

REVISED Final Essay Assignment
The Classical World
Spring 2010
Tom Rainey and Stephen Beck, faculty

Below is a revised topic for your third 5-page essay. As before, your essay is to be organized around your thesis on the topic. To support your thesis, you will need to marshal evidence from the appropriate program texts as well as from lectures. Your papers must include proper in-text citations as well as a Works Cited list at the end.

Due June 1: Virtues of a Roman citizen. Compare Greek conceptions of aretê and Roman conceptions of virtue. Focus your thesis either on a central similarity or on a central difference. To support your thesis, draw upon some of the following texts: *Odyssey*, *Aeneid*, *Nicomachean Ethics*, *On Obligations*. You may, of course, draw upon other program texts in addition to (not instead of) those listed above.
