I work at the Olympia center and one of my customers came by and the subject came up about upcoming events and he said he had heard Super Saturday had been canceled because of all of the security issues from the Prez concert. He goes to South Puget Sound College and he should be by again on Tuesday. I'll ask him just how he heard about this rumor for I wen to Evergreen's web site soon after he left and found no evidence that Super Saturday was cancelled. Weird how rumors start. I'll let you know where he heard this rumor and I'll be sure to tell him SS is not cancelled.

Thanks for emailing me back and setting the record straight.
