

## **Clean Energy Committee Meeting February 9, 2016 Tuesday 4PM**

Members Present: Yesha Maggi, Rhianna Hruska, Jonas Upman, Anna Rhoads, Stephen D'Annibale, and Alexis Cariello

Joe Anderson (RAD Sustainability Crew Lead (Staff)):

-Bill Kinter from Aramark is interested in having a standing two door freezer in Kinter's office in order to reduce food waste from the Greenery

-Annie Sloan will be submitting the application to CEC

-Annie is Aramark's Sustainability Intern

-Aramark was considering paying the Thurston County Food Bank for one of the freezers that they will purchase during a bulk order through the federal surplus program

-Joe is wondering if this is the type of project that CEC will fund

-CEC recommends finding an energy-efficient freezer

-Joe can send potential models to [cleanenergy@evergreen.edu](mailto:cleanenergy@evergreen.edu)

-budget number for the pH data logger is being created by Business Services  
CEC:

-reassess our mission statement

-why and how we are doing what we are

-potential summer stipend position to work on CEC re-organization

-email Alexis anytime for any training needed in order to better complete our jobs

-new CEERA application will be created by Yesha by Week 8

-Academic Fair is Wednesday March 2, 2016 from 4-6PM

-CEC can talk with faculty about CEERA

-could go to the Week 9 Resident Assistant community meetings

-website needs to be updated with current projects and minutes

-could have a spotlight page
