

*Student Originated Software – Fall 2001*  
**Weekly Assignment – week FOUR**

**Note:** OOAD Mid term exam for Wednesday

---

**Monday:**

OOP Read Budd, Chapters 8, 9, 13 by Monday. There will also be a very short, 15-minute short answer quiz Monday 10/22 (in class), but the OOP mid term is rescheduled for Wednesday of Week 6 (October 31). There will be a take home programming problem (to be done individually) due Thursday of that week, at 5pm. You will have Monday and Tuesday of week 6 to refine your programming assignments to date.

**Tuesday:**

Seminar Read *Mythical Man Month* Chapters 1 – 15. No writing assignment. Instead we will have you write responses to a few questions about the reading at the beginning of seminar.

**Wednesday:**

OOAD \* \* \* Mid-term EXAM.

OOP Read AGH Chapters 4 (for those students in need of additional challenge). Others should be using AGH (or other Java language book) as a reference when Budd does not give adequate detail.

**Thursday:**

OOP \* \* \* Programming assignment 4 – Budd, Ch. 8, 9, 13  
Ch. 9 (Solitaire), p 137, Ex. 1, 2 a and 2b.  
Ch. 13 (the AWT), p. 232 Ex 1, 2.  
(those looking for additional challenge, work on 3, 4).  
due at 2:30 pm.

OOAD \* \* \* Case Study Assignment 4 – Detailed Use Case; due at 2:30 pm.
