

*Student Originated Software***OO Analysis & Design (OOAD) Case Study Assignment 1**

Fall 2001

Due Wednesday, Sept. 26

To complete your project assignment for EU-Lease, follow the same Steps that you were given for the EU-Bid Workshop, but using the appropriate sources for EU-Lease, as noted.

Note: this first assignment also calls for your team to organize the "project notebook" for your *EU-Lease* project work.

Steps**(1) Understand the business background of EU-Rent.**

(unchanged)

(2) Understand the specific problem that will be addressed and the proposed system solution.

Read the narrative ("*The Vehicle Leasing Problem*") that describes the proposed new business activity that has been identified by the EU-Rent project sponsors and that your project team has been asked to address.

(3) Document the vision for the proposed new system as a "Statement of Scope and Objectives."

Using the template form provided, complete the *Statement of Scope and Objectives* for the proposed new *EU-Lease* system.
