreen. External Credit allows you to identify what you have learned by means of a comprehensive proposal for credit. Assistance in preparing your document is available. The proposal is evaluated by a committee of faculty, staff and students. Up to one year of credit may be earned by this process.

CREDIT FOR PREVIOUS STUDY

Transfer credit from accredited colleges in the states which is "C" or better is acceptable for transfer (except dogmatic theology and physical education service courses).

Transfer credit from two-year colleges is limited to the equivalent of two years of full-time study for liberal arts parallel programs. Other problems (i.e. Associate in Technical Arts) have limitations which are too extensive to detail here, but a new "Upside Down Degree" (first two years in specialty, last two years in general education) option has been added which will result in full credit if requirements are met. More information on this is available from the Registrar.

Transfer credit for military training is routinely awarded according to the Guide to the Evaluation of Educational Experience in the Armed Services.

Credit for other certificated learning experiences is evaluated on a case-by-case basis by the Registrar.

HUMAN RIGHTS POLICY

EQUAL OPPORTUNITY POLICY AND AFFIRMATIVE ACTION PROGRAM

The Equal Opportunity Policy of The Evergreen State College requires that its faculty, administration, staff, students, and persons who develop programs at the college; and all contractors, individuals and organizations who do business with the college; comply with the letter and spirit of all federal, state, and local equal employment opportunity statutes and regulations.

The college expressly prohibits discrimination against any person on the basis of race, sex, age, religion, national origin, or physical disability (except where physical disability is a bona fide occupational qualification). All decisions on employment and promotion must utilize only valid job-related requirements.

The college requires that all personnel actions such as compensation, benefits, transfers, layoffs, return from layoff, college-sponsored training, education, tuition assistance, social and recreational programs; and that all student recruiting and admissions, student services (such as financial aid, placement, counseling, housing, student activities, physical recreation), and facilities usage, be administered without discrimination based on race, sex, age, religion, national origin, or physical disability (except where physical disability is a bona fide occupational qualification).

The Evergreen State College is committed to an affirmative action program — a goal-oriented program through which it makes specific additional efforts to recruit, hire, train and promote non-whites and women; and to recruit, admit and educate non-white and women students. The affirmative action program is designed to overcome and prevent the effects of systemic institutional discrimination and benign neutrality in employment and educational practices. The college will take affirmative action to solicit bids on goods and services contracts from non-white and women vendors and contractors.

The college's Affirmative Action Office has responsibility for preparing the college's affirmative action programs, including procedures for reporting and monitoring. Each employee's support and implementation of this policy will be evaluated during employee performance evaluations.
