

End-of-Quarter Self-Check

One of Evergreen's Foci of Learning is "Personal Engagement" and one of the Expectations of an Evergreen Graduate is to "Articulate and assume responsibility for your own work". With these in mind, we provide you with a checklist to consider your completion of assignments since the Mid-Quarter Self-Check. You'll also find a checklist associated with program activities. Thoughtful completion of this self-check may provide more material for your end-of-quarter reflections on your progress. You are invited to include this in your portfolio along with your Mid-Quarter Self-Check.
