SUBJECT: Director of Facilities appointment

I truly appreciate the very careful and professional activity you performed for me and for Evergreen in your handling of the screening of candidates for the position of Director of Facilities. You did an outstanding job, and I'm grateful. You no doubt know that responses to the interviews were bimodal: first preferences for Ray Varley or Norm Johnson (either of whom would fit the job well, but both of whom had some serious drawbacks).

After a weekend of pondering, I have elected not to offer the position to any of the candidates. Instead, I am extremely pleased to announce that Bob Strecker is willing to remain in the position on a permanent basis.

To assist Bob, we will create the post of Assistant Director of Facilities. We have, on a temporary basis, appointed Dan Weiss to that position, and will soon start procedures to select a permanent person for that slot.

I'm personally elated by the results of this process. Bob has done, and will continue to do, a great job, and Dan's joining him will create a really fine team.
