**Summary of Dawkins, Harris or Hitchens**

Write a list or a paragraph in which you summarize (1) the overall thesis of the book, and (2) the main point of each chapter. You may include direct quotes or paraphrase, whatever makes most sense as a way to represent the thesis and the main points. Make sure that each is stated as a complete sentence. Provide citations for each sentence to direct the reader either to actual quotations or to the text which you are paraphrasing.
